

LAWN & GARDEN

2022 CATALOG

Our History—

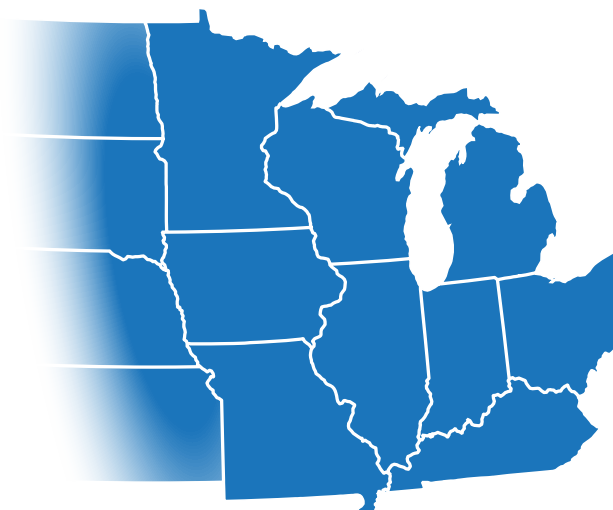

Throughout history, Prince Corporation has always maintained a focus on their customers, vendors, and employees. Because of the company's sincere desire to help its customers succeed, and its desire to work with reputable vendors and quality products, and focus on being a family-oriented, family-friendly company, Prince Corporation has managed to not only survive major adversities, but to grow throughout the years.

- **1922** H.C. Koenig traded his grocery store in Marshfield for the mill and renamed the company Marshfield Milling.
- **1934** when H.C. died, his son Walter “Prince” Koenig took over and began to expand the company. Marshfield Milling developed and produced a full line of animal feeds and minerals. Under his leadership the company became a full service distributor of feed and agricultural supplies throughout central and northern Wisconsin.
- **1970's** a wild bird seed manufacturing plant was added and the company branched into providing wild bird seed and outdoor feeding supplies. Also at this time, the company began distributing its line of tools, seeds, and fertilizers to the garden and landscape industry.
- **1980** the company survived its second fire.
- **1981** the name of the company was changed to Prince Corporation in honor of W.J. “Prince” Koenig. Prince Koenig's sons, John and Mike, ran the company and expanded the company's delivery area to include most of Wisconsin and the U.P. of Michigan.
- **1997** the company was purchased by Jay Emling, John Silseth, and Dennis Wessel – the company's former General Manager. Under the new ownership, the company set-out to transform the company from primarily a supplier of hardware and bagged items, to a full-line agricultural, wild bird, pet, and lawn and garden supplier. Since 1997 the company has grown to service much of Minnesota, Iowa, Illinois, Michigan, Indiana, and parts of Ohio.
- **1999** a second location was added in Kingsbury, Indiana to serve customers in Michigan, Indiana, & Ohio.
- **2000** the company suffered its third fire. The fire destroyed approximately 20% of the company warehouses. On Wednesday, July 5th the company opened for business with a commitment to rebuild and grow the company.
- **2013** Prince Corporation took its next big step in expanding the business by purchasing a southern Illinois based company, Siemer Enterprises. Siemer Enterprises had a very similar operating philosophy based upon serving the retail customers in agricultural, lawn and garden, pet and wild bird supplies. This added a third operating location in Teutopolis, Illinois and gave the company a chance to sell products further into the St. Louis, Missouri area and far-reaching service areas in Indiana and Illinois.
- **2016** the fourth fire occurred in the Marshfield Feed Pellet Mill but was contained and put out within hours of starting. A complete rebuild of the pellet mill followed that summer and in November 2016 was reopened with state of the art manufacturing equipment.
- **Today** Prince Corporation is a multi-faceted distributor and manufacturer with locations in Marshfield, WI, Kingsbury, IN and Teutopolis, IL.

Deliveries

Deliveries within our general service area are made according to our truck delivery schedules from our closest shipping warehouse. For your current schedule and shipping location feel free to contact our customer service department. Providing service from three locations:

REGION 1

8351 County Road H
Marshfield, WI 54449
1-800-777-2486
FAX: 1-800-666-2486

REGION 3

Building R-72 Hupp Rd.
Kingsbury, IN 46345
1-219-393-3553
FAX: 1-219-393-3272

REGION 6

515 W. Main St.
Teutopolis, IL 62467
1-800-747-0074
FAX: 1-800-357-6248

I

A

Available from WHSE: Refers to the warehouse this product will be available through. If it is not located in your shipping warehouse please contact your Prince Sales Representative or our Customer Service Department for further order options.

B

Prince Product Number: This is the code assigned by Prince to order product stocked in our computer system. It is helpful if you have this code number available at the time of ordering.

C

Manufacturer's Number: This is the code number assigned to the product by the vendor.

D

Size: The size of a product will be shown when several sizes are available in the same product style.

E

Color: The color will be listed when several colors are available from the manufacture. Capacity of product may also be listed.

F

UPC: A Universal Product Code is used for tracking trade items in our warehouses and your store.

G

Quantity Break: The amount you must order to receive a price reduction based on volume.

H

Minimum Order: Designates the quantity that this product must be ordered in. This quantity may or may not be the quantity in the vendor's master pack.

I

Price: Prices listed are suggested retail. Divide this in half to get Price Level 1.

Current pricing may also be received by contacting our Customer Service Department or using the Dealer Log-in on www.prince-corp.com

Catalog Prices

Some of the products in the Lawn & Garden Products catalog are not priced. Please call for pricing.

The prices in our catalog were current at press time. Please note, however, we reserve the right to change prices without notice. In the event a manufacturer makes a major price change, we may need to pass this price change on to our customers.

For the most current prices, you may call our customer service department. The representatives will be happy to give you the information on prices as well as any product information you may require.

Prince Credit and Payment Policy

1. Cash Discount terms are offered for prompt payment.
2. Unpaid invoices from prior month(s) will be assessed a 1.5% service charge on the 20th.
3. Unpaid balances from one month prior will restrict order shipment pending payment arrangements.
4. Dollar credit limits will be applied to accounts with slow payment history and will supersede aging parameters stated above.

Merchandise Return Policy

It is the policy of Prince Corporation to accept merchandise returned from our customers. All returned merchandise must be in salable condition, clean and free from damage.

1. Salable condition means a condition you would accept if the merchandise were shipped to you.
2. All returns must be accompanied by the invoice number.
3. The following restocking and processing charges will apply on all returned merchandise.
 - a) Merchandise returned within 30 days of invoice date will be assessed a 15% processing and restocking charge (invoice cost less 15%).
 - b) Merchandise returned after 30 days but within 90 days of invoice date will be assessed a 25% processing and restocking charge (invoice cost less 25%).
4. Any shortages, errors, or damage in shipment must be reported at the time of delivery.
5. Once merchandise is signed for, any concealed damage must be reported within 48 hours.
6. Returns will not be allowed under the following conditions:
 - a) Merchandise older than 90 days.
 - b) Non-stock special order materials.
 - c) Merchandise not in salable condition.

Prince Merchandise Claim Policy

All claims for shortages, errors or damage in shipment must be noted on the ticket at the time of delivery. Any concealed damage must be reported within 48 hours.

CLUB HAMMER, 4 LB

- Ideal for single-handed use when doing precision demolition work (demolition face) or when driving masonry nails, stakes or chisels (driving face)
- Wedged demolition face concentrates force for up to 5X more destructive power than traditional designs and directs debris to the sides, not back at you
- Extra-large diameter driving face improves strike accuracy
- Absorbs strike shock and vibration to reduce the punishment your body takes, transferring 2X less shock and vibration than wood handles
- Insulation sleeve captures initial strike shock before it can reach your hand
- Dual-layer handle features a specially formulated combination of insulating materials to dampen lingering vibration
- Handle flare keeps the tool firmly in hand when swinging
- Softgrip handle features a sculpted profile to fit the natural shape of your hand
- Strategic handle texturing features large dimples where fingers rest for maximum grip and small dimples where the palm rests to help prevent blisters

AVAILABLE FROM WHSE: 1

Prince#	Mfg#	Size	Color	UPC	QB	M/O	Price

PICK 5 LB

- Great for ripping into hard surfaces, this pick features our patented IsoCore Shock Control System to reduce shock and vibration by 2X
- Absorbs strike shock and vibration, reducing the punishment your body takes, and a dual-layer handle captures any lingering vibration
- Inseparable riveted head will not slide down or snap off, even when swinging with maximum force
- Performance handle design fits your hand securely and comfortably with strategic texturing that helps improve grip while reducing blisters
- Tested to exceed ISO and international standards for striking tool durability
- Full lifetime warranty

POWER-LEVER EXTENDABLE POLE SAW AND PRUNER 7' - 14'

- Ideal for cutting high branches without climbing a ladder
- Power-Lever technology maximizes leverage for up to 2X more cutting power
- Includes one fully hardened, precision-ground steel pruner and one sturdy 15" Wood Jig saw
- Oval-shaped pole greatly reduces flex, allows you to control the direction of the cut and fits the natural shape of your hand for improved comfort
- Secure double locking system ensures extended pole stays put - length: 7' to 14'
- Pruner cuts branches up to 1-1/8" thick and features a low-friction coating for smooth cuts, reduced gumming and enhanced rust resistance
- Fiberglass pole is lightweight yet strong
- Replacement saw and replacement pruner blade available
- Full lifetime warranty

SLEDGE HAMMER 8 LB

- Ideal for demolition work like shattering concrete (demolition face) or driving stakes and wedges (driving face)
- Wedged demolition face concentrates force for up to 5X more destructive power than traditional designs and directs debris to the sides, not back at you
- Extra-large diameter driving face improves strike accuracy
- Absorbs strike shock and vibration to reduce the punishment your body takes, transferring 2X less shock and vibration than wood handles
- Insulation sleeve captures initial strike shock before it can reach your hand
- Dual-layer handle features a specially formulated combination of insulating materials to dampen lingering vibration
- Inseparable riveted head will not slide down or snap off, even when swinging with maximum force
- Softgrip handle features a sculpted profile to fit the natural shape of your hand
- Forged, heat-treated steel is finished with a rust-resistant coating

SNAKE REPELLENT GRANULES

- Patented and effective snake repellent has the unique ability to irritate the snake's senses, keeping them clear so you can work and play without fear
- Contains no harmful chemicals, so, you can use I Must Garden Snake Repellent around your pets and family without the worry of pesticides or Naphthalene.
- All-natural ingredients will not harm plants or turf, and is safe for the environment.
- Effective and long-lasting with no unpleasant scent.
- Works by interfering with the snake's senses, causing discomfort and confusion.
- Recommended application: For best results, apply on a dry day. Sprinkle an 8" wide band around the area to be protected and broadcast interior areas
- Monitor the treated areas and reapply as needed.
- To maintain protection, broadcast at the rate of 1 lb. to 100 square feet every 2 to 3 weeks. Formula remains effective through average periods of rainfall.

SLUGGO PLUS SPINOSAD

- For organic gardening
- For outdoor use around residential sites
- Kills Earwigs, Cutworm, Sowbugs, Pillbugs, crickets, ants (excluding Fire Ants, Harvester Ants, Pharaoh's Ants and Carpenter Ants), slugs, snails
- Contains spinosad - Derived from a naturally-occurring soil dwelling bacterium
- Easy-to-use pellet formulation
- Active ingredients: Iron Phosphate and Spinosad

AVAILABLE FROM WHSE: 16

CHELATED MANGANESE 6%

- Essential for cell oxidation and sugar absorption
- Assists in chlorophyll production
- Affects lignin-building qualities and is critical in preventing lodging/disease
- Accelerates germination and maturity, while increasing P&Ca availability
- Activates several important metabolic reactions and plays a direct role in photosynthesis by aiding chlorophyll synthesis
- Functions primarily as part of the enzyme systems in plants

AVAILABLE FROM WHSE: 13

Prince#	Mfg#	Size	QB	M/O	Price
5000165	MFG	2.5 GALLONS	0	1	\$124.62

HAY-NOW

- Foliar applied liquid fertilizer containing N, P, K with Sulfur, Iron, and Zinc
- Specifically formulated to deliver readily available nutrients during the vegetative growth stages to enhance growth and root development
- Assists hay crops and pastures during periods of stress to maximum production
- Can be tank-mixed with herbicides and pesticides
- When diluted in water, Hay-Now is safe to apply to fields where animals are present
- Works on all grasses and legumes
- Won't clog spray nozzles
- Apply 1-2 quarts per acre spring through fall

AVAILABLE FROM WHSE: 13

PRO MIX BX MYCORISE

- A "general purpose" peat-based growing medium
- Used for the cultivation of a wide variety of plant species
- Lightweight, uniform, and blended to the highest degree of consistency
- Ensures maximum plant performance
- Mycorrhizal fungi, for improved plant shelf-life
- Creates stronger, healthier plants due to more developed root systems
- More stress-resistant plants, thus less shrinkage at store level
- Easy to use

AVAILABLE FROM WHSE: 16

PRO MIX HP MYCORISE

- High perlite content, provides a growing environment which provides significant drainage capacity, increased air porosity and lower water retention
- Fibrous peat moss & coarse perlite makes this a superior quality product adapted to the needs for watering flexibility and crop seasonality.
- Dries out more frequently than general purpose, peat-based mixes
- Well suited for low-light growing conditions and high humidity
- Less difficult to overwater crops
- Reduces incidence of water related problems (root diseases, algae and fungus gnats)
- Holds less water for improved leaching of fertilizer salts during crop cycle
- Improves fertilizer uptake; reduces fertilizer costs & Increases plant's resistance to stresses; reducing maintenance costs
- Optimizes results without changing growing practices

AVAILABLE FROM WHSE: 16

Prince#	Mfg#	Size	UPC	QB	M/O	Price

MOLE, VOLE & GOPHER REPELLENT

- Prevents burrowing animals such as moles, voles, and gophers from digging up your lawn and garden
- Animals are quickly forced out of the treated area and continued use reduces future infestations
- Specially formulated to absorb into the soil and form a protective coating around plant roots and other underground food sources
- A high concentration of active ingredients make this the most powerful repellent of its kind which covers 32,000 sq. ft.
- Unique emulsifying agents allow the formula to penetrate into the soil quickly so it works faster than other products

ROYAL GOLD

GROWING SUPPLIES

SOIL & ADDITIVES

BASEMENT MIX

- Allows traditional container style gardeners to get the benefits of coco fiber without completely changing their system
- Ready to use, straight from the bag with top quality dry amendments, and features an even balance of water holding and air holding capacities
- Performs successfully with organic/biological based programs and conventional feeding methods
- It's designed to be fed with a complete nutrient program

AVAILABLE FROM WHSE: 136

Prince#	Mfg#	Size	UPC	QB	M/O	Price
5040469	MFG	1.5 CUFT	793573051912	60	1	\$35.42

COCO FIBER

- Premium clean, consistent, inert pure coco fiber growing medium
- Ready to use straight out of the bag as a stand alone medium, soil conditioner, or a base for your own personal creation
- Ideal water to air holding capacity
- Each batch is analyzed for nutrient and salt content, by an independent lab. This gives far greater quality control and consistency in our end product
- Contains a light Calcium charge as a result of buffering process, and does not have excess levels of sodium chloride

AVAILABLE FROM WHSE: 136

Prince#	Mfg#	Size	UPC	QB	M/O	Price
5040470	MFG	1.76 CUFT	793573051905	60	1	\$48.78

KINGS MIX

- Plant in bag solution for light deprivation, greenhouse, indoor, and outdoor gardens of any type
- Has gusseted bottom and is designed to be used as a growing container
- Well-aerated, moderately amended coco peat blend
- Featuring coco chips (croutons) to balance aeration with lingering water retention, this mix is intended to dry quickly and accept immediate feeding
- Light amendment charge including high nitrogen, high phosphorus bat guano, and a mixture of other high-quality dry amendments

AVAILABLE FROM WHSE: 136

MENDO MIX

- A heavily amended planting style mix, ideal for outdoor gardening in hot climates and bed style gardens
- Works wonders in traditional container style gardens, indoors or in greenhouses, especially for fast-growing annuals
- Featuring a complex blend of high-grade dry amendments, along with strong water holding capacities properly balanced with air holding capacities
- Allows gardeners to begin feeding after about four weeks of growth
- Gives gardeners the ability to adjust their nutrient profile and feeding regimen, according to their crops specific needs, at the proper time

AVAILABLE FROM WHSE: 136

SOIL MOIST HYDROGEL PLUS

- Effective water management aid that reduces plant watering by half, helping you save money, time, and labor
- It is a synthetic, acrylic polymer with a potassium salt base that's guaranteed to be safe and non-toxic.
- Helps lessen transplanting shock and plant stress because it absorbs and releases water in soil when necessary
- Maintains vigorous plants, encourages deep root penetration, and reduces soil compaction
- Lasts for several seasons, around 3 to 5 years in the soil, making it very cost-effective
- Ideal to use with indoor and outdoor plantings such as flower beds, trees, shrubs, baskets, containers, vegetables and turf
- Made in the USA

AVAILABLE FROM WHSE: 16

CYPRESS MULCH BLEND

- Decorative shredded whole tree cypress mulch
- Made from cypress trees from Florida and southern Georgia
- Most widely used type of cypress with an orange-ish tan color and woody appearance
- Benefits include: retarding weed growth and keeping soil damp longer after watering or rainfall
- Helps prevent evaporation which aids in water conservation during dry periods
- Brightens a heavily shaded landscape area and does well in damp areas
- Lasts longer and decomposes at a slower rate than hardwood mulch
- Helps repel insects and acts like an insulator to help protect the soil from temperature extremes

AVAILABLE FROM WHSE: 136

Prince#	Mfg#	Size	UPC	QB	M/O	Price
