Merchandising Solutions & Display Assortment

American GardenWorks is pleased to once again offer our "Industry Leading" Merchandising Solutions and Display Assortments for Shepherd Hooks, Trellis, Plant Stands & Pot Holders, and our NEW line of Garden Edging & Fencing and Specialty Trellis.

We are extremely pleased to introduce Wall or Gondola Merchandising for Trellis. While our current Trellis Pallets are convenient merchandising tools, we have listened to our customers who have requested a way to merchandise trellis on a wall or even on Gondola base. This was quite a challenge, but AGW came up with a unique program that accomplishes that difficult objective in a manner that looks great and gets a lot of product in a small amount of space.

The look is unique and functional.

We provide various size and quantity options to satisfy any size retail space, while creating that Retail Destination that insures an easy shopping experience for your customers. Add our attractive and "eye catching" Point of Sale signage and you have a winning merchandising plan that will help drive sales.

All of our displays or pallets are easy to move and take up a very small space. Move the displays to cross merchandise with companion products and create special promotions that are sure to produce "add on" sales.

All pallet assortments come preloaded with product.

American GardenWorks has created the most comprehensive array of Display and Pallet Assortments, all designed for easy installation and management at retail. The bottom line is a pleasant and productive shopping atmosphere for your customers while driving greater sales for you.
