65385 BDC

Endurance® Detachable Blade Clipper—Spring Green

2-Speed

Brushless Rotary - 3,000/3,800 SPM

14.0 oz

UltraEdge® Size 10
64071

WORKS WITH ALL ULTRAEDGE® AND CERAMICEDGE® BLADES

INCLUDES:

- Blade oil

High-endurance brushless motor delivers more power; lasts longer than standard clippers – 10,000+ hours! 2-Speed design with higher top speed for a smoother coat finish. Perfect for all coats and breeds. Detachable blade design for greater versatility and easy cleaning. Includes exclusive 17' tangle-free swivel cord that enables movement around animals.

BRUSHLESS MOTORS

Built to Last

Our new brushless motor clippers make easy work of even the toughest clipping jobs! With more power and torque than standard rotary motors, our brushless design features advanced circuitry that prevents dragging or stalling. Andis engineers also designed the Endurance® clippers to last longer than any previous animal clipper we've made – 10,000+ hours!

You do it for the beauty of the animal, the friendly wagging tail and the owner who wants the very best for their pet. Andis® offers a broad range of grooming tools, blades and accessories that enable you to create the perfect look and the ideal finish.

The UltraEdge® AGC® Super 2-Speed clipper family features a powerful rotary motor that runs 4,400 SPM on the high setting and 3,400 SPM on the low setting. Cool-running, smart design eliminates fans and vents that can become clogged with hair. A locking switch ensures that the clipper will not accidentally shut off. These clippers feature detachable blades for easy cleaning and ultimate choice for cut length. With a break-resistant housing and a full 14' heavy-duty cord, these units are ideal for ease of movement around animals and equipment.

The classic AGC®2 features a steady 2-speed rotary motor which runs at 3,400 SPM on the high setting and 2,700 SPM on the low setting. Cool-running, smart design eliminates fans and vents that can become clogged with hair. A locking switch ensures that the clipper will not accidentally shut off. Clipper features detachable blades for easy cleaning and ultimate choice for cut length. Full 14' heavy-duty cord.

The AG® 2-Speed+ features a steady 2-speed rotary motor which runs at 3,400 SPM on the high setting and 2,700 SPM on the low setting. Cool-running, smart design eliminates fans and vents that can become clogged with hair. Clipper features detachable blades for easy cleaning and ultimate choice for cut length. Full 14' heavy-duty cord.

For dogs with thin to medium coat types, this kit is a great option. Designed for light body grooming, the compact rotary motor clipper has an ergonomic design for increased comfort. The adjustable precision blade adjusts from sizes 30-10 for more clipping options. Features a 6' cord for easy at-home grooming.

Your all-in-one solution for grooming medium to smaller breeds. This powerful rotary motor clipper has easy-to-use interchangeable blades and a quiet operation for ultimate pet comfort, and features an 8' cord for ease of grooming.

The lithium-ion-powered Precise Trim™ offers 2 hours of non-stop trimming. This quiet, cordless trimmer is ideal for touch-ups around the face, ears and tail and features a contoured housing for comfort and sure handling. With cord/cordless technology, you can use the clipper cordless for ultimate convenience and then plug it in and continue clipping when your battery runs low for complete flexibility.

Looking for a compact yet durable trimmer that won't break the bank? Consider the Trim 'N Go cordless animal trimmer. Its soft-grip design and compact size make it the perfect solution for grooming on the go.

The Easy Clip® Mini II is a powerful all-in-one clipper/trimmer. Perfect for trimming around ears, face and paws. Quiet running—ideal for sensitive pets. 20% lighter than comparable products. Snap-off precision blade for easy cleaning.

When beginning any groom, remember to consider the pet's anatomy and determine the finished cut length of hair; remember, you can always take more hair off, but you can't put hair back on. Begin clipping in a slow but steady movement, move along the back in the direction of the hair growth of the coat. On most pet coats, it will go from back of the head, down the tail, and down each leg. The hair typically grows backwards on the chest and backs of each leg.

STORAGE SOLUTIONS

Blade Carrying Bag 12425
Conveniently store your blades in this flexible and easy-to-use blade bag. Carry up to 9 detachable blades in easy to access, see-through pockets with velcro closures. **Blades not included.**

Blade Carrying Case 12370
Protect your blades and transport them conveniently with our sturdy hard case. Carry up to 12 detachable blades in secure high-density foam. **Blades not included.**

Oval Accessory Bag 12430
The store-all, go anywhere solution for any of your Andis® tools.

Tool Tote Bag 66555
Sturdy, versatile tote bag is equipped with a shoulder carrying strap. Features a zippered top and front compartment, with additional pockets on the interior to allow for organization during use.

Grooming Case 80575
Our durable aluminum tool case with wheels and telescoping handle is the perfect solution for groomers on the go. This case features a large compartment for clippers and bigger items, two extendable trays, a slide out drawer and 12 front pouches for shears, brushes and combs. Includes key lock design for added security.

CeramicEdge® Size 10 64315

WORKS WITH ALL ULTRAEDGE® AND CERAMICEDGE® BLADES

The original AGC® series of products feature a rotary motor for constant and consistent 3,400 SPM. Cool-running, smart design eliminates fans and vents that can become clogged with hair. A locking switch ensures that the clipper will not accidentally shut off. These clippers feature detachable blades for easy cleaning and ultimate choice for cut length. Equipped with Quad Force blade drive—lasts 2 times longer. With break-resistant housing and a full 14' heavy-duty cord, these units are ideal for ease of movement around animals and equipment.

A powerful, rotary motor 5-speed clipper featuring detachable blades. Use lower speeds for cooler running and clipping around sensitive areas and higher speeds for a prettier coat finish. Equipped with Quad Force blade drive—lasts 2 times longer. Includes a soft-grip anti-slip housing for comfort and safety and a 14' cord for daily use. CeramicEdge® blade runs cooler and stays sharper longer.

Creating short ears is one way that you can help make an older dog look younger. To achieve this look, always start with a freshly washed and brushed dog. Use a #4, #5 or #7 blade and start clipping where the ear starts to fold. When rounding the head, use your thinning shears to trim the fill of hair on top of the fold; this helps to give the ear set better balance and give the dog more expression.

65930

Your grooming needs require the right motor.

Andis® products are among the best cutting, smoothest running and most durable found anywhere in the world. Each utilizes expertly developed motor technology designed to complement the application, ensuring maximum performance. So which type of motor should you choose? Whether magnetic, pivot or rotary motor, your Andis® selection will deliver the high-quality results you've come to expect when you pair the correct motor with the right application.

MAGNETIC MOTORS.

Reliable Power & High Blade Speed— for light body grooming

Magnetic motors run at high speed resulting in smooth cuts. Light textures of hair will feed and cut well with magnetic motor clippers. Less moving parts make these simple, reliable and the longest lasting of all the motors.

PIVOT MOTORS.

High Power & Lower Blade Speed— for complete body grooming

Pivot motors have a lower blade speed than magnetic motors but are twice as powerful. Higher cutting power makes them ideal for cutting thick or heavy hair. They are whisper quiet, cool running and long lasting.

ROTARY MOTORS.

High Power & High Blade Speed— for a wide range of grooming

Rotary motors have an equal amount of power and blade speed. They are also the only motor available with multiple speeds. Their balance between power, speed, size and weight makes them extremely versatile and perfect for heavy-duty cutting.

BRUSHLESS ROTARY—Brushless motors deliver more power and torque than standard designs. They also last longer and weigh less.

Grooming Shears

Exceptional durability for superior performance

Ergonomic, offset handles designed for all-day use and superior control. Professional grade cryogenically tempered Japanese stainless-steel for improved strength and durability. High gloss mirror finish resists corrosion for extended life. All shears include soft-grip finger inserts, oil and convenient storage package.

PET GROOMING TOOLS

There's a saying that goes, "It's all in the details." At Andis®, we couldn't agree more. And that is why you'll find a full selection of shears, combing and deshedding tools for all your grooming needs. Think Andis, from start to finish.

PREMIUM

Large Pin Brush

80590

Large pins help remove tangles, dirt and loose hair comfortably. Stimulates hair and skin follicles for a healthy coat.

Deshedding Tool

80490

Unique design reduces shedding without harming skin; improves overall skin and coat health. Recommended for shedding dogs.

VERSATILE

Pin Brush

65720 - LARGE

65715 - MEDIUM

Removes tangles, dirt and loose hair. Stimulates hair and skin follicles.

Deshedding Tool

65760

80565 - COMPACT

Reduces shedding up to 90% while maintaining a damage-free topcoat.

2-Sided Brush

65265

Coarse brush with large pins loosen dense, matted fur and removes tangles. Fine bristles give a shiny, silky finish coat.

Large Firm Slicker Brush

80585

Fine wire bristles tackle tangles and matting that other brushes can't.

Soft Slicker Brush

65270

Soft bristle bed is perfect for animals with sensitive skin or coats. Fine wire bristles tackle tangles and matting that other brushes can't.

7-1/2" Steel Comb

80595

Stainless-steel teeth eliminate tangles, dirt and loose hair. Ideal for cats and dogs of all sizes.

Fine-Tooth Deshedding Rake

80970

Reduces shedding up to 90%. Safely removes undercoat and loose hair with ease. Recommended for shedding dogs.

Flea Comb

65275

Rounded tines offer comfort for your animal. Perfect for removing fleas, loose hair, dirt and mats.

Nail Clipper

LARGE - 80580

SMALL - 65260

Ergonomic soft grip and nail stop, provides control to safely cut nails. Heavy-duty, stainless-steel blades.

Firm Slicker Brush

65710 - LARGE
65705 - MEDIUM

Eliminates tangles and matting while removing dead hair from undercoat and topcoat.

Self-Cleaning Slicker Brush

40160

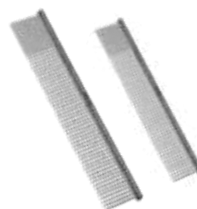

Self-cleaning button removes hair from brush. It's fast and easy!

Steel Comb

65725 - 10"
65730 - 7-1/2"

Removes tangles, dirt and loose hair. Ideal for cats and all sizes of dogs.

Nail Clipper

65700

Heavy-duty, stainless-steel blades. Safety stop helps prevent over-cutting.

Flea Comb

66060

Ideal for removing fleas, tangles, loose hair and dirt from long coats.

Dematting Tool

66055

Heavy-duty, stainless-steel blades remove mats, tangles and knots for healthier skin and coat.

Dematting Rake

66050

Specially designed serrated blades tackle stubborn mats and tangles.

Flexible Rake Comb

65735

Removes dead hair and eliminates tangles. Teeth rotate 360° to reduce pulling hair while combing.

LIVESTOCK & EQUINE

To groom large animals well, you need the right mix of power and convenience, not to mention blades that cut faster and smoother in fewer passes. When the job needs to get done efficiently, do it faster with powerful solutions from Andis®.

This powerful show-grade clipper with rotary motor is a durable, cool and quiet tool. Quick blade tension adjustment, a slip-grip and a lightweight design simplify handling and control. Interchangeable hardened steel blades ensure long-lasting performance and a 12' cord enables convenient movement around large animals.

The powerful rotary motor makes this clipper perfect for use on cattle and horses. Interchangeable blades for all grooming needs. The innovative connection between the clipper head and housing reduces noise and vibration. Quick tension adjustment and the perfectly contoured housing make this clipper extremely user-friendly.

This rotary motor clipper incorporates the latest in lithium-ion technology, providing the user with 2 hours of non-stop run time with 2 hours of charge time. Quick tension adjustment and perfectly contoured housing make this clipper user-friendly. Interchangeable blades also make this clipper perfect for grooming cattle and horses.

The innovative connection between the clipper head and housing reduces noise and vibration for the user and animal. Quick tension adjustment knob and interchangeable blades provide a vast array of grooming options, while the patented floating fork system extends comb and cutter life. Features a 13' cord for easy maneuvering around animals.

High-endurance brushless motor delivers more power; lasts longer than standard clippers—10,000+ hours! 2-Speed design with higher top speed for a smoother coat finish. Perfect for all coats and breeds. Detachable blade design for greater versatility and easy cleaning. Includes exclusive 17' tangle-free swivel cord that enables movement around animals.

This clipper is a unique solution for cool-running low speed clipping or high speed for faster and smoother results. Use lower speeds for cooler running and higher speeds for a more polished coat finish. Equipped with Quad Force blade drive—lasts 2 times longer. Includes a soft-grip anti-slip housing for comfort and safety and a 14' cord for daily use. Detachable blades change and clean easily. At high speed, runs 10% faster than the AGC® Super 2-Speed.

BRUSHLESS MOTORS

Built to Last

Our new brushless motor clippers make easy work of even the toughest clipping jobs! With more power and torque than standard rotary motors, our brushless design features advanced circuitry that prevents dragging or stalling. Andis engineers also designed the Endurance® clippers to last longer than any previous animal clipper we've made—10,000+ hours!

Andis® built this professional clipper with all of the right features, including a super blocking blade for efficient trimming and carving. With a break-resistant housing, this quiet, cool-running rotary motor clipper is a durable solution that's ideal for the most specialized grooming techniques. Features 2 speeds for ultimate all-around grooming control and a 14' cord so you can work just about anywhere without having to change power sources.

There's no better solution for professional, complete horse grooming than the AGC® Super 2-Speed. Andis® thought of everything when putting the AGC2 product and educational package together. This powerful rotary motor clipper includes a break-resistant housing and runs extremely cool and quiet. Features 2 speeds for ultimate all-around grooming control and a 14' cord so you can work just about anywhere without having to change power sources.

This heavy-duty rotary motor clipper is specifically designed for the needs of livestock grooming. Its detachable blades remove easily for easy changing and cleaning. Add a break-resistant housing, quiet and cool operation, and a maintenance-free motor and you have the perfect tool for daily use. Features a 14' cord for ultimate grooming flexibility.

MAINTENANCE PRODUCTS

Cool Care Plus®

12750

Spray can, 15.5 oz - 12 to a case
Cool Care Plus® is a 5-in-one coolant, lubricant, cleaner, rust preventative and disinfectant (virucide, fungicide, bactericide and tuberculocide) with a country-fresh scent. Do all of this in one step without removing the blade from the clipper. High-pressure comfort tip nozzle quickly sprays hair out of blade teeth.

Andis® Clipper Oil

12501

4 oz bottles - case of 48
Use Andis® clipper oil to lubricate and clean blades. Brush hair from the blades, add 5 drops and wipe away excess oil with clean cloth. Hang or store your Andis® clipper with the blades down to prevent excess oil from entering the clipper body.

Blade Care Plus®

12570 (Jar) & 12590 (Spray Bottle)

Dip jar, 16.5 oz - 12 to a case
Spray bottle, 16 oz - 12 to a case
In just 10 seconds, Blade Care Plus® leaves blades clean, lubricated and cool for optimal performance. Formulated for use by hair stylists, barbers, animal groomers and veterinarians, this 7-in-one, Vitamin E enriched formula cools, deodorizes, lubricates, cleans, prevents rust and decontaminates. Dip any detachable blade in the jar or conveniently spray blades to rinse away hair, buildup and preservatives.

Blade Brush

12415

The blade brush is a convenient, safe way to keep clipper and trimmer blades clean in between grooming. The broad bristle design ensures a clean blade in just a few strokes.

TIP Clipper Care

After clipping, it is important to clean your clipper and blade thoroughly to maintain your tool's performance:

- 1 Remove large hair fragments from the blade with a blade brush.
- 2 Clean and disinfect blades by using Cool Care Plus®
- 3 Use the 5-point oiling system to lubricate your clipper: with the blade teeth pointing down, apply 3 drops across the teeth of the blade and 1 drop on each back rail.
- 4 If you notice a decrease in performance after cleaning and oiling your blade, replace the blade to maintain peak cutting performance.
