# 5-hour™ TEA

The makers of 5-hour ENERGY® are excited to announce the release of 5-hour™ TEA. This new line of energy shots is unique in that they are caffeinated and flavored with real green tea. The first flavor in this new line, to be previewed at NACS 2017, is Peach Tea.

The purpose of 5-hour™ TEA is to introduce the 5-hour ENERGY® brand to people who have not yet tried it, or reintroduce it to lapsed users. It is hoped the “naturally caffeinated” aspect of the product will make consumers comfortable with the product and its ingredients.

## **ABOUT 5-hour™ TEA**

- Naturally caffeinated and flavored with real green tea. No synthetic caffeine.
- Same size (1.93 ounces), caffeine content (200mg) and vitamin content as original 5-hour ENERGY®
- First flavor released (Fall 2017) is Peach Tea. More flavors are being planned.
- New label design reflects its position as a naturally-caffeinated product, and differentiates the product for the regular 5-hour ENERGY® line.
- Target Demographic: Consumers who have never tried 5-hour ENERGY®, or are lapsed users.
- Being unveiled Fall 2017.
