CLASSIC PRECISION, MODERN PERFORMANCE

Create flawless fades and clean tapers with the new cordless version of the Master,[®] renowned for its cutting precision. Featuring a carbon-steel blade that adjusts from size 000 to 1, we gave this tool the look and feel of the iconic Master, but with state-of-the-art technology.

POWERED TO PERFORM

The Cordless Master cuts through all hair types – wet or dry – with power to spare due to a high-performance rotary motor. Andis' Constant Speed Technology ensures that it delivers continual, high-speed blade performance (7,200 SPM) without dragging or stalling.

CORDLESS CONVENIENCE

Achieve optimal control and comfort during clipping from the new cordless design – same balance and feel as the traditional Master, but with less weight. Achieve 90 minutes of run time without slowing down thanks to a powerful, lithium-ion battery. Includes cord/cordless flexibility to deliver reliable power behind the chair.

THE RIGHT MOTOR FOR OPTIMAL PERFORMANCE

Magnetic Motors

Reliable Power & High Blade Speed
Magnetic motors run at high speeds, resulting in smooth cuts. Light textures of hair will feed and cut well with magnetic motor clippers. Less moving parts make these simple, reliable and the longest-lasting of all the motors.

Pivot Motors

High Power & Lower Blade Speed
Pivot motors have a lower blade speed than magnetic motors but are twice as powerful. Higher cutting power makes them ideal for cutting thick or heavy hair. They are whisper quiet, cool-running and long-lasting.

Rotary Motors

High Power & Medium Blade Speed
Rotary motors have an equal amount of power and blade speed. They are also the only motor available with multiple speeds. Their balance between power, speed, size and weight makes them extremely versatile and perfect for heavy-duty cutting.

Cool Care Plus® 12750	Andis® Clipper Oil 12501	Blade Care Plus® 12570 (Jar) & 12590 (Spray Bottle)	Blade Brush 12415
Spray can, 15.5 oz - 12 to a case Cool Care Plus® is a 5-in-one coolant, lubricant, cleaner, rust preventative and disinfectant (virucide, fungicide, bactericide and tuberculocide) with a country-fresh scent. Do all of this in one step without removing the blade from the clipper. High-pressure comfort tip nozzle quickly sprays hair out of blade teeth.	4 oz bottles - case of 48 Use Andis® clipper oil to lubricate and clean blades. Brush hair from the blades, add 5 drops and wipe away excess oil with clean cloth. Hang or store your Andis® clipper with the blades down to prevent excess oil from entering the clipper body.	Dip jar, 16.5 oz - 12 to a case Spray bottle, 16 oz - 12 to a case In just 10 seconds, Blade Care Plus® leaves blades clean, lubricated and cool for optimal performance. Formulated for use by hair stylists, barbers, animal groomers and veterinarians, this 7-in-one, Vitamin E enriched formula cools, deodorizes, lubricates, cleans, prevents rust and decontaminates. Dip any detachable blade in the jar or conveniently spray blades to rinse away hair, buildup and preservatives.	The blade brush is a convenient, safe way to keep clipper and trimmer blades clean in between grooming. The broad bristle design ensures a clean blade in just a few strokes.
