**PROFESSIONAL
ANIMAL GROOMING
SOLUTIONS**

2021

Your grooming needs require the right motor.

Andis® products are among the best cutting, smoothest running and most durable found anywhere in the world. Each utilizes expertly developed motor technology designed to complement the application, ensuring maximum performance. So which type of motor should you choose? Whether magnetic, pivot or rotary motor, your Andis selection will deliver the high-quality results you've come to expect when you pair the correct motor with the right application.

MAGNETIC MOTORS

Reliable Power & High Blade Speed for light body grooming

Magnetic motors run at high speed resulting in smooth cuts. Light textures of hair will feed and cut well with magnetic motor clippers. Less moving parts make these simple, reliable and the longest lasting of all the motors.

PIVOT MOTORS

High Power & Lower Blade Speed for complete body grooming

Pivot motors have a lower blade speed than magnetic motors but are twice as powerful. Higher cutting power makes them ideal for cutting thick or heavy hair. They are whisper quiet, cool running and long lasting.

ROTARY MOTORS

High Power & High Blade Speed for a wide range of grooming

Rotary motors have an equal amount of power and blade speed. They are also the only motor available with multiple speeds. Their balance between power, speed, size and weight makes them extremely versatile and perfect for heavy-duty cutting.

BRUSHLESS ROTARY

Brushless motors deliver more power and torque than standard designs. They also last longer and weigh less.

NEW

LITHIUM

CORDLESS

VIDA™ Cordless Clipper

The Vida™ adjustable blade clipper is lightweight and ergonomically contoured, while the ribbed housing provides superior grip during grooming. The smaller profile fits better in the hand while making it easier to reach hard-to-groom areas. The stainless-steel blade adjusts for five different cut lengths, ranging from size 9 - 40. Includes a small, weighted stand for minimizing workspace and preventing the clipper from tipping over.

REPLACEMENT BLADE

#73525

Excel Cordless Detachable Blade Clipper with Brushless Power

The Excel Cordless Clipper features a brushless rotary motor for optimal torque and power—lasts more than 10,000 hours! It's 25% lighter than comparable clippers, easing fatigue on wrists and hands. The powerful lithium-ion battery runs for 90 minutes on a 60-minute charge. The detachable blade design allows for easy cleaning and greater versatility for use on all coat types. Two speeds: 3,000 and 3,800 strokes per minute.

Precise Trim® Cord/Cordless Trimmer

Single Speed

Rotary - 6,000 SPM

4.5 oz

Stainless-Steel Blade

INCLUDES:

- Charging plug
- 4 Attachment combs
1/16", 1/8", 1/4", 3/8"
- Blade cleaning brush
- Blade oil

The lithium-ion-powered Precise Trim® offers 2 hours of non-stop trimming. This quiet, cordless trimmer is ideal for touch-ups around the face, ears and tail and features a contoured housing for comfort and sure handling. With cord/cordless technology, you can use the clipper cordless for ultimate convenience and then plug it in and continue clipping when your battery runs low for complete flexibility.

When beginning any groom, remember to consider the pet's anatomy and determine the finished cut length of hair; you can always take more hair off, but you can't put hair back on. Begin clipping in a slow but steady movement, move along the back in the direction of the hair growth of the coat. On most pet coats, it will go from back of the head, down the tail, and down each leg. The hair typically grows backwards on the chest and backs of each leg.

TRIMMER & NAIL GRINDERS

563897

Replacement hinge for all AGC, AGR, BDC, DBLC and SMC models.

Quad Force Replacement Blade Drive

20658

Replacement blade drive for clippers in these series: AG, BDC, BG, DBLC, MBG and SMC.

MAINTENANCE PRODUCTS

Cool Care Plus®

12750

Spray can, 15.5 oz - 12 to a case

Cool Care Plus® is a 5-in-one coolant, lubricant, cleaner, rust preventative and disinfectant (virucide, fungicide, bactericide and tuberculocide) with a country-fresh scent. Do all of this in one step without removing the blade from the clipper. High-pressure comfort tip nozzle quickly sprays hair out of blade teeth. Cool Care Plus® has demonstrated effectiveness against viruses similar to SARS-CoV-2 on hard, non-porous surfaces.

EFFECTIVE AGAINST COVID-19

CLICK TO LEARN MORE

Andis® Clipper Oil

12501

4 oz bottles - case of 48

Use Andis® clipper oil to lubricate and clean blades. Brush hair from the blades, add 5 drops and wipe away excess oil with clean cloth. Hang or store your Andis® clipper with the blades down to prevent excess oil from entering the clipper body.

Blade Care Plus®

12570 (Jar) & 12590 (Spray Bottle)

Dip jar, 16.5 oz - 12 to a case Spray bottle, 16 oz - 12 to a case

In just 10 seconds, Blade Care Plus® leaves blades clean, lubricated and cool for optimal performance. Formulated for use by hair stylists, barbers, animal groomers and veterinarians, this 7-in-one, Vitamin E enriched formula cools, deodorizes, lubricates, cleans, prevents rust and decontaminates. Dip any detachable blade in the jar or conveniently spray blades to rinse away hair, buildup and preservatives.

Blade Brush

12415

The blade brush is a convenient, safe way to keep clipper and trimmer blades clean in between grooming. The broad bristle design ensures a clean blade in just a few strokes.

CLIPPER CARE

After clipping, it is important to clean your clipper and blade thoroughly to maintain your tool's performance:

- 1 Remove large hair fragments from the blade with a blade brush.
- 2 Clean and disinfect blades by using Cool Care Plus®.
- 3 Use the 5-point oiling system to lubricate your clipper: with the blade teeth pointing down, apply 3 drops across the teeth of the blade and 1 drop on each back rail.
- 4 If you notice a decrease in performance after cleaning and oiling your blade, replace the blade to maintain peak cutting performance.
