BENJAMIN

"Benjamin is strengthening our hunting heritage by expanding opportunities for everyone through advanced product design. Safer to use, easier to shoot and incredibly effective, Benjamin air power represents the cutting edge of American innovation."

- Jim Shockey  
WORLD FAMOUS HUNTING OUTFITTER

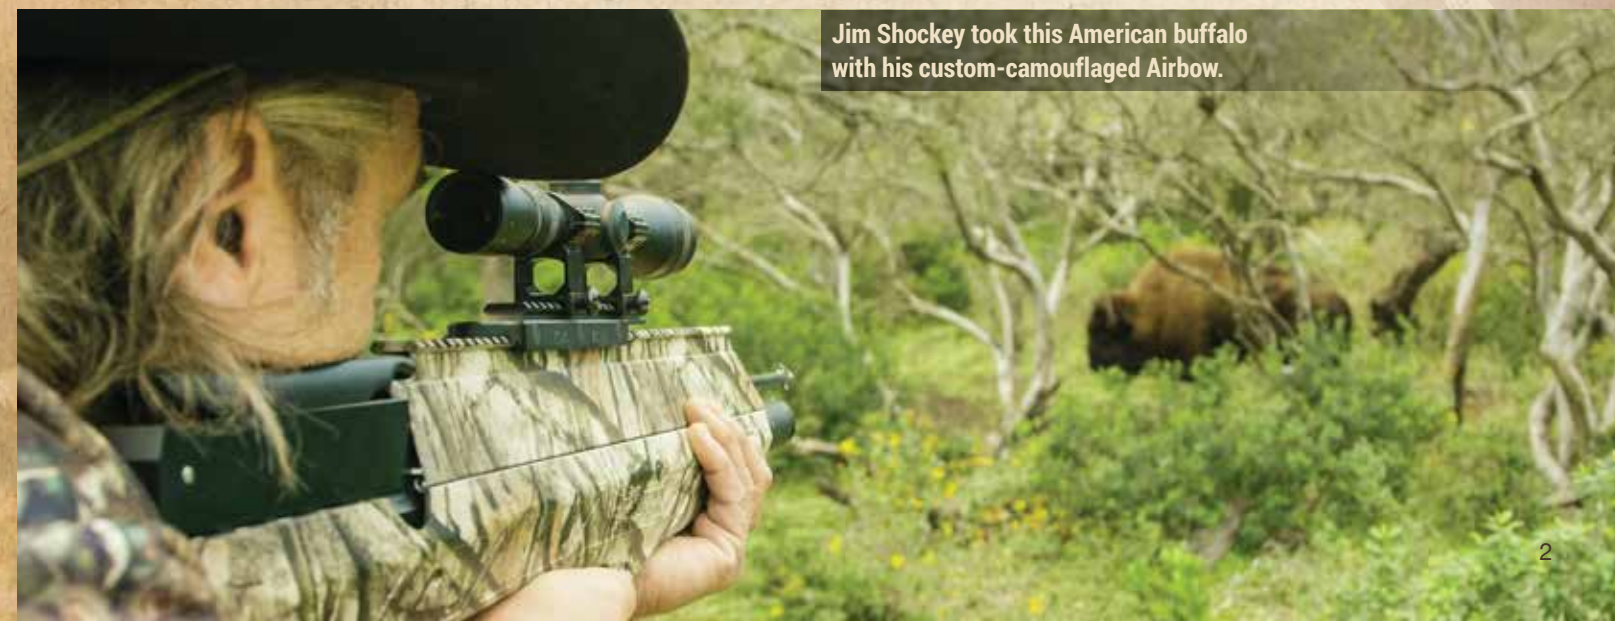

The Pioneer Airbow® was introduced in 2016 as a revolutionary new big game weapon. Since then, it's been a subject of fierce debate. Is it a crossbow? Is it a rifle? What season should it be allowed in, if any?

One thing is clear: anyone who experiences the Pioneer Airbow™ firsthand becomes an instant believer in its capability. The Pioneer fires full length arrows and full weight broadheads at a blazing 450 fps, exceeding the knockdown power of standard crossbows. And for hunters who find the draw weight of a crossbow challenging or impossible, the Pioneer can be cocked with two fingers (and decocked just as easily).

The Pioneer enhances everything enthusiasts enjoy about archery hunting while making the sport safer and more accessible. And the Crosman Corporation (parent company of Benjamin Hunting) is committed to ensure that a portion of sales generated by the Pioneer goes towards *Pittman Robertson* funds, creating more opportunities for conservation efforts, hunter's education and shooting projects and programs for all hunters.

So this year, try hunting with a Pioneer Airbow from Benjamin... because your success shouldn't depend on how heavy a string you can pull.

For more information on the Pioneer Airbow, including an up-to-date-map of state regulations, visit [www.crosman.com/airbow](http://www.crosman.com/airbow)

Jim Shockey took this American buffalo with his custom-camouflaged Airbow.

Anyone, regardless of size or strength, can handle the Pioneer. With no cocking rope to lose or tangle, the Pioneer is easily operated by an ambidextrous cocking bolt, making it especially safe for treestand use.

The CenterPoint® 6x40 mm scope was specially designed with the Airbow in mind. The adjustable objective provides parallax settings from 5 yards out and the custom **MTAG** reticle provides aiming points out to 75 yds. A canted Picatinny base provides 20 MOA of additional adjustment.

The Pioneer Airbow is powered by 3000 psi of compressed air. An integrated pressure regulator delivers 8 shots at a consistent 450 fps and the convenient fill nipple makes refilling quick and easy.

The Pioneer comes with a quiver that mounts directly to the Picatinny rail for conveniently carrying the three included arrows. It features a quick-detach mechanism, secure grippers and a hood that accommodates fixed or mechanical broadheads.

### Where Can I Use the Airbow?

The Pioneer Airbow® is legal to own and target shoot in all states. A majority of states allow the use of the Airbow for hunting certain animals in certain seasons. Visit [benjaminairbows.com](http://benjaminairbows.com) and check out our interactive map to find states where it is legal to hunt with the Airbow (as always, hunters should confirm their state and local regulations before they hunt with the Airbow).

Because of all of the interest in the Airbow since its launch, states around the country are looking into expanding hunting opportunities for Airbow users. We here at Crosman are actively working to spread the word by providing product information, demonstrations, and other support.

If you want to expand Airbow hunting in your state, please visit [benjaminairbows.com](http://benjaminairbows.com) to download an information packet and/or contact Spencer Cook, Consumer Affairs & Legal, ([scook@crosm.com](mailto:scook@crosm.com)) to discuss potential support for any meetings or product demonstrations.

### PIONEER

#### Pre-Charged Pneumatic (PCP) Airbow

- Powered by 3000 psi of compressed air
  - Integrated pressure regulator delivers 8 consistent shots at 450 fps
  - Free floating barrel with patent-pending stabilizing system ensures precision accuracy
  - Bullpup configuration, short 33.5" overall length
  - Ambidextrous top cocking bolt
  - Includes three custom arrows with field tips, 6x40 mm scope, 20 MOA base, sling and quiver
- Model BABPNBX 375 gr. arrow, 450 fps, 168 fpe  
 Model BABPNBX-R (retail box) 375 gr. arrow, 450 fps, 168 fpe

BONUS: REALTREE® XTRA camo decals included

### AIRBOW® 250 ARROWS - 6PK

- 375 Grain, High Performance Arrows
- 100% carbon fiber
  - Nano ceramic Victory ICE™ coating for increased speed, greater penetration and easier retrieval
  - Tight weight and straightness tolerances
  - Unique spine alignment increases accuracy and grouping
  - Helical vanes; 100% hand fletched
  - Includes six 100 grain field tips
- Model AB6PKA 250 spine

### HIGH PRESSURE HAND PUMP

- 3 Stage High Pressure Pump
- 3500 psi
- Model HPP2KU
- 
- ### 90 CUBIC INCH CHARGING SYSTEM CYLINDER
- 4500 psi
  - Portable 15" length
  - Provides from 7-25 fills
  - Weighs less than 5 lbs.
  - DOT certified
- Model 81001  
 Model 81001-R (retail box)

# BULLDOG .357

Stepping into a BULLDOG .357 means stepping out of the traditional world of airguns. Go beyond garden pests and into the realm of predator hunting and wild hogs, whitetail wall hangers and African plains game. Take the leash off what's possible and hunt with a BULLDOG.

Baffle-less  
**SOUNDTRAP™** shroud  
for big bore sound  
suppression

- .357 cal., 800 fps, 200 fpe
- Bullpup configuration, short 36" overall length
- 26 inches of Picatinny rail
- 10 shots per fill

Model BPBD3SRT (REALTREE® XTRA camo)

Model BPBD3S (Stealth Black)

Side lever bolt is reversible for left hand shooters

Intuitive, easy to load 5 shot magazine

Includes:  
Six NOSLER EXTREME™ bullets,  
Cleaning rod, six Bore-tips®  
and lubricant

"The Bulldog performed flawlessly on my safari in South Africa. We were successful on several species, all with a single shot and none requiring a track of more than 70 yards. The Bulldog is an amazingly compact, powerful weapon and surprisingly affordable."

- IAN HARFORD,  
PROFESSIONAL HUNTER  
AND CO-HOST OF WILD TV

## BULLDOG VALUE PACKS

- Bulldog .357 rifle
- CenterPoint® 4-16x56 mm scope with rings and covers
- Custom embroidered tactical rifle case, padded, with large exterior pocket and padded removable shoulder strap
- Premium rifle sling
- Bipod with telescoping legs
- Box of Nosler® Ballistic Tip eXTREME 145 grain airgun ammunition

Model BPBD3KC (REALTREE® XTRA camo)

Model BPBD3KA (Stealth Black)

## BENJAMIN® by Nosler®

### BENJAMIN® EXTREME™ .357 CALIBER BULLETS

.357 Caliber, Ballistic Tip®, High Performance Airgun Hunting Bullet

The Benjamin eXTREME bullet is the first airgun bullet to incorporate Nosler's famous Ballistic Tip technology. Engineered by Nosler®, these unique, big bore airgun bullets perform predictably and with deep penetrating, terminal performance. Positioned in the mouth of the lead bullet is Nosler's red polymer tip, designed to resist deformation and increase downrange terminal velocities. The eXTREME bullet features a hollow base design that allows for precise control in the barrel. 25 per box.

Caliber: .357, Weight: 145 grain, Ballistic Coefficient: .176, Sectional Density: .162

Model BPN357

**WARNING LEAD PELLETS:** CONTAINS A CHEMICAL KNOWN TO THE STATE OF CALIFORNIA TO CAUSE CANCER AND BIRTH DEFECTS (OR OTHER REPRODUCTIVE HARM). DO NOT INHALE DUST OR PUT PELLETS IN MOUTH. WASH HANDS AFTER HANDLING.

\* Made in the USA with globally sourced components.

\* Made in the USA with globally sourced components. fps (feet per second) calculated with lead pellets | fpe (foot pounds of energy) calculated with lead pellets

# MAXIMUS

Maximus puts a proven hunting platform within reach while delivering impressive performance. With an ergonomic synthetic stock, smooth bolt action and an easy filling 2000 PSI reservoir, the Maximus is a great introduction to the world of pre-charged pneumatics.

Steel breech

Fiber optic sighting system includes micro-adjustable Williams™ rear sight and fixed front sight

Protected fill nipple

2000 psi pressure gauge

### PCP Single Shot Bolt Action Rifle

- Rifled barrel
- Steel breech
- All-weather synthetic stock
- 2000 PSI pressure gauge
- Up to 30 effective shots per fill
- Fiber optic rear and front sights

**Model BPM22B-N** .22 cal., 850 fps, 23.5 fpe

**Model BPM77B-N** .177 cal., 1000 fps, 18 fpe

### PCP Single Shot Bolt Action Rifle With Scope

- This version replaces sights with a 6x40 scope.

**Model BPM22BNSX** .22 cal., 850 fps, 23.5 fpe

### The Maximus Kit

Includes a .22 cal Maximus rifle with fiber optic sights, a high pressure hand pump, a spinning metal target, 400 Piranha™ pellets, and shooting glasses.

**Model BPM22GPK**

# WILDFIRE™

Move pellets faster than a prairie blaze with the NEW semi-auto PCP rifle. Delivering up to an incredible 60 shots per 2000 PSI fill and shooting as fast as you can pull the trigger, backyard shooting will never be the same. Includes a 12-shot rotary clip, rifled steel barrel, an adjustable rear sight and fiber optic front sight.

Dovetail mounting rail

Fully adjustable rear sight

Fiber optic front sight

Protected fill nipple

2000 psi pressure gauge

### Semi-Automatic PCP Air Rifle

- Rifled steel barrel
- 2000 PSI pressure gauge
- Up to 60 effective shots per fill
- No recoil

**Model BPWF17** .177 cal., 800 fps

12 shot semi-auto rotary clip with drop-down cartridge (Pellets not included)

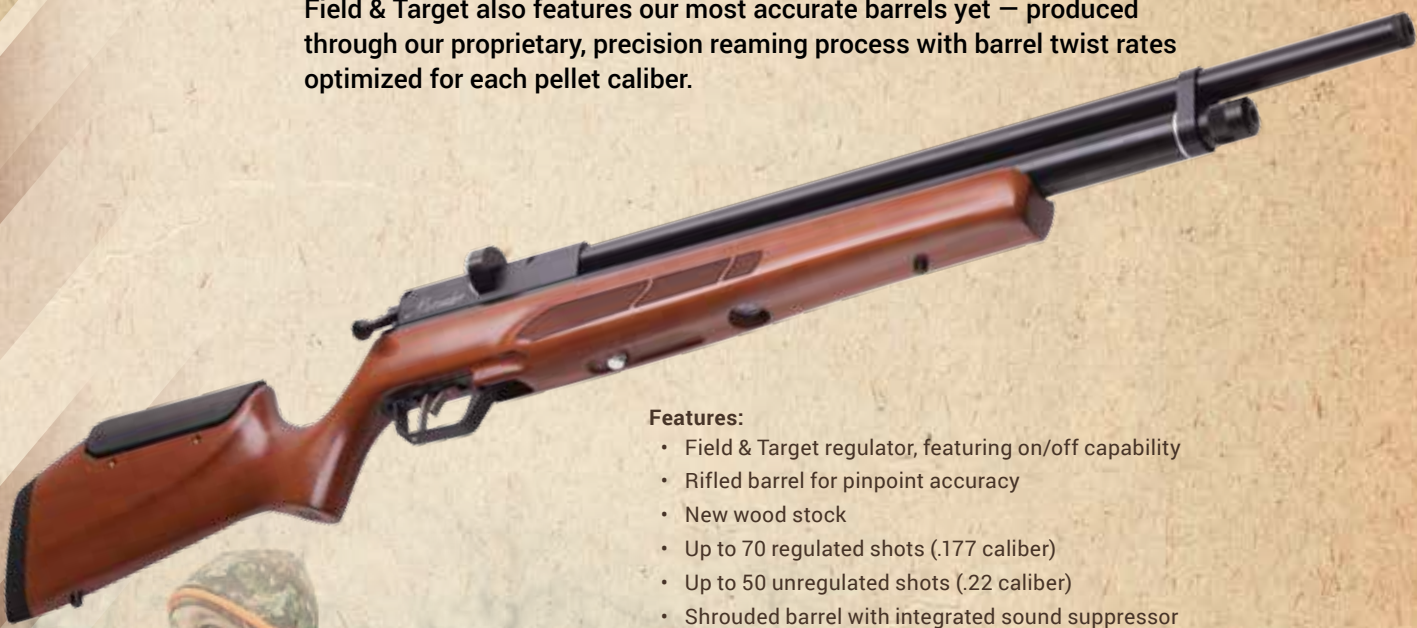

# Marauder®

## new! FIELD & TARGET EDITION

**America's favorite PCP air rifle – now more versatile and accurate than ever**

Introducing the newest addition to the Benjamin Marauder family: the Marauder Field & Target, the ultimate out of the box, competition ready PCP air rifle that is as much at home in the field as it is at the target bench.

The Marauder Field & Target edition features an adjustable, quick change regulator which allows users to simply turn a dial to choose between the target setting for maximum shot count and shot to shot consistency, or the field setting for maximum downrange energy on the hunt. The Marauder Field & Target also features our most accurate barrels yet – produced through our proprietary, precision reaming process with barrel twist rates optimized for each pellet caliber.

**Features:**

- Field & Target regulator, featuring on/off capability
  - Rifled barrel for pinpoint accuracy
  - New wood stock
  - Up to 70 regulated shots (.177 caliber)
  - Up to 50 unregulated shots (.22 caliber)
  - Shrouded barrel with integrated sound suppressor
  - Adjustable, raised comb cheek piece
  - Reservoir pressure gauge
  - Reversible bolt handle for left hand shooting
  - Optimized trigger positioning
  - Rotary magazine holds 10 shots
  - 3000 psi
- Model BP2264RW** .22 cal., (regulated/unregulated) 750 fps/1000 fps, 32 fpe  
**Model BP1764RW** .177 cal., (regulated/unregulated) 800 fps/1100 fps, 21 fpe

# Marauder®

Benjamin® Marauder Airguns have become the go-to rifles for predator and small game hunters. Game as large as turkeys, fox, feral hogs, and coyotes are no match for the Marauder's relentless accuracy and quiet power. The Marauder is available in all-weather synthetic and classic wood stock versions.

The Marauder has been voted the #1 favorite airgun by readers of *Predator Xtreme* and *Game & Fish Sportsman* magazine.

**Features:**

- Rifled barrel for pinpoint accuracy
- Up to 32 effective shots per fill (up to 16 with .25 caliber)
- Shrouded barrel with integrated sound suppression
- Adjustable, raised comb cheek piece
- Reversible bolt handle
- Balanced stock
- Optimized trigger positioning

- Model BP2564W** .25 cal., 900 fps, 50 fpe (wood)  
**Model BP2264W** .22 cal., 1000 fps, 32 fpe (wood)  
**Model BP1764W** .177 cal., 1100 fps, 21 fpe (wood)  
**Model BP2564S** .25 cal., 900 fps, 50 fpe (synthetic)  
**Model BP2264S** .22 cal., 1000 fps, 32 fpe (synthetic)  
**Model BP1764S** .177 cal., 1100 fps, 21 fpe (synthetic)

# Marauder<sup>®</sup> PISTOLS

The Marauder Woods Walker™ pistol unleashes magnum power in a package small enough to fit in your pack. It has the authority to take small game and varmints, and if you need it, this repeater is ready for a precise follow-up shot.

## MARAUDER WOODS WALKER™ PISTOL PCP Multi-Shot, Bolt Action Pistol In REALTREE® AP Camo

- Shrouded barrel with integrated sound suppression
- 8-shot rotary magazine
- Two-stage adjustable trigger
- Shoulder stock included
- CenterPoint Multi-Tac Quick Aim Sight allows for fast target acquisition

Model BP2220-AP .22 cal., 700 fps, 16 fpe

## MARAUDER PISTOL PCP Multi-Shot, Bolt Action Pistol

- Shrouded barrel with integrated sound suppression
- 8-shot rotary magazine
- Two-stage adjustable trigger
- Shoulder stock included

Model BP2220 .22 cal., 700 fps, 16 fpe

# ARMADA<sup>®</sup>

## THE WORLD'S PREMIER AR-COMPATIBLE AIRGUN

- Modular, versatile design
- Compatible with Mil-Spec AR-15 grips and stocks
- Machined receiver featuring 5 inches of Picatinny rail space
- Up to 32 consistent shots per fill
- Bolt action is reversible
- Integrated sound suppression
- 10-round magazine (8 rounds for .25 caliber)
- Rifled barrel, choked and shrouded
- Kit versions include CenterPoint® 4-16x56 mm scope and bipod with telescoping legs

Model BTAP25 .25 cal., 900 fps, 50 fpe (gun only)

Features a quick connect fitting for filling your PCP gun from a scuba tank with DIN-style valve.

**Model FAH004**

**ADAPTER FOR BENJAMIN PCP CHARGE SYSTEM**

Intended for all tanks having a 300-DIN female fitting. The adapter has a (male) Foster fitting nipple for connecting to the fill station and a 300-DIN (male) adapter that connects to the model 81001 and 81002 Benjamin PCP Charging System.

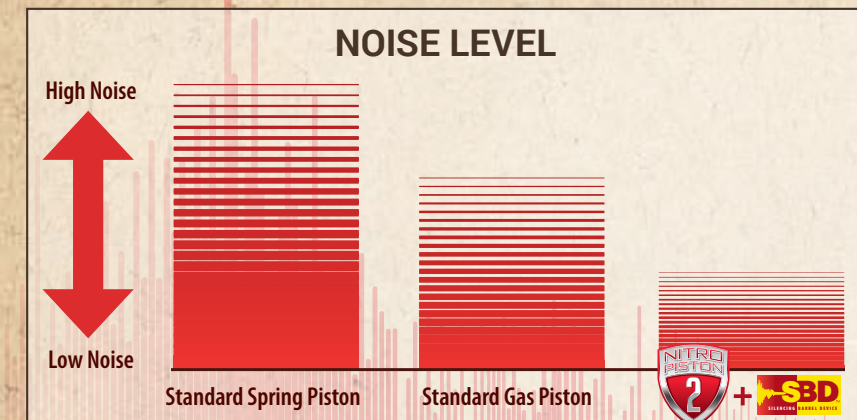

**Model FAH007**

## QUIETEST IN ITS CLASS

When airguns fire, the rapid expansion of the compressed air causes noise. SBD technology works by creating a system to contain the expansion of the gas.

Our new, patent pending SBD sound suppression technology makes our break barrels as silent as they are deadly. The new Stealth line of break barrels are up to 3x quieter than a conventional air rifle.

The unique geometry of our monolithic baffle design maximizes volume for the expansion of the gas, allowing energy to dissipate efficiently.

The **SBD** employs an asymmetrical barrel design that allows an oversize baffle and chamber below the axis of the bore, optimizing volume for noise reduction through gas expansion without obscuring the shooter's line of sight.

Baffles are encased in a sealed shroud that provides additional dampening of the sound.

Nitro Piston® 2 technology delivers the finest break barrel shooting experience. Patent pending Tail Guides eliminate metal-to-metal contact of the piston within the receiver and Recoil Arrest virtually eliminates secondary recoil. The result is more power, more speed and better accuracy.

Every Nitro Piston 2 rifle includes the Clean Break Trigger™  for a predictable, clean break to keep you on target

Only Crosman can build Nitro Piston 2 guns and we're doing it right here in America.

**new! ROGUE® STEALTH**

**NP2 Powered Break Barrel Air Rifle**

- SBD market leading sound suppression

Nitro Piston® technology is the standard-bearer for gas piston systems due to its revolutionary design and exceptional vibration and noise reduction. The Nitro Piston is a nitrogen-filled gas ram that replaces the traditional coiled steel spring, eliminating the torque produced by those antiquated power systems and their secondary recoil. The result is a powerplant that's 70% quieter and incredibly accurate.

**new!** TRAIL NP® MARK II PISTOL

**Nitro Piston Powered Break Barrel Air Pistol**

Allows the mounting of 3/8" dovetail rings on models 2240, 1377C, 1322, PC77, P1377, P1377BR and P1322 airguns.

Model 459MTC

**.177 CALIBER PELLET LOADER**

Holds 16 pellets. Quickly and easily loads pellet into tight breeches. Fits in your pocket. Easy to use.

Model PL177

**RED DOT SIGHT**

This red dot sight includes easy-to-use finger adjustments and a large lens for increased field of vision. Battery included.

Model 0290RD

**CLASS 2 RED LASER**

- Compact, low profile
- Projects red beam for fast and accurate target acquisition
- Mounts easily to pistols
- Integrated Picatinny mount

Model 71599

**PELLGUNOIL®**

This 1/4 ounce tube of special formulated oil is used with pneumatic or CO<sub>2</sub> powered airguns.

Model 0241

**SILICONE CHAMBER OIL**

Specifically created for Spring, Nitro Piston, Nitro Piston 2 and Pre-charged Pneumatic (PCP) powered airguns.

Model RMC0IL

**COPPER MAGNUM DOMED**

Maximum accuracy. Cleaner handling. Improved rifling engagement, resulting in better accuracy. Reduction in deformation.

Model CPD77 .177 cal., 10.6 gr., 200 ct.  
Model CPD22 .22 cal., 15.9 gr., 150 ct.

**DESTROYER**

Pointed expanding hunting pellet.

Model DS177 .177 cal., 7.4 gr., 250 ct.  
Model DES22 .22 cal., 14.3 gr., 175 ct.

**DOMED**

Hunting and target pellet with the most down-range energy.

Model LUM77 .177 cal., 10.5 gr., 500 ct.  
Model LDP22 .22 cal., 14.3 gr., 500 ct.  
Model 177HB .177 cal., 10.5 gr., 1250 ct.  
Model 177DB .177 cal., 7.9 gr., 1250 ct.

**GOLD TIPPED**

Premium pellet with exceptional penetration at long range. Expands on impact for anchoring game.

Model GTP77 .177 cal., 8.9 gr., 200 ct.  
Model GTP22 .22 cal., 17.4 gr., 150 ct.

**SUPER POINT**

Hunting and plinking pellet.

Model LSP77 .177 cal., 7.9 gr., 500 ct.

**POINTED**

Hunting and plinking pellet.

Model P177 .177 cal., 7.4 gr., 250 ct.  
Model 7-P577 .177 cal., 7.4 gr., 250 ct.  
Model P1250 .177 cal., 7.4 gr., 1250 ct.  
Model P022 .22 cal., 14.3 gr., 175 ct.

**PIRANHA™ HOLLOW POINT**

The Piranha is optimized to deliver the penetration properties of a domed pellet with the expansion ability of a hollowpoint. Patent Pending Design.

Model LPPH7 .177 cal., 10.5 gr., 400 ct.  
Model LPPH2 .22 cal., 14.3 gr., 400 ct.

**HOLLOW POINT**

Hunting, target and plinking pellet.

Model LHP77 .177 cal., 7.9 gr., 500 ct.  
Model LHP22 .22 cal., 14.3 gr., 500 ct.

**WADCUTTER**

Competition, target and plinking pellet.

Model 6177 .177 cal., 7.4 gr., 250 ct.  
Model 71250 .177 cal., 7.4 gr., 1250 ct.  
Model LM77 .177 cal., 7.9 gr., 500 ct. (Match Grade)

**POWERSHOT™ FAST FLIGHT PENETRATORS**

Ultra high velocity, lead-free, environmentally-friendly pellets.

Model LF1754 .177 cal., 5.4 gr., 150 ct.

**POWERSHOT™ GOLD FLIGHT PENETRATORS**

Ultra high velocity, lead-free, environmentally-friendly pellets.

Model LF1785 .177 cal., 8.5 gr., 125 ct.

**POWERSHOT™ RED FLIGHT PENETRATORS**

Ultra high velocity, lead-free, environmentally-friendly pellets.

Model LF22167 .22 cal., 16.7 gr., 100 ct.

**COPPERHEAD®**

**Copper-Coated BBs**

The market's *only* copper-coated steel BBs. Sold in a resealable plastic bottle with an easy-pour spout.

Model 0737 5.3 gr., 1500 ct.  
Model 0747 5.3 gr., 2500 ct.  
Model 0767 5.3 gr., 6000 ct.

**POWERLET® 12 g CO<sub>2</sub> CARTRIDGES**

How fast can you shoot? CO<sub>2</sub> power allows you to shoot in rapid succession without the need to manually pump between shots. Pioneered by Crosman in the 1930s, the Powerlet® CO<sub>2</sub> cartridge opens up a world of fun.

Model 231B 5 ct.  
Model C2315 15 ct.  
Model 2311 25 ct.  
Model 23140 40 ct.  
Model 2318 500 ct.

**WARNING LEAD PELLETS:** CONTAINS A CHEMICAL KNOWN TO THE STATE OF CALIFORNIA TO CAUSE CANCER AND BIRTH DEFECTS (OR OTHER REPRODUCTIVE HARM). DO NOT INHALE DUST OR PUT PELLETS IN MOUTH. WASH HANDS AFTER HANDLING.

All pellets made in the USA with some globally sourced components, except Gold tipped and PowerShot™

\*Made in the USA with some globally sourced components.

# SPECTRUM

## FIRST FOCAL PLANE

Until now, riflescopes with reticles in the first focal plane have been priced out of reach for value-conscious shooters. With the spectrum series, CenterPoint optics is breaking the price barrier and bringing this exclusive feature to an accessible yet high quality line of scopes.

Unlike standard riflescopes, first focal plane scopes place the reticle in the first focal plane rather than the second. This means that your aim point stays constant; the scale of the reticle proportionately changes as you enlarge or reduce magnification, allowing you to maintain a singular focus on your target, providing the most accurate holdover and ranging at all magnifications.

The CenterPoint spectrum series also features best in class optical clarity and high quality materials that

deliver performance and durability in any shooting situation. Built with aircraft grade aluminum, full, one piece tube bodies and glass etched reticles protected by two layers of glass, these scopes offer crisp, precision optics, durable construction and consistent repeatability. All spectrum series scopes also feature an anti-reflective coating on all lenses to reduce glare and increase light transmission, providing a crystal clear image from edge to edge.

We're so confident that you will be blown away by the unbeatable performance and value of the spectrum series of riflescopes that we're enhancing our usual limited lifetime warranty with the Spectrum bullseye warranty—return them at any time, for any reason. No questions asked.

### LONG RANGE MODELS

Features Side Parallax Adjustment For Optimal Image Focus and Parallax Removal.

**new!** 4–12x44 mm RIFLESCOPE

Model LR412FFPS1

All Spectrum scopes will ship in a premium retail box and on-product marketing band.

# TAG

TRAJECTORY  
AIMING  
GUIDE

S E R I E S | R E T I C L E

The CENTERPOINT® bullet drop reticle is the simple and effective answer to eliminate holdover estimating. It takes the guesswork out of aiming to provide pinpoint long range accuracy.

By matching ammunition ballistics to the placement of the crosshairs on the TAG reticle, the need for estimation and lengthy calculation is eliminated. Once your distance is established, simply place the pre-calculated aiming points on your target for a precise shot. The TAG reticle accommodates distances out to 600 yards and is factory-calibrated for the most popular bullet/load combinations.

## TAG SERIES RIFLESCOPES

The TAG Series offers reliable riflescopes that are sure to satisfy even the most demanding hunters and shooters. Every scope in the line comes standard with the new TAG bullet drop compensating reticle and can easily be calibrated to any bullet/load combination and accommodate distances out to 600yds. Featuring crisp, clear optical systems, specially formulated multi-coated lenses and rugged 1" tubes, these scopes deliver high-end performance without the high-end price.

### FEATURES

- Rugged 1" tubes
- TAG reticle standard on all models
- Tool-free windage and elevation adjustments
- 100% waterproof, shockproof and fogproof
- Nitrogen filled
- Fast focus eyepiece
- Includes lens covers and Picatinny rings
- Limited Lifetime Warranty

### HUNTING SCOPES

This line of essential hunting scopes offers the crisp, clear optics hunters need to make the shot. Every CenterPoint scope features durable construction that's waterproof and shockproof and rugged enough to stand up to any style of rifle.

**new! 4-16x56 mm RIFLESCOPE**

- Rugged, 30 mm one-piece tube body
- Side parallax adjustment from 10yds to infinity
- Etched glass, mil-dot range estimating reticle
- Fully, multi-coated lenses
- Zero locking and resetting windage and elevation turrets
- Includes threaded on sunshade and flip open lens covers

Model LR416S1

**3-9x32 mm RIFLESCOPE**

- Ideal for rimfire/.22 rifles
- Mil-Dot range estimating reticle
- Red/Green illuminated reticle with brightness settings
- Includes lens covers and 3/8" Dovetail rings

Model LR392RG2

**4x32 mm AIRGUN SCOPE**

- Tool-less windage and elevation adjustments
- Duplex reticle
- 1 inch tube
- Includes lens covers and 3/8" dovetail rings

Model CP4032

**Red/Green Illuminated Reticle**

**new! 4x32 mm CROSSBOW SCOPE**

- Designed specifically for crossbow hunting
- Durable, one-piece tube construction
- Etched glass reticle, provides aim points out to 50 yards
- Red/Green illumination with various brightness settings
- Includes lens covers and Picatinny rings

Model LC432ERG2

**2x20 mm PISTOL SCOPE**

- Close-distance compact scope
- Duplex reticle
- 1 inch tube
- Multi-coated lenses
- 20" long eye relief for extended arm shooting
- Includes lens caps and Picatinny rings

Model 72004

**LASER AND FLASHLIGHT KIT**

- Recoil proof 90 lumen LED flashlight and fast acquisition Class 3R red laser
- Great MSR accessory with Picatinny mount
- User configurable with push on/off or remote tape switches
- Better night vision with red flip up filter

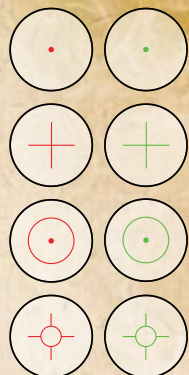

Model 74253

**32 mm OPEN REFLEX SIGHT**

- Get the right reticle for the job
- Red and green illumination with various brightness settings
- Four different reticle patterns
- Full view shooting with both eyes open

Model 70301

**32 mm ENCLOSED REFLEX SIGHT**

- Fast easy target acquisition with both eyes open
- Longer shooting time with up to 300 hours illumination
- Great for bright conditions with reticle that won't wash out
- Includes Picatinny mounts and flip open lens caps

Model 72601

**1-4x20 mm SCOPE**

- Ultra versatile CQB to medium engagement ranges
- Glass etched, 65 MOA ring with 2 MOA dot
- Red and green illumination with various brightness settings
- Proper eye relief for AR weapon systems
- Includes off set Picatinny mounting system

Model 72002

**CLASS 3R RED LASER SIGHT**

- Fast visual target acquisition with bright red laser
- Versatile with Picatinny or Dovetail mounts
- Compact design to fit almost any weapon system
- Easy to use with push on/off or remote tape switch

Model 74252

**1x25 mm MULTI-TAC SIGHT**

- Fast, both eyes open, target acquisition
- Red and green illumination with various brightness settings
- Four different reticle patterns
- Rugged design with full metal body
- Includes Picatinny mounts and flip open lens caps

Model 72602

**LASER BORESIGHTER**

The Centerpoint laser boresighter eliminates wasted ammo. The laser shows exactly where your shot should land when zeroing in—saving you time and money by precisely sighting-in.

- Battery-powered
- Works on handguns, rifles and shotguns
- Fits calibers ranging from .17 to .50, as well as 12, 16 and 20-gauge shotguns

Model CPLBS1745

**LARGE BATTLE SIGHT**

**1x30 mm Enclosed Reflex Sight**

- Fast acquisition sighting system with infinite eye relief for rapid engagement using 3 MOA red dot
- Includes integrated top accessory rail
- Weather-proof, durable polymer construction
- Five brightness settings for variable light conditions
- Phase coated lens offers bright, sharp images

Model 72607

**SMALL BATTLE SIGHT**

**1x20 mm Compact Enclosed Reflex Sight**

- Compact, rugged and lightweight
- Fast acquisition sighting system with infinite eye relief for rapid engagement using 3 MOA red dot
- Five brightness settings for variable light conditions
- Phase coated lens offers bright, sharp images
- Weather-proof, durable polymer construction
- Integrated Picatinny mounting system

Model 72609

**RINGS**

- Two piece
- Fits 3/8" Dovetail Rail
- For scopes with 1" tube

- Right handed bow

**Model AVCEH70KT** Up to 300 fps

**FIELD READY KIT INCLUDES:**

Bow, fiber optic sight, peep sight, nock loop, arrow rest, stabilizer, wrist sling and quiver

Bonus: Adjustable release included

# BENJAMIN

"Benjamin is strengthening our hunting heritage by expanding opportunities for everyone through advanced product design. Safer to use, easier to shoot and incredibly effective, Benjamin air power represents the cutting edge of American innovation."

- Jim Shockey  
WORLD FAMOUS HUNTING OUTFITTER

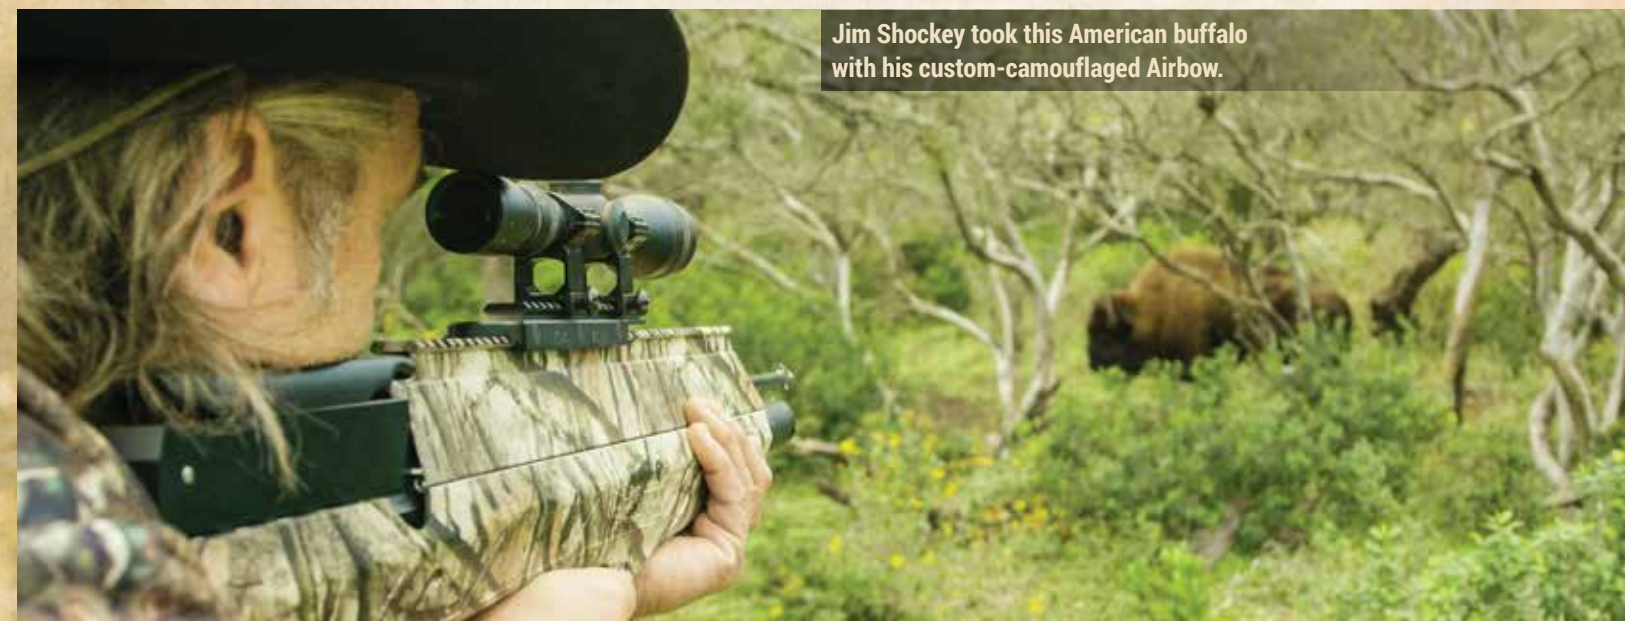

The Pioneer Airbow® was introduced in 2016 as a revolutionary new big game weapon. Since then, it's been a subject of fierce debate. Is it a crossbow? Is it a rifle? What season should it be allowed in, if any?

One thing is clear: anyone who experiences the Pioneer Airbow™ firsthand becomes an instant believer in its capability. The Pioneer fires full length arrows and full weight broadheads at a blazing 450 fps, exceeding the knockdown power of standard crossbows. And for hunters who find the draw weight of a crossbow challenging or impossible, the Pioneer can be cocked with two fingers (and decocked just as easily).

The Pioneer enhances everything enthusiasts enjoy about archery hunting while making the sport safer and more accessible. And the Crosman Corporation (parent company of Benjamin Hunting) is committed to ensure that a portion of sales generated by the Pioneer goes towards *Pittman Robertson* funds, creating more opportunities for conservation efforts, hunter's education and shooting projects and programs for all hunters.

So this year, try hunting with a Pioneer Airbow from Benjamin... because your success shouldn't depend on how heavy a string you can pull.

For more information on the Pioneer Airbow, including an up-to-date-map of state regulations, visit [www.crosman.com/airbow](http://www.crosman.com/airbow)

Jim Shockey took this American buffalo with his custom-camouflaged Airbow.

Anyone, regardless of size or strength, can handle the Pioneer. With no cocking rope to lose or tangle, the Pioneer is easily operated by an ambidextrous cocking bolt, making it especially safe for treestand use.

The CenterPoint® 6x40 mm scope was specially designed with the Airbow in mind. The adjustable objective provides parallax settings from 5 yards out and the custom **MTAG** reticle provides aiming points out to 75 yds. A canted Picatinny base provides 20 MOA of additional adjustment.

The Pioneer Airbow is powered by 3000 psi of compressed air. An integrated pressure regulator delivers 8 shots at a consistent 450 fps and the convenient fill nipple makes refilling quick and easy.

The Pioneer comes with a quiver that mounts directly to the Picatinny rail for conveniently carrying the three included arrows. It features a quick-detach mechanism, secure grippers and a hood that accommodates fixed or mechanical broadheads.

### Where Can I Use the Airbow?

The Pioneer Airbow® is legal to own and target shoot in all states. A majority of states allow the use of the Airbow for hunting certain animals in certain seasons. Visit [benjaminairbows.com](http://benjaminairbows.com) and check out our interactive map to find states where it is legal to hunt with the Airbow (as always, hunters should confirm their state and local regulations before they hunt with the Airbow).

Because of all of the interest in the Airbow since its launch, states around the country are looking into expanding hunting opportunities for Airbow users. We here at Crosman are actively working to spread the word by providing product information, demonstrations, and other support.

If you want to expand Airbow hunting in your state, please visit [benjaminairbows.com](http://benjaminairbows.com) to download an information packet and/or contact Spencer Cook, Consumer Affairs & Legal, ([scook@crosm.com](mailto:scook@crosm.com)) to discuss potential support for any meetings or product demonstrations.

### PIONEER

#### Pre-Charged Pneumatic (PCP) Airbow

- Powered by 3000 psi of compressed air
  - Integrated pressure regulator delivers 8 consistent shots at 450 fps
