

ASG
ANGLER SPORT GROUP

2023 CATALOG

To our valued customers:

On behalf of the Angler Sport Group staff, thank you for your loyal support and continued business over the past 30+ years.

There is no doubt we have all faced many challenges during the past few years. Yet, despite these challenges, we have also experienced incredible growth- leading to record breaking sales in many of the consumer markets.

At ASG, our goal is to continue to be your dedicated supply source for this current new growth and for years to come.

Our objectives remain the same:

To provide quality products at reasonable prices.

To ship on time.

To create solutions that will lessen the consumer impact of the current global supply chain environment.

To never stop innovating.

To always remind each of our customers of their importance and value.

And to always go the extra mile.

Best Regards & Strong Selling,

Dave Luzader
President

DAIICHI®

PREMIUM FISHING HOOKS

- High carbon steel for superb strength and long point life.
- Chemically deburred needle point assuring correct shape and ultra-fine sharpness.
- Hardened and tempered to an exacting formula.
- Advanced "low profile" barb design.
- Multiple finishes evenly and smoothly applied.
- Precision tooled "true" to the design at the eye, bend, gape and barb.
- Best selection of styles and sizes for the widest range of fishing presentations and fly patterns.

DAIICHI HOOK SAMPLER

Six compartment hook box with flip lids containing 10 each of Daiichi®'s six most popular hooks; 1180-14 Dry Fly, 1100-18 Midge, 1710-14 2x long Nymph, 2220-08 4x long Streamer, 1720-10 3x long Buzzer, and 1560-12 Wet Fly.

Ideal for beginning tiers and those new to Daiichi®.

Specify order code: DHK-1.

DAIICHI MULTI-PACKS

Four compartment reusable hook box with individual flip lids containing four most popular sizes of one particular style of Daiichi® hooks. For each size there are 10 hooks.

A great value for those wishing to tie the full size range of particular patterns. Each compartment is labeled and will hold 25 hooks.

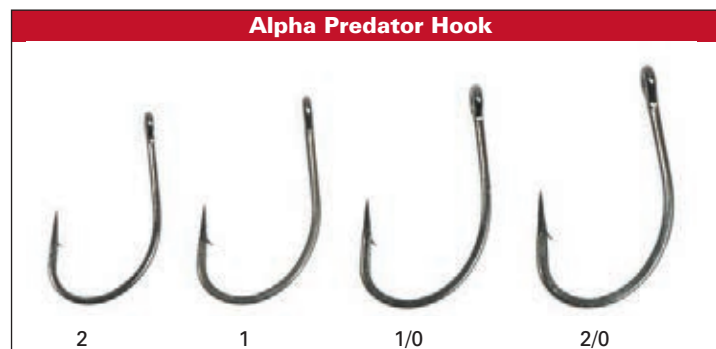

Specify order code "MP" after hook style number desired.

HOOK STYLE#	HOOK SIZES	HOOK STYLE#	HOOK SIZES

Hook Samplers available free for participants in your fly tying classes. For details call (800) 332-3305.

ALPHA PREDATOR HOOK FROM DAIICHI®

2477 (Black Nickel)

Hi-Carbon Steel, O'Shaughnessy Bend, 2X-Short Shank, Wide-Gape, 2X-Heavy Wire, Straight-Eye, Forged.

Uses: Tarpon and Saltwater Patterns, Salmon, Pike, Musky and Bass Flies, and also Tube Flies

STRAIGHT FLY HOOKS

Wide-Gape Dry Fly Hook

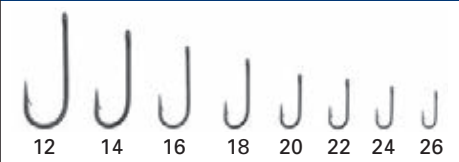

1100 (Bronze)

Model perfect bend, oversized down-eye, 1X-fine wire, "mini-barb"

Uses: Standard Dry Flies

Wide-Gape Dry Fly Hook, Straight Eye

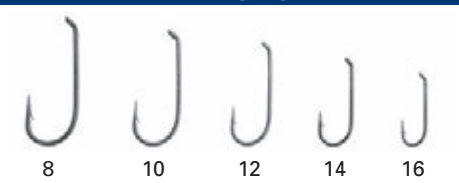

1110 (Bronze)

Model perfect bend, oversized straight-eye, 1X-fine wire, "mini-barb"

Uses: Standard Dry Flies

Standard Dry Fly Hook

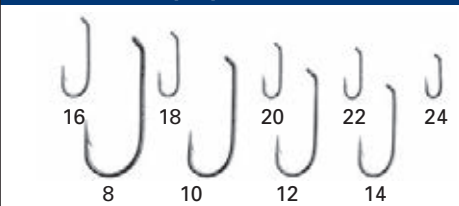

1170 (Bronze)

Round bend, down-eye, standard wire, standard length, forged

Uses: Traditional Dry Flies

Standard Dry Fly Hook, "Mini-Barb"

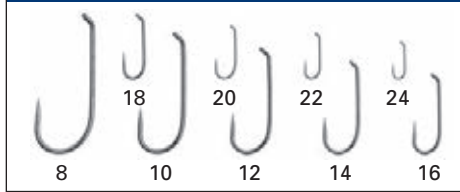

1180 (Bronze) 1182 (LowViz Silver)

Round bend, down-eye, standard wire, standard length, "mini-barb". Try LowViz to reduce hook visibility in water.

Uses: Traditional Dry Flies

Barbless Dry Fly Hook

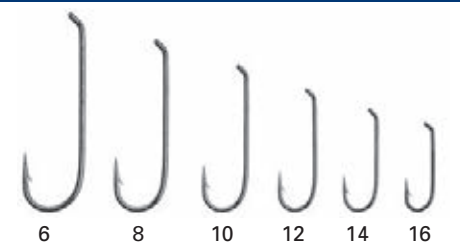

1190 (Bronze)

Round bend, down-eye, standard wire, standard length, "barbless"

Uses: Traditional Dry Flies

2X-Long Dry Fly Hook

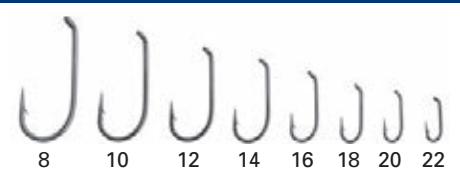

1280 (Bronze)

Round bend, down-eye, 1X-fine wire, 2X-long shank, "mini-barb"

Uses: Stoneflies, Hoppers, Damselflies, Long-Bodied Dry Flies

Short-Shank Dry Fly Hook

1310 (Bronze)

Round bend, down-eye, 1X-short shank

Uses: Standard Dry Flies with Wide Gape, Short-Bodied Dry Flies

Short-Shank Dry Fly Up-Eye Hook

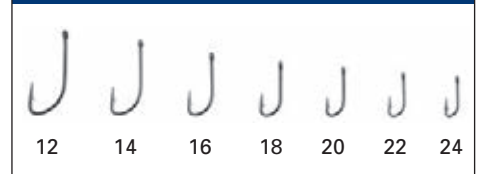

1330 (Bronze)

Round bend, up-eye, 1X-short shank

Uses: Standard Dry Flies with Wide Gape, Short-Bodied Dry Flies

Limerick Dry Fly Hook

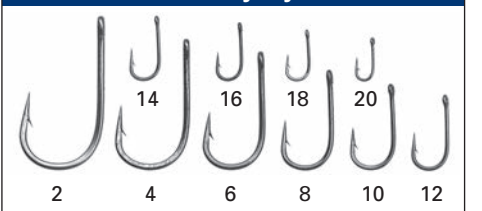

1480 (Bronze)

Limerick bend, straight-eye, 1X-fine wire, 2X-short shank, "mini-barb"

Uses: Midges, Spiders, Variants

Multi-Use Dry Fly Hook

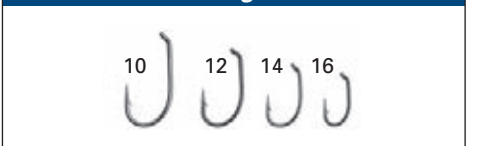

1640 (Bronze) 1650 (Bronze)

Round bend, straight-eye, 2X-short shank, reversed, forged. 1650 has 2X-heavy wire

Uses: Caddis Flies, Spiders, Ants, Egg Patterns, Tricos, Extended-Body Dry Flies, Tube Flies

Glow-Bug Hook

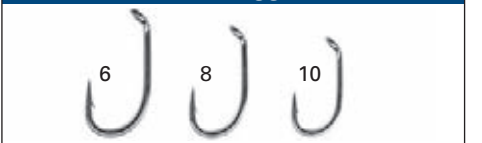

1510 (Bronze)

Sproat bend, down-eye, 3X-short shank

Uses: Egg Patterns, Spiders, Ants

Steelhead Egg Hook

1520 (Bronze)

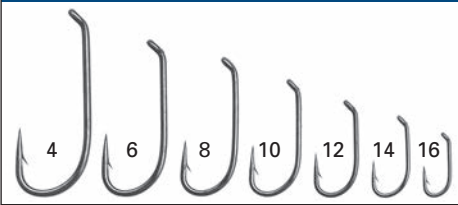

Sproat bend, down-eye, 2X-heavy wire 3X-short shank

Uses: Egg Patterns, Spiders, Ants for large Trout & Steelhead

Heavy Wet Fly Hook

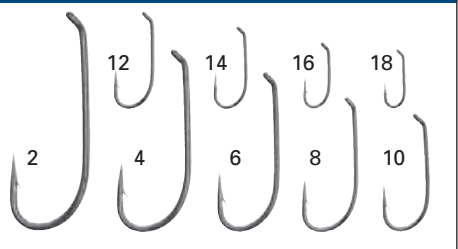

1530 (Bronze)

Sproat bend, down-eye, 2X-heavy wire, 1X-short shank

Uses: Short-Bodied Wet Flies, Nymphs, Steelhead Flies

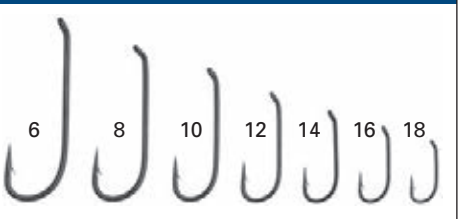

Standard Wet Fly Hook

1550 (Bronze)

Sproat bend, down-eye, standard wire, standard length

Traditional Nymph Hook

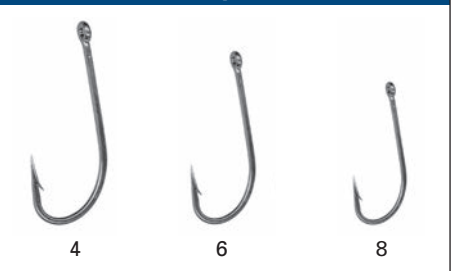

1560 (Bronze)

Sproat bend, down-eye, 1X-heavy wire, 1X-long shank

Uses: Wet Flies, Traditional Nymphs

Tube Fly Hook

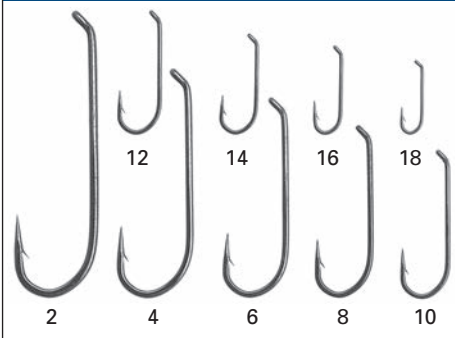

2450 (Bronze)

O'Shaughnessy bend, straight eye, forged, heavy wire

Uses: Tube Flies, Bottom Searching Steelhead Flies

2X-Long Nymph Hook

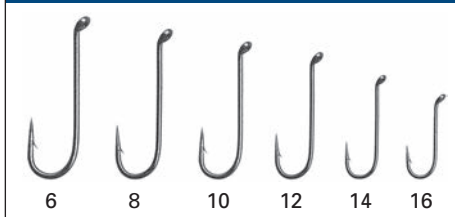

1710 (Bronze)

Round bend, down-eye, 1X-heavy wire, 2X-long shank, forged

Uses: Wet Flies, Standard Nymph Patterns, Muddlers, Hoppers

Up-Eye Nymph Hook

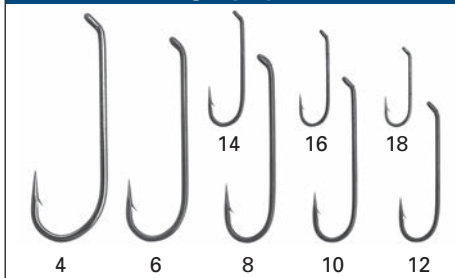

1740 (Bronze)

Round bend, up-eye, 2X-heavy wire, 2X-long shank

Uses: Standard Nymph Patterns

3X-Long Nymph Hook

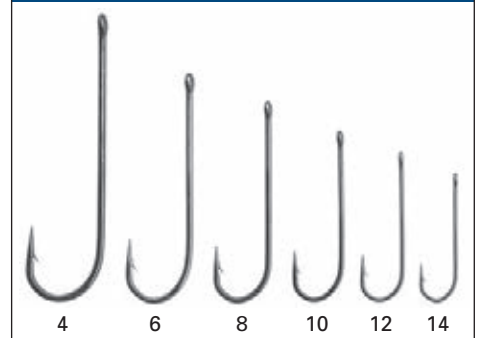

1720 (Bronze)

Round bend, down-eye, 1X-heavy wire, 3X-long shank, forged

Uses: Muddlers, Long-Bodied Nymphs, Woolly Buggers, Small Streamers

Straight-Eye Streamer Hook

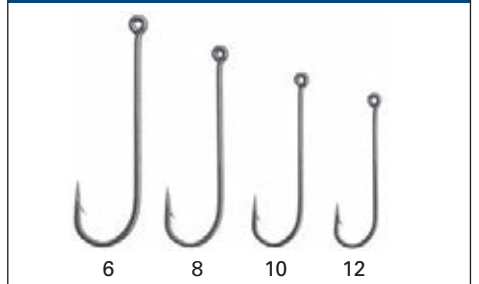

1750 (Bronze)

Round bend, straight-eye, 1X-heavy wire, 4X-long shank, forged

Uses: Muddlers, Streamers, Zonkers, Bucktails

Flat-Eye Streamer Hook

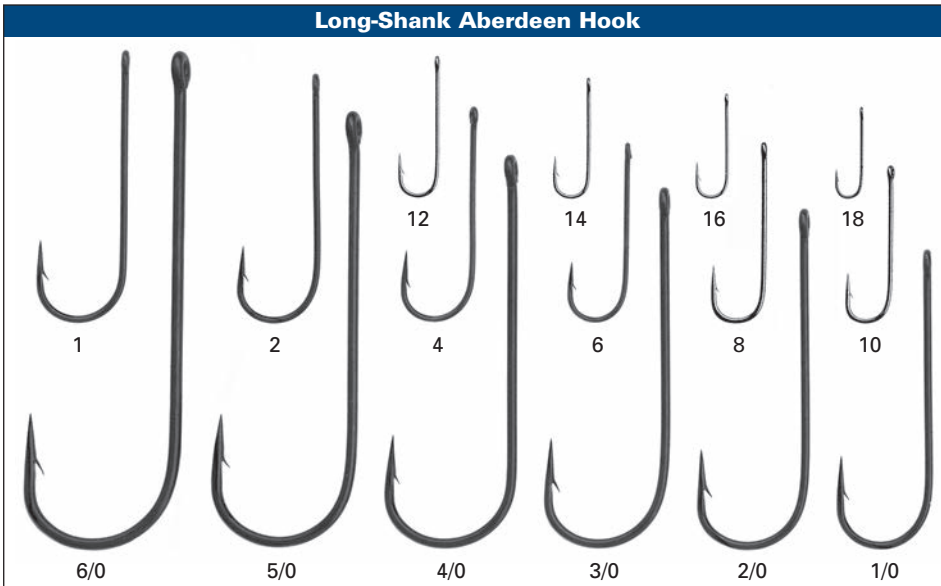

1850 (Bronze)

Round bend, flat, straight-eye, 1X-heavy wire, 4X-long shank, forged

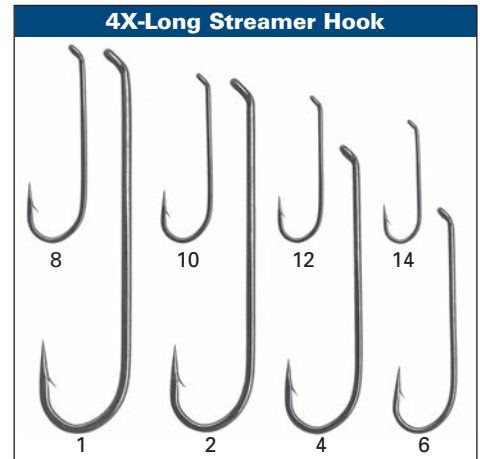

Uses: Free-Swimming Streamer Patterns

2460 (Bronze) 2461 (Black)
 Aberdeen bend, straight-eye, standard wire, 3X-long shank
 Uses: Bass & Pike Flies, Long-Bodyed Dry Flies, Bead Flies, Poppers

2220 (Bronze)
 Round bend, down-eye, 1X-heavy wire, 4X-long shank, forged
 Uses: Streamers, Muddlers, Woolly Buggers, Zonkers, Bucktails

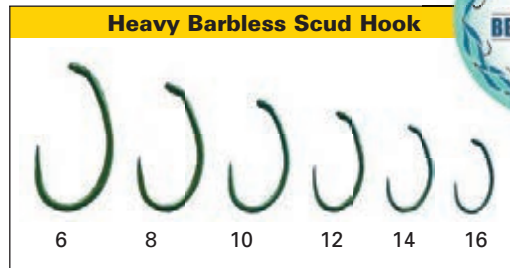

2370 (Bronze)
 Modified Limerick bend, tapered-loop eye, 3X-heavy wire, 7X-long shank
 Uses: Classic Streamers

1120 (Bronze)
 Continuous bend, down-eye, 2X-heavy wire, 1X-short shank, forged, reversed
 Uses: Scud, Shrimp, Grubs, Pupae, San Juan Worms, Nymphs

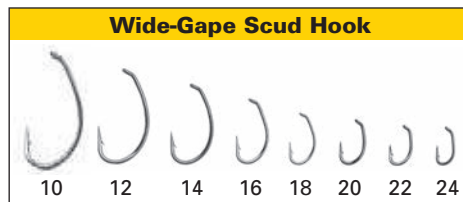

CURVED HOOKS

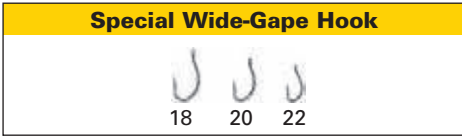

1920 (Matte Bronze) 1924 (Matte Green)
1925 (Matte Brown) 1928 (Matte Grey)
1929 (Matte Black)
 Barbless, Heavy Wire, Czech Style
Suggested flies: Scuds, Czech Nymphs, Caddis Nymph

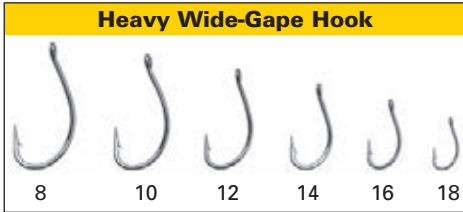

1924

1130 (Bronze)
 Continuous bend, down-eye, 1X-fine wire, 1X-short shank, forged, reversed
 Uses: Scud, Shrimp, Grubs, Pupae, San Juan Worms, Nymphs

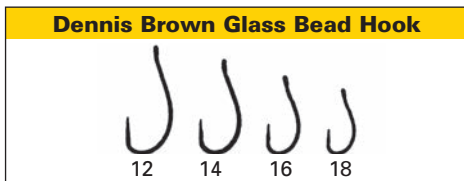

1140 (Bronze)
 Continuous bend, up-eye, 1X-fine wire,
 1X-short shank, forged, reversed

1150 (Bronze) 1153 (Red)
 Continuous bend, up-eye, 1X-heavy wire,
 forged, reversed
 Uses: Scud, Shrimp, Grubs, Pupae, San Juan
 Worms, Nymphs

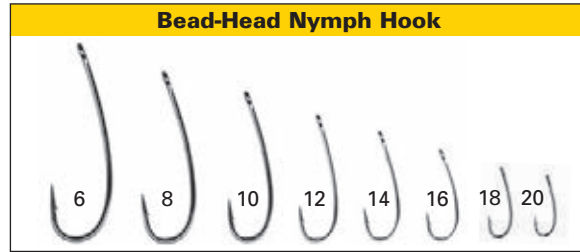

1160 (Bronze) 1167 (Black Nickel)
 Curved shank, wide gape, slightly heavy
 wire, straight-eye
 Uses: Klinkhamers, Emergers, Caseless
 Caddis Nymphs and Gammarus Patterns

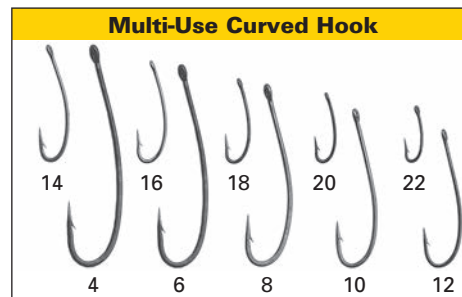

1250 (Bronze) 1251 (Black)
 Continuous bend, up-eye, standard wire,
 1X-long, barbless, slightly offset
 Uses: Killer Caddis,™ Beaded Nymphs,
 Scuds, Shrimp, Grubs, Pupae

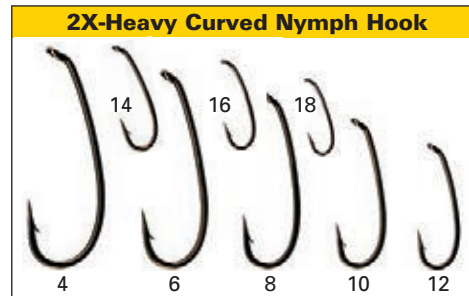

Warning: These products MAY expose you to chemicals
 which are known to the State of California to cause
 cancer, birth defects and/or other reproductive harm.
 For more information go to www.P65Warnings.ca.gov.

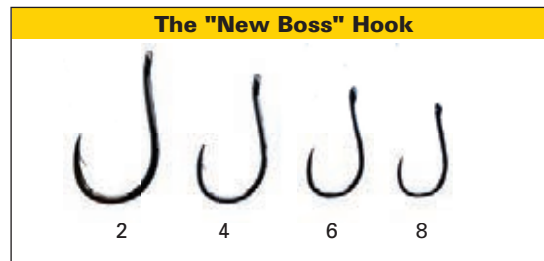

1260 (Bronze)
 Round bend, straight-eye, curved shank
 Uses: Bead Head Nymphs, Hoppers, Terres-
 trials. Easy to use with beads of all types.

1270 (Bronze) 1273 (Red) (8-22)
 York bend, straight-eye, 3X-long shank, forged
 Uses: Hoppers, Terrestrials, Stoneflies,
 Nymphs, Midges

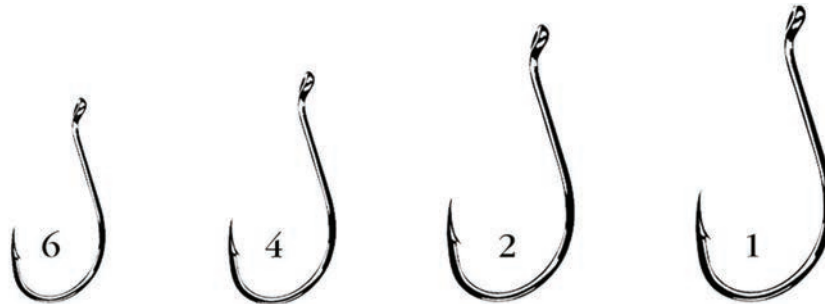

1760 (Bronze)
 Round bend, down-eye, 2x-heavy wire, 2x-long,
 curved shank, forged
 Uses: Flies for steelhead, salmon and large trout

2581 (Black Nickel)
 Round bend, heavy wire, short shank, beak bend, wide-
 gape, reversed
Uses: Multi-use hook for large trout, salmon, etc.

Red Octopus Hook - Intruder Trailer Hook

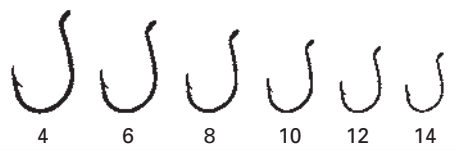

2553 (Red) (all sizes) 2557 (Black Nickel) (sizes 6 - 1)

Beak bend, wide-gape, up-eye, forged, reversed

Uses: Saltwater and Salmon Flies. Sizes 6-1 are common for Intruder and Stinger flies, trailing hooks

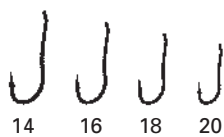

Salmon Egg Hook

4250 (Bronze) 4253 (Red) 4255 (Gold)

Standard egg hook, no slice on shank, reversed

Darrel Martin's Dry Fly Hook

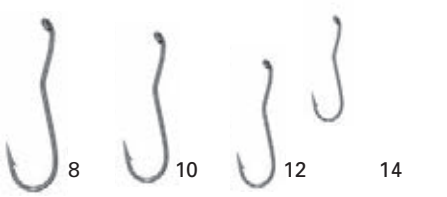

1220 (Bronze) 1222 (LowViz Silver)

Sproat bend, upturned tapered shank, down-eye, standard wire, forged, "mini-barb", slightly offset

Uses: Traditional Dry Flies

Paul Weamer's Mayfly Hook

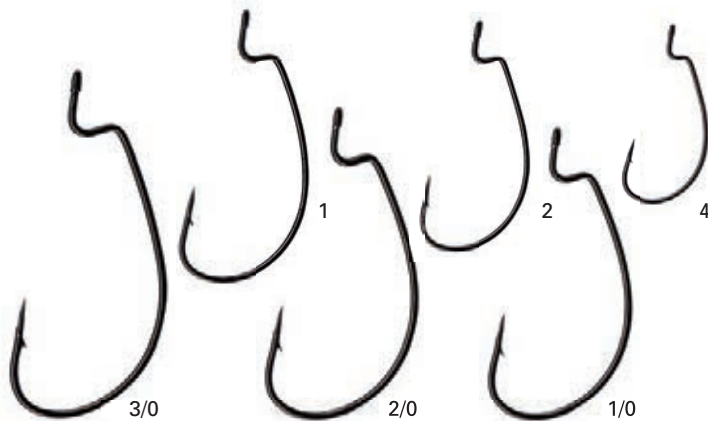

1230 (Bronze)

Round bend, 2X-long upturned shank, down-eye, "mini-barb"

Uses: Dry flies, Paul Weamer's flies

SPECIALTY HOOKS

Wide-Gape XPoint® "J" Hook

X-15 (Black Nickel)

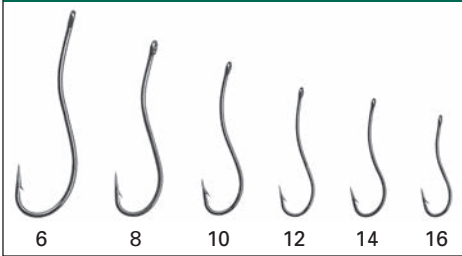

Wide-gape sproat bend, straight-eye standard wire, XPoint

Uses: Bass, Pike & Saltwater Flies, Keeled Flies & use with Vinyl Bass Baits

Warning: These products MAY expose you to chemicals which are known to the State of California to cause cancer, birth defects and/or other reproductive harm. For more information go to www.P65Warnings.ca.gov.

Swimming Nymph Hook

1770 (Bronze)

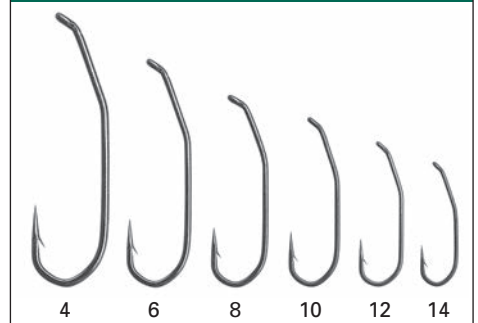

Sproat bend, straight-eye, 1X-fine wire, 3X-long curved shank, forged

Uses: Swimming Nymphs, Leeches, San Juan Worms

"Hop on Pop" on Daiichi 2720-3/0
Tied by: Craig Munson

Stonefly Nymph Hook

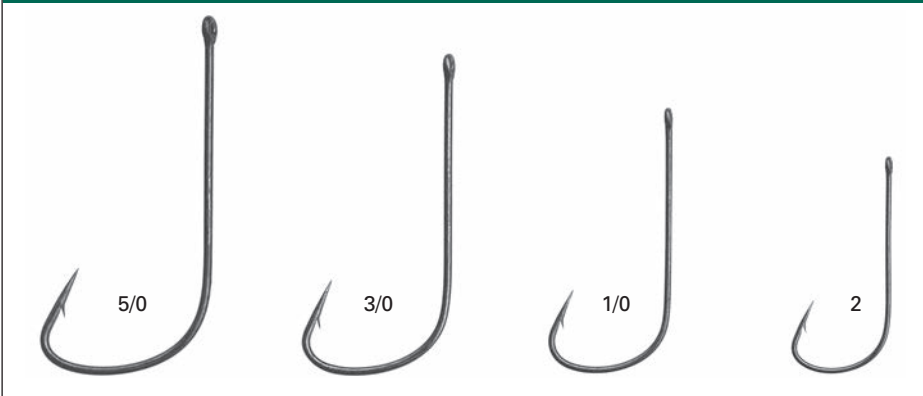

1730 (Bronze)

Round bend, down-eye, bent down shank, 1X-heavy wire, 3X-long shank, forged

Uses: Stonefly Nymphs, Crab Patterns

Wide-Gape "Stinger" Hook

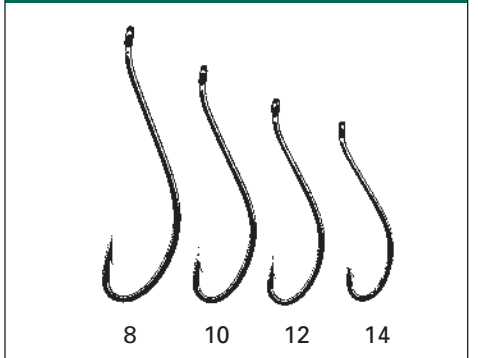

2720 (Bronze) 2722 (Nickel)

Wide-gape bend, straight eye, 1X-fine wire

Uses: Deer Hair Bass Bugs, Divers, Frogs, Mice

Larva Hook

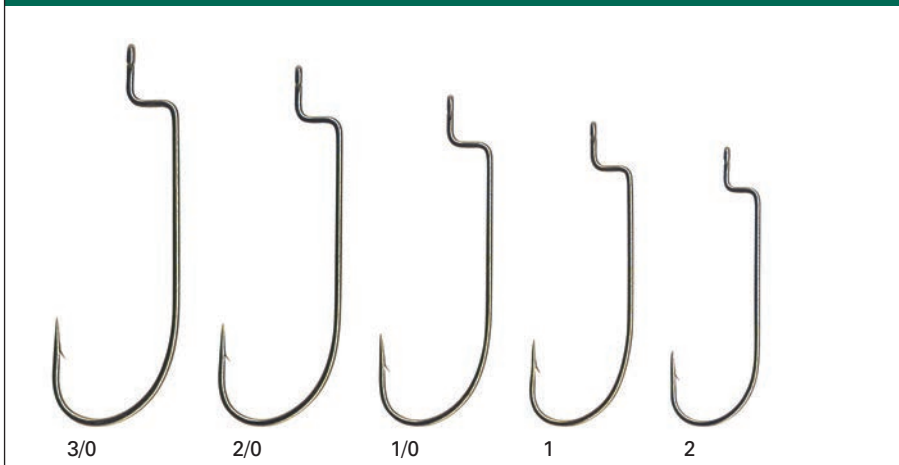

1870 (Bronze)

York bend, up-eye, 3X-long shank, 2X-heavy wire

Uses: Swimming Nymphs and Larval Insect Patterns

Standard "J" Hook

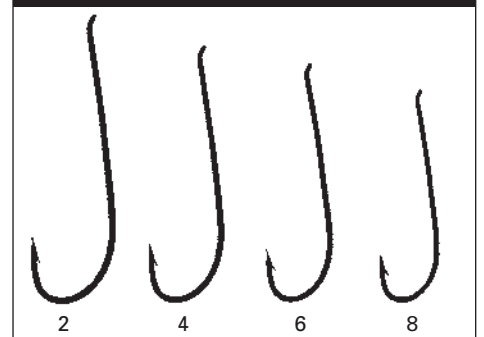

4350 (Bronze)

Sproat bend, standard wire, straight-eye, bronze

Uses: Bass, Pike & Saltwater Flies, Keeled Flies & use with Vinyl Bass Baits

Bob Veverka's "Classic Salmon Hook"

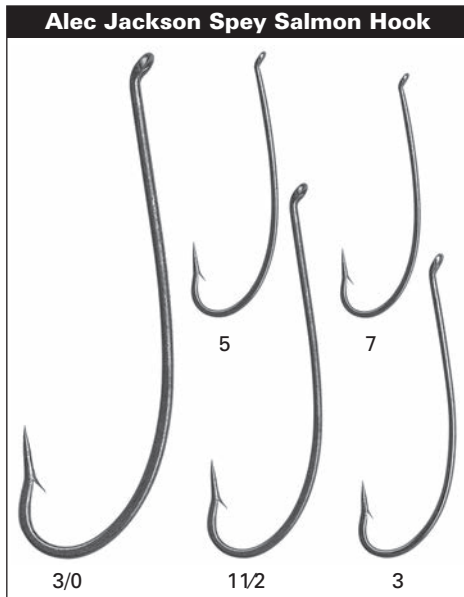

2131 (Black) 2135 (Gold) 2139 (Blue)

Slightly curved shank, tapered-loop up-eye, slightly offset point

Uses: Classic Atlantic Salmon Flies, Salmon and Steelhead Dry Flies

SALMON HOOKS

2050 (Bronze) 2051 (Black)

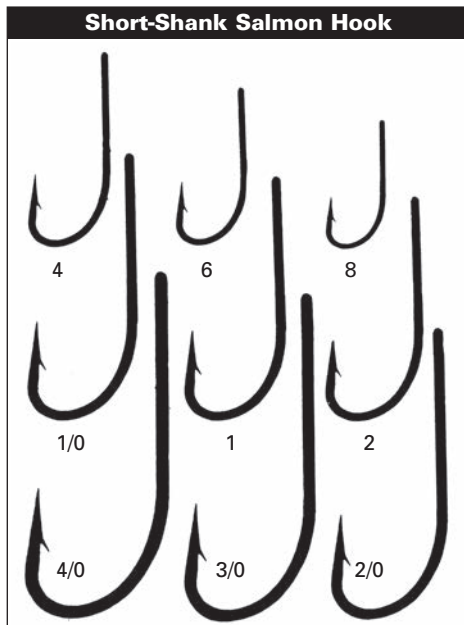

Curved shank, tapered-loop up-eye, forged bend

Uses: Steelhead and Atlantic Salmon Flies

2060 (Bronze) 2061 (Black) 2062 (Nickel)

Alec Jackson Heavy Wire Spey Fly Hook

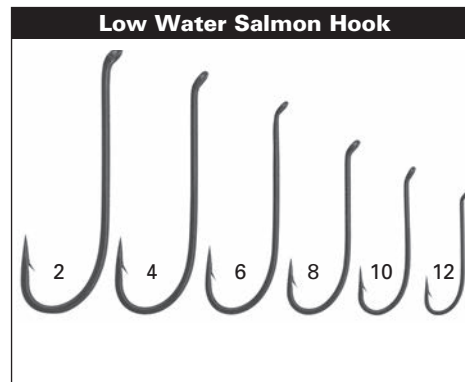

Same Shape as Alec's standard spey hooks, but the heavy wire gives deep presentation.

2451 (Black)

O'Shaughnessy bend, straight eye, forged, heavy wire

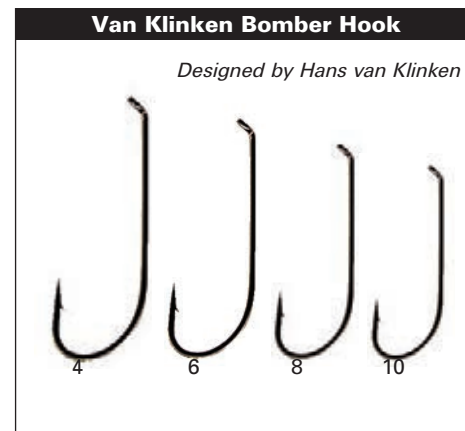

Uses: Bottom Searching Steelhead Flies

2421 (Black)

Tapered-loop up-eye, forged

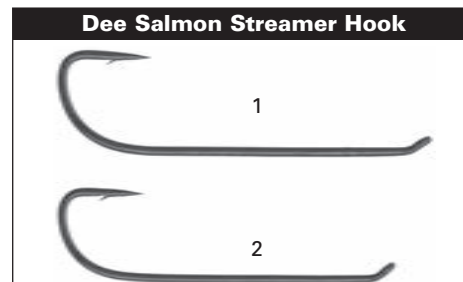

Uses: Low Water Patterns, Salmon/Steelhead Dry Flies

2110 (Bronze) 2117 (Black)

Wide-gape, Limerick bend, medium wire, down-eye, forged

Uses: Bombers and other flies for salmon, steelhead, bass or large trout

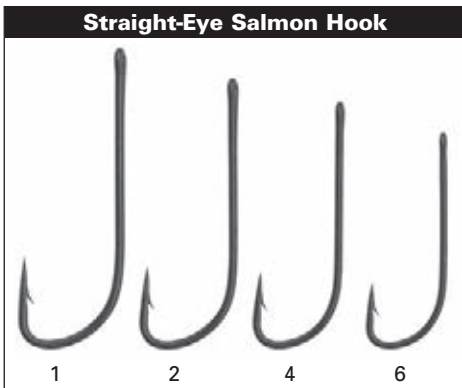

2271 (Black)

Limerick bend, tapered-loop down-eye, 1X-heavy wire, forged

Uses: Spey and Dee Steelhead and Salmon Flies, Salmon Streamers

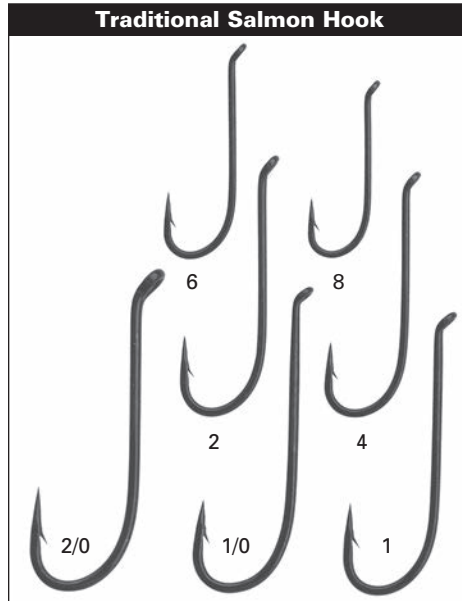

Warning: These products MAY expose you to chemicals which are known to the State of California to cause cancer, birth defects and/or other reproductive harm. For more information go to www.P65Warnings.ca.gov.

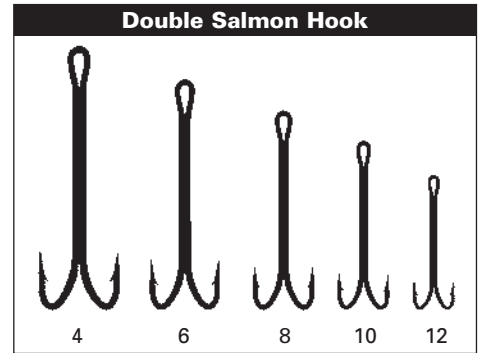

2141 (Black)
Limerick bend, tapered loop eye, 1X-heavy wire, forged

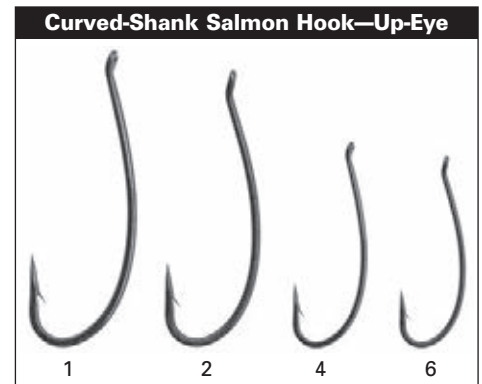

Jerry McBride and some members of the Inland Empire Fly Fishing Club in Spokane, WA tied up some balanced flies on the Daiichi 4647 recently. This tasty looking nymph is an example of their efforts. Jerry says he's landed 10 lb. Rainbows on a 4640 size 10 without any problems. Nice Fly Jerry! Thanks for sharing.

2441 (Black)
Tapered-loop up-eye, 1X-heavy wire, forged
Uses: Classic Atlantic Salmon Wet Flies, Hairwing Salmon/Steelhead Flies

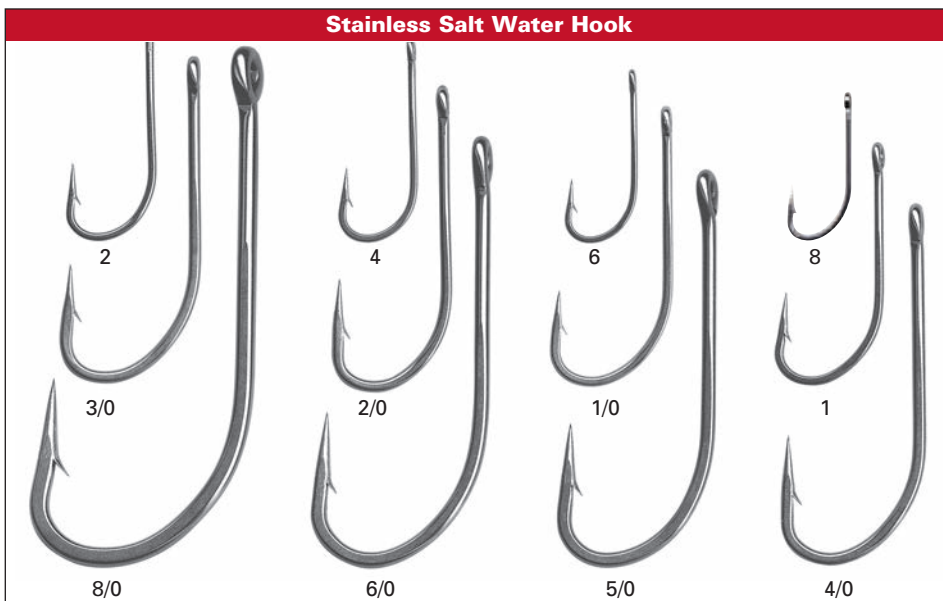

7131 (Black)
Limerick bend, loop up-eye, forged
Uses: Salmon Doubles

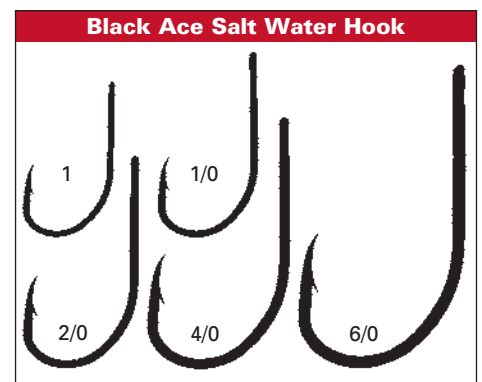

2161 (Black)
Curved shank, tapered-loop up-eye, forged
Uses: Salmon/Steelhead Flies and Nymphs

 Warning: These products MAY expose you to chemicals which are known to the State of California to cause cancer, birth defects and/or other reproductive harm. For more information go to www.P65Warnings.ca.gov.

SALTWATER HOOKS

2546 (Stainless Steel)
O'Shaughnessy bend, straight eye, forged, stainless steel, ground needle point
Uses: Salt Water Fly Patterns. Size 8 commonly used for Crab & Shrimp Patterns

3111 (Black)
O'Shaughnessy bend, beak point, 2X-short shank, straight-eye, forged, reversed
Uses: Saltwater, Salmon and Steelhead Flies

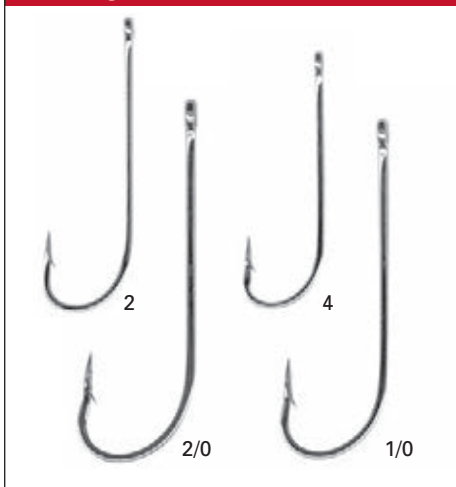

Circle-Wide™ Hook

3847 (Black Nickel)

Wide-gape bend, beak point, straight eye, 2X-short shank, forged, reversed
 Uses: Saltwater Flies

Long Shank Salt Water Hook

X472 (White Saltwater Finish)

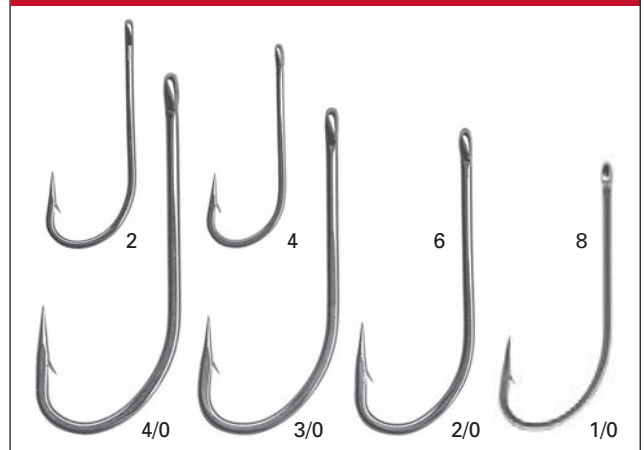

O'Shaughnessy bend, straight eye, 3X-long shank, forged, XPoint

Uses: Saltwater poppers & streamers

Warning: These products MAY expose you to chemicals which are known to the State of California to cause cancer, birth defects and/or other reproductive harm. For more information go to www.P65Warnings.ca.gov.

Salt Water Hook

X452 (White Saltwater Finish)

O'Shaughnessy bend, straight eye, forged, XPoint
 Uses: Salt Water Fly Patterns

JIG HOOKS

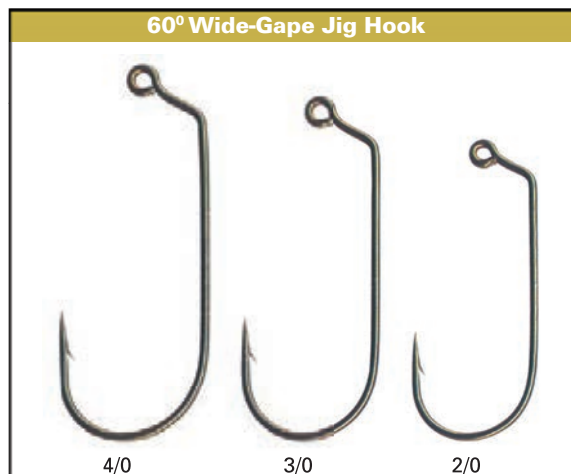

Meat Hook

3797 (Black Nickel)

Sneck bend, straight eye, 3X-short shank, 2X-heavy wire, forged
 Uses: Saltwater Flies

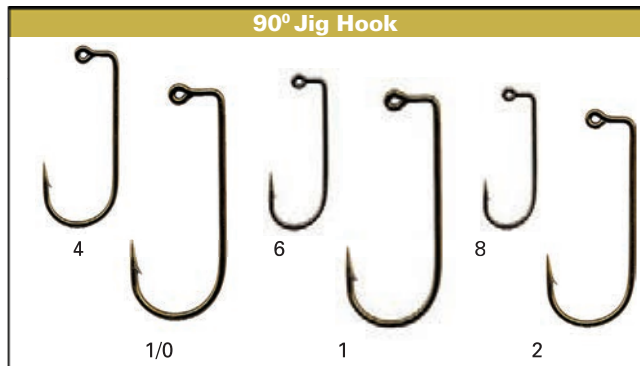

60° Wide-Gape Jig Hook

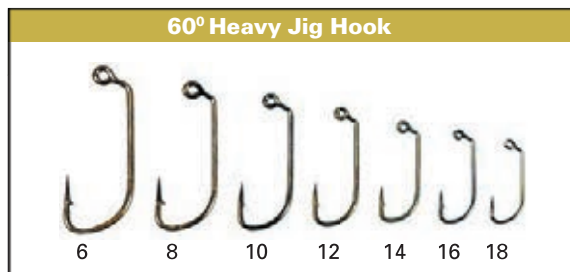

4630 (Bronze)

Round bend, flat-eye, standard wire
 Uses: Flies & Jigs for Bass, Pike & Saltwater, Keeled Flies

 Warning: These products MAY expose you to chemicals which are known to the State of California to cause cancer, birth defects and/or other reproductive harm. For more information go to www.P65Warnings.ca.gov.

4660 (Bronze) 4663 (Red)
 Round bend, standard wire, 90° bend, flat eye
 Uses: Jigs, Flies for float fishing

4640 (Bronze) 4647 (Black Nickel)
 Limerick bend, heavy wire, long shank, bent 60 degrees, flat eye, forged.
Uses: Jigs and flies for float fishing, or fly fishing with a float.

4690 (Matte Bronze) 4694 (Matte Green)
4695 (Matte Brown) 4698 (Matte Grey)
4699 (Matte Black)
 60 degree bend flat eye jig hook, barbless, 2X shank, heavy wire, spear point.
Uses: Barbless Euro nymph hook

SHOW THE WORLD THAT YOU LOVE DAIICHI HOOKS!

Daiichi[®] Ball Caps

DHAT - Specify Color (Black, White)

If you love Daiichi[®] hooks you'll love sporting our new headwear with a "Dangerously Sharp" Hook piercing the Daiichi[®] Logo. These hats are light and airy yet they'll provide plenty of sun protection. They feature a velcro adjustment in back so one size fits all. Choose from Navy Blue or Classy White and let the world know you're a serious angler.

Daiichi[®] Stickers

DSTICKER - DAIICHI STICKER

Tons of folks love brand stickers. We get asked for them all the time. Our latest sticker is 2x5" and has our Logo on the same silver background as our retail packs.

"Daiichi[®]" is a registered trademark in seven countries of Ranger Outdoors, LLC. All rights and privileges in using the "Daiichi[®]" Name, Logo, Trademark and Brand world-wide belong exclusively to Ranger Outdoors, LLC .

BOBBINS AND BOBBIN TOOLS

 Warning: These products MAY expose you to chemicals which are known to the State of California to cause cancer, birth defects and/or other reproductive harm. For more information go to www.P65Warnings.ca.gov.

Standard Ceramic Bobbin WBSC

Smooth operating, durable Wasatch Standard Ceramic Bobbin features high quality, well finished stainless steel limbs and a barrel made entirely from silky smooth white ceramic. The limbs can be adjusted inward or outward to provide the right amount of tension on your thread spools. The larger, 9mm polished brass bearing beads provide the extra weight needed to hold fly parts secure when the bobbin is hanging. Deeply lustrous wood trim enhances both function and aesthetics.

Mini Ceramic Bobbin WBMC

Delicate, graceful Wasatch Mini Ceramic Bobbin is especially suited to tiers who tie small flies. Features barrel made entirely from silky smooth white ceramic, well-finished stainless steel limbs and 7mm brass spool bearing beads. Although this bobbin is perfect for tying with smaller spooled Pearsall's silk thread, you may find that with some adjustment of the legs, a standard size spool can be accommodated.

Saltwater Ceramic Bobbin WBSWC

It's easy to maintain control and reach the back of long flies with this Wasatch Salt Water Ceramic Bobbin, featuring a barrel made entirely from silky smooth white ceramic. Well-finished, extended stainless steel limbs, lustrous wooden grip, and beautiful large brass tension beads provide the right amount of weight and tension needed to hold fly parts secure when the bobbin is hanging. Engineered to last a lifetime.

Loop Bobbin Threader WBL

Simple, dependable wire loop bobbin threaders feature a lustrous wood handle. These threaders can perform many tasks besides pulling thread through a bobbin tube, such as pulling rubber legs through hair bugs or threading monofilament through the end of a fly line.

Rotating Bobbin Threader WBR

Ideal for narrow-tubed bobbins and silk thread. This style of bobbin threader is the easiest to use because it does not require you to thread the threader. Simply insert into the tube, "grab" the thread with a twist of the hooked tip, and pull it back through. This threader will work with all of our bobbins. A must have for you and your friends.

BODKINS

Warning: These products MAY expose you to chemicals which are known to the State of California to cause cancer, birth defects and/or other reproductive harm. For more information go to www.P65Warnings.ca.gov

Bodkin/Half Hitch Tool WMBHH

Beautifully balanced for precise manipulation of materials. Cocobolo handle with gold trim, half hitch tool and very sharp, appropriate size needle to perform the task of rearranging a single fiber or cleaning head cement from the eye of the hook.

Heavy Bodkin WMHB

The fine tip of the Heavy Bodkin was made to facilitate in the application of the tip-of-the-tag many tiers apply to salmon and steelhead patterns to put a smooth finish on the floss wraps. The multi-dimensional tip allows users to reach anywhere needed. AND like many tools in the hands for a fly tier, it functions great in several other roles as well.

Thread Splitter Bodkin **WMTSB**

Short stiff, very sharp needle is perfect for splitting thread to facilitate very fine dubbed bodies.

SCISSORS

Warning: These products MAY expose you to chemicals which are known to the State of California to cause cancer, birth defects and/or other reproductive harm. For more information go to www.P65Warnings.ca.gov.

2.5 inch Straight Scissors **WS25**

Overall Length 5 1/4" Blade Length 2.5". Our most generous scissor with comfortable, oversized gold finger loops, and blades that make cutting Fly Fur silky smooth. Super fine tips ensure precision cutting, while the micro-serrated blade (zoom in on the last photo) lightly holds the material as you cut rather than pushing it out of the blades. Easily adjustable tension knob lets you choose the tightness of the blades to control your cutting on various materials. A must have.

2 inch Straight Scissors **WS2**

Overall Length 4 3/4". Blade length measured from center of screw is 2". Super fine tips ensure precision cutting, while the micro-serrated blade lightly holds the material as you cut rather than pushing it out of the blades. Easily adjustable tension knob lets you choose the tightness of the blades to control your cutting on various materials and sharpen as needed. A must have.

1.5 inch Straight Scissors **WS15**

Overall Length 4". Blade length measured from center of screw is 1.5". Super fine tips ensure precision cutting, while the micro-serrated blade lightly holds the material as you cut rather than pushing it out of the blades. Easily adjustable tension knob lets you choose the tightness of the blades to control your cutting on various materials and sharpen as needed. A must have.

1.25 inch Straight Scissors WS125

Overall Length 3 3/4". Blade length measured from center of screw is 1.25". Super fine tips ensure precision cutting, while the micro-serrated blade lightly holds the material as you cut rather than pushing it out of the blades. Easily adjustable tension knob lets you choose the tightness of the blades to control your cutting on various materials and sharpen as needed. A must have.

2 inch Curved Scissors WS2C

5" overall length curved scissors. These fly tying scissors feature curved blades with large smooth gold finger loops. Scissors have a burnished satin no glare finish. Serrated blades grab the material slightly as you cut holding onto the fly tying material rather than pushing it out of the scissor blades. Surgical quality steel ensures long life.

WHIP FINISHERS

Warning: These products MAY expose you to chemicals which are known to the State of California to cause cancer, birth defects and/or other reproductive harm. For more information go to www.P65Warnings.ca.gov.

Standard Whip Finisher

WWFS

The fundamental way of finishing a fly, a whip finish will create a small neat head that is very durable.

Extended Whip Finisher

WWFE

Works the same as the standard whip finisher, but is more versatile because it can place a whip-finish knot at the rear or center of a large fly.

Salt Water Whip Finisher

WWFSW

Exotic hardwood handle and brilliant polished finish make this tool an heirloom you want to pass on.

Spring Whip Finisher

WWFSP

Amazing whip finisher for handling very fine threads. The spring tensioner on this tool absorbs the jerks and pulls that may break the finest of threads.

Spring Midge Whip Finisher

WWFSPM

Amazing whip finisher for handling very fine threads. The spring tensioner on this tool absorbs the jerks and pulls that may break the finest of threads.

HAIR STACKERS

Warning: These products MAY expose you to chemicals which are known to the State of California to cause cancer, birth defects and/or other reproductive harm. For more information go to www.P65Warnings.ca.gov.

Large Hair Stacker WHLHS

Perfect for larger streamer patterns. Most hair grows on animals in random lengths. A stacker enables you to bring all of the hair tips to the same plane quickly.

Total Height: 2 3/8 inches / 62mm

Inside Diameter of Stacker: 7/16 inch / 11mm

Medium Hair Stacker WHMHS

Perfect for terrestrials. Many fly patterns require hair that is perfectly even at the tips. Most hair grows on animals in random lengths. A stacker enables you to bring all of the hair tips to the same plane quickly.

Total Height: 2 3/8 inches / 62mm

Inside Diameter of Stacker: 3/8 inch / 10mm

Small Hair Stacker

WHSHS

Perfect for hair wings. Many fly patterns require hair that is perfectly even at the tips. Most hair grows on animals in random lengths. A stacker enables you to bring all of the hair tips to the same plane quickly.

Total Height: 1 3/4 inches / 43mm

Inside Diameter of Stacker: 1/4 inch / 6mm

Micro Hair Stacker

WHMIHS

Perfect for your small flies. Many fly patterns require hair that is perfectly even at the tips. Most hair grows on animals in random lengths. A stacker enables you to bring all of the hair tips to the same plane quickly.

Total Height: 1 3/4 inches / 43mm

Inside Diameter of Stacker: 3/16 inch / 4mm

DUBBING TOOLS

Warning: These products MAY expose you to chemicals which are known to the State of California to cause cancer, birth defects and/or other reproductive harm. For more information go to www.P65Warnings.ca.gov.

Standard Dubbing Brush

WDSTB

Great for quickly achieving an ultra-shaggy, ultra-buggy appeal to give your fly life-like movement, the wood handled Wasatch Dubbing Brush makes teasing tightly wound dubbings ultra-easy.

Soft Dubbing Brush

WDSB

Great for quickly achieving an ultra-shaggy, ultra-buggy appeal to give your fly life-like movement, the wood handled Wasatch Soft Dubbing Brush makes teasing tightly wound dubbings ultra-easy. Soft brush roughs up dubbing without damage to ribbing or thread as can happen

Standard Dubbing Picker

WDSTP

Efficient Dubbing Picker for teasing dubbings and creating rough, natural looking nymphs.

Midge Dubbing Picker WDM

Simple, attractive, and efficient too, the micro-barbed Wasatch Midge Dubbing Picker is certain to make teasing dubbings and creating rough, natural looking nymphs on smaller sized flies a breeze.

Wood Dubbing Whirler WDW

Dubbing twisters are handy tools for dubbing and other materials using the loop method to make very shaggy dubbed bodies.

Shepherd's Hook Turbo Whirler WDSHT

This has a small hook on it, used to make hair hackle dubbing brushes or to create your own dubbing brushes.

Rotary Shepherd's Hook WDSH

Dubbing tools are great for attaching dubbing and other materials using the loop method to make very shaggy dubbed bodies. When you need to create looped dubbing this is the tool to reach for on your tying desk.

Rotary Dubbing Hook WDR

Dubbing tools are great for attaching dubbing and other materials using the loop method to make very shaggy dubbed bodies. When you need to create looped dubbing this is the tool to reach for on your tying desk.

HOPPER LEG TOOLS

Warning: These products MAY expose you to chemicals which are known to the State of California to cause cancer, birth defects and/or other reproductive harm. For more information go to www.P65Warnings.ca.gov.

Large Hopper Leg Tool WMLH

Make hopper legs headache-free. Our hopper leg knot tying tool is designed specifically to tie knotted legs in hopper and cricket fly tying patterns. The leg knot tying tool can be used with turkey quills, pheasant tails, and rubber legs. Use the small one for making small to medium knots and the large one for bigger materials (i.e. rubber legs, etc).

Small Hopper Leg Tool WMSH

Make hopper legs headache-free. Our hopper leg knot tying tool is designed specifically to tie knotted legs in hopper and cricket fly tying patterns. The leg knot tying tool can be used with turkey quills, pheasant tails, and rubber legs. Use the small one for making small to medium knots and the large one for bigger materials (i.e. rubber legs, etc).

MISCELLANEOUS

Warning: These products MAY expose you to chemicals which are known to the State of California to cause cancer, birth defects and/or other reproductive harm. For more information go to www.P65Warnings.ca.gov.

Aluminum Tool Bar WVA

Burnishing Tool WMB

This tool is designed for smoothing floss bodies. Rub the tool across a floss body to remove all of the lumps & bumps.

Cement Applicator WMCA

This tool holds a drop of head cement so that it can be applied in a perfectly smooth, predictable fashion.

Fur Comb WMFC

This is a great tool for separating under fur from guard hairs or simply straightening and cleaning natural or synthetic hair.

Reverse Action Tweezer WMRAT

Great for picking up small hooks & delicate beads.

Revolving Hackle Pliers WHR

These hackle pliers rotate on the handle providing even tension and a clear line of sight. One side of the unique rubber tipped clip is flat so that it may be worked very close to other material, such as when winding a parachute hackle.

Short Test Clip Hackle Pliers WHSTC

Long favored clip pliers by tyers like Jack Gartside and Craig Mathews, these are an updated version of the old design. Has a wood insert and are reworked to hold hackle tight.

Long Test Clip Hackle Pliers WHLTC

These make perfect hackle pliers when working with delicate soft hackle feathers, especially on little English/Wet flies.

Bead Cup WVSBC

Beautifully hand turned, these unique bead cups are made of stabilized maple. Polished to a silky smooth finish with our environmentally friendly waxes, these distinctive cups will provide a lifetime of pleasurable sorting and easy access to such essentials as beads, eyes, hooks, and the like. The perfect accompaniment and gift for the tyer who has a well appointed setup. Comes with optional red felt bottom. Each bead cup has unique dimensions-sizes range between 1 7/8" to 2 1/16" diameter, and 5/8" to 7/8" in height.

Flush Cutter WSFC

These easy to hold 5" cutters with carbide tip inserts are made for snipping through wires with ease. Especially helpful when using our 5D brushes for your streamer patterns, these pliers will see you through many a lure without flinching. They are not spring loaded, so you have maximum control. Plus, they're beautiful.

Fly TRAP

KIT PRO SERIES

WINNER!
Outdoor Canada Magazine's
"Best Organizer"
2009 GEAR GUIDE

Patented silicone designs gives hooks a better grip than foam or faux fur can offer and rotates minimizing rub. Barbed flies must pierce through the silicone wall to ensure the flies are trapped!

- Securely store over 2 dozen flies and 2 dropper rigs without having to get into your fly box every time you need to rig-up
- Quickly click the flies and rigs that just aren't working
- Interchangeable and replaceable cylinders - collect multiple cylinders to quickly interchange custom selections or specific patterns large and small
- Clip several tools onto the durable accessory part
- Hold up to 7 spools of tippet or add an extra cylinder to hold 25 more flies
- Clip on vertically or horizontally

HOLDS :: FLIES :: TOOLS :: DROPPER RIGS :: TIPPET

Here are five slim-style boxes which are perfect for carrying a day's worth of fishing flies. Three compartment configurations and two with EasyGrip Foam in the base. Crafted from rugged clear ABS plastic with full stainless steel hinges and snap closures. Compartment boxes have full partitions to keep contents from migrating.

Boxes ride easily in a shirt or fishing vest pocket. EasyGrip Foam has slits that act as fly keepers and small cutouts to guide flies into slits.

These are quality boxes at a reasonable price.

High-Quality Polypropylene Boxes

Utility boxes from Meiho with countless uses. Individual multi-compartment boxes have their own flip lids that snap tight. Eight compartment and four-compartment boxes for everything from hooks to pills. "Pocket Size" seven compartment box is versatile. Larger M-190 has a positive latch and lid seat. All boxes have living hinges.

SKU	Description	SIZE
M-68	Four In-Line Compartments with Individual Lids	3.5 x 1.4 x 1 inches
M-69	Eight In-Line Compartments with Individual Lids	7 x 1.4 x 1 inches
M-61	Seven Compartments with Individual Lids, Pocket Size	3.7 x 2.75 x .675 inches
M-190	Large, Deep Single Compartment	7.4 x 4.35 x 1.7 inches

 Warning: These products MAY expose you to chemicals which are known to the State of California to cause cancer, birth defects and/or other reproductive harm. For more information go to www.P65Warnings.ca.gov.

Run & Gun Cases

Here is a unique design from Meiho which can't be beat. Back to back compartments in three configurations - utility style with nine movable partitions in each compartment, utility style one side and slit foam in the other, slit foam in both compartments. Lids made from clear polypropylene. Dual stainless piano hinges. Lids have overlapping closure with positive two-point latch mechanism. Slit foam is Meiho's new design with easy-to-see slit lines milled to provide a bevel chamfer cut at the surface. Bright colors and fantastic "fit and finish."

SKU	Description	SIZE
M-83	Partitioned Compartments Both Sides, White	6.875" x 4.2" x 1.5"
M-84	Partitioned Compartment plus Slit Foam	6.875" x 4.2" x 1.5"
M-85	Slit Foam Compartments Both Sides, Yellow	6.875" x 4.2" x 1.5"

DINSMORES CLASSIC TIN/LEAD SHOT

Dinsmores environmentally friendly tin split shot is available in six-shot, five-shot, four-shot, & single-shot dispensers as well as refills. Dinsmores is offered in "algae green" and black, and either round or egg-shaped designs. Because of its known toxicity, lead shot is on the "endangered species" list. Several states and federal parks have banned the use and/or purchase of lead. By stocking the entire Dinsmores product line of tin only split shot you will increase your inventory turns, thus growing your sales and earning you higher profits.

Point of purchase displays are provided FREE with a stocking order of \$400, or order our standard pre-pack. Peg-Board Ready or Stand Alone.

DGE-POP1 – Pre-Pack for Green Eggs

Serious Anglers Strike Indicators

Foamdicators

These highly buoyant, brightly colored molded plastic foam indicators are slit longitudinally to capture the leader. A rubber tube in the slit is twisted to hold the leader in place. Again this means the indicator position can be altered without disturbing the fly. Will not absorb water so they ride high indefinitely. Four per package.

SA5011 Small Orange
SA5013 Med. Orange

Lid Rigs

New magnetic nipper which clips to your hat, vest, pack and holds the nipper magnetically. Includes a hook sharpener and bottle opener. Features no springs to ever wear out as the action is supplied by opposing magnets. Made in the USA.

Magnetic Nippers and Hook Sharpener SKU: LIDRIG

Warning: These products MAY expose you to chemicals which are known to the State of California to cause cancer, birth defects and/or other reproductive harm. For more information go to www.P65Warnings.ca.gov.

SPUDZ

Spudz are the most convenient microfiber cleaning cloths for your outdoor experience. What makes Spudz so convenient is the design. Unlike other lens cloths, the Spudz lens cloth stays attached to the inside of a storage pouch. A snap hook also provides an easy way to clip it and keep it where you want it.

Whether you get water, fingerprints, sunblock, dirt, grime or any other airborne particles on your sport optics- Spudz will shine them up quickly without scratching.

Sizes Available

SKU	Description
SPFD01	Spudz Standard 6" x 6" (specify caddis fly, bass, redfish, trout, tarpon, rainbow)
SPBK20	Spudz Large Size 10" x 10" (black)

Warning: These products MAY expose you to chemicals which are known to the State of California to cause cancer, birth defects and/or other reproductive harm. For more information go to www.P65Warnings.ca.gov.

The Loop

Four accessory snaps, chamois, shirt clip, foam fly patches.
 ORDER CODE: 715-04
 NOT PICTURED

Aluminum Tippet Tool

A new way to organize and carry your tippet spools. Made from machined and anodized aluminum instead of plastic, this tippet carrier is strong and built to last! Simple but functional design, easy to use, and available in four different colors so you can add some style to your day on the water! Holds up to six tippet spools.

PKO101 ROPE KNOT Cards *Outdoor Knots*

Packaging: Individual - 3"x7" header card with hang hole. Pre-Pack: 15 header cards in a counter-top POP display box.

Cablz Zipz

Cablz was designed by a medical device salesman to counter the snagging problem found with more traditional fabric eyewear retainers. Zipz is fashioned from surgical-grade stainless steel cable with an adjustable feature. They can be worn extended at regular length or adjusted for a closer fit to the back of the head. In 2009, the original Cablz was a New Product Showcase winner at ICAST, and the new Zipz model is even better!

“MASTER SPEC” Nylon Super

Comes with “Resin Coating” and “Non-Stress Coating”. Simply the best nylon tippet material you can buy. A softer, more abrasion resistant material with far less memory. Good break strength characteristics. Because of their “Non-Stress Coating” SUPER TIPPETS rarely get kinks. The “Non-Stress Coating” also prolongs SUPER TIPPET life.

- VSN300: Varivas Nylon Super Tippet Spool-0X-.0112" Diameter-30 Meters
- VSN301: Varivas Nylon Super Tippet Spool-1X-.0102" Diameter-30 Meters

Varivas Leader Pro Dry (Front Heavy Taper)

Pro Dry comes in 11 ft length with a front heavy taper and turns dry over like magic.

New formulation, new coatings and new shape. Think of this leader in terms of weight forward, as it performs much the same way a weight forward fly line does.

- VLPD1104: LDR PR Dry 4x Nylon
- VLPD1105: LDR PR Dry 4x Nylon
- VLPD1106: LDR PR Dry 4x Nylon
- VLPD1107: LDR PR Dry 4x Nylon

Warning: These products MAY expose you to chemicals which are known to the State of California to cause cancer, birth defects and/or other reproductive harm. For more information go to www.P65Warnings.ca.gov.

Varivas Leader Record Master SW (Front Heavy Taper)

RecordMaster Saltwater in 12 ft. length with a pronounced front heavy taper for large/heavy/wind resistant flies.

New formulation, new coatings and new shape. Think of this leader in terms of weight forward, as it performs much the same way a weight forward fly line does.

- VLRM1208: LDR Record Master 8lb 12ft
- VLRM1212: LDR Record Master 12lb 12ft
- VLRM1216: LDR Record Master 16lb 12ft
- VLRM1220: LDR Record Master 20lb 12ft

Warning: These products MAY expose you to chemicals which are known to the State of California to cause cancer, birth defects and/or other reproductive harm. For more information go to www.P65Warnings.ca.gov.

Varivas Leader DH/Salmon (Front Heavy Taper)

Front Heavy in 18 ft. with a heavy belly in the center.

New formulation, new coatings and new shape. Think of this leader in terms of weight forward, as it performs much the same way a weight forward fly line does.

- VLFHT18-2: LDR Front Heavy Taper -2x 18ft
- VLFHT1800: LDR Front Heavy Taper 0x 18ft
- VLFHT1801: LDR Front Heavy Taper 1x 18ft
- VLFHT1802: LDR Front Heavy Taper 2x 18ft

Warning: These products MAY expose you to chemicals which are known to the State of California to cause cancer, birth defects and/or other reproductive harm. For more information go to www.P65Warnings.ca.gov.

Varivas Leader DH/Salmon (Spey Taper)

The DH/Salmon Spey shaped triangle taper in 18ft.

New formulation, new coatings and new shape. Unique triangle taper/spey taper.

- VLSST18-2: LDR Spey Style Taper -2x 18ft
- VLSST1800: LDR Spey Style Taper 0x 18ft
- VLSST1801: LDR Spey Style Taper 1x 18ft
- VLSST1802: LDR Spey Style Taper 2x 18ft

Warning: These products MAY expose you to chemicals which are known to the State of California to cause cancer, birth defects and/or other reproductive harm. For more information go to www.P65Warnings.ca.gov.

Varivas Airs Shooting Line

Designed as a running line for shooting-head systems. Hollow monofilament line with eight channels running through the nylon, and a unique "slick" coating. High riding, super lightweight line for smooth, long, effortless shooting-head casting on large waters and wide rivers. Hi-viz Yellow color. SIZES 24LB., 30LB., 36LB., 47LB. - 100M SPOOLS

- VSL024 24lb.
- VSL030 30lb.
- VSL036 36lb.
- VSL047 47lb.

Warning: These products MAY expose you to chemicals which are known to the State of California to cause cancer, birth defects and/or other reproductive harm. For more information go to www.P65Warnings.ca.gov.

"Master Spec" Fluoro Carbon Super Tippet

Comes with "Resin Coating" and "Non-Stress Coating". Ultra flexible, superior knot and ablation strength. Usually fluorocarbon is more durable than nylon but too stiff for sensitive tippets. The special coatings give Varivas Fluorocarbon Super Tippet the flexibility it needs for fly presentation.

SIZES 2X TO 8X
25M AND 30M SPOOLS, DEPENDING ON DIAMETER

- VSF-302 2X Tippet
- VSF-303 3X Tippet
- VSF-304 4X Tippet
- VSF-305 5X Tippet
- VSF-306 6X Tippet
- VSF-307 7X Tippet
- VSF-308 8X Tippet

Warning: These products MAY expose you to chemicals which are known to the State of California to cause cancer, birth defects and/or other reproductive harm. For more information go to www.P65Warnings.ca.gov.

All Purpose Fluorocarbon Tapered Leader

At last we are able to offer the best fluorocarbon leader we've come across. Varivas engineering has developed a premium, nearly invisible product for discerning fishermen. Taper profile is for delicate presentations. Coated with "non-stress" UV light shield. "Resin" coating reduces water absorption. Ultra-flexible. Superior knot and ablation strength.

SIZES: 9 FT. • 0X-6X • COLOR: CLEAR

- VLC-903 3X Leader
- VLC-904 4x Leader
- VLC-905 5x Leader
- VLC-906 6x Leader

ONLY A SPIDER HAS BETTER THREAD CONTROL

The Rite™ Bobbin is the only super-functional, micro-adjustable-tension fly tying bobbin on the market today.

Whether you're a beginner or a pro, our bobbins deliver maximum thread control thanks to a unique brass tension wheel and top-quality components. Five bobbin models offer you just the right tool for the job, all made right in Southwest Montana. For every fly you tie, the bobbin is in your hand -- make sure it's the Rite™ Bobbin.

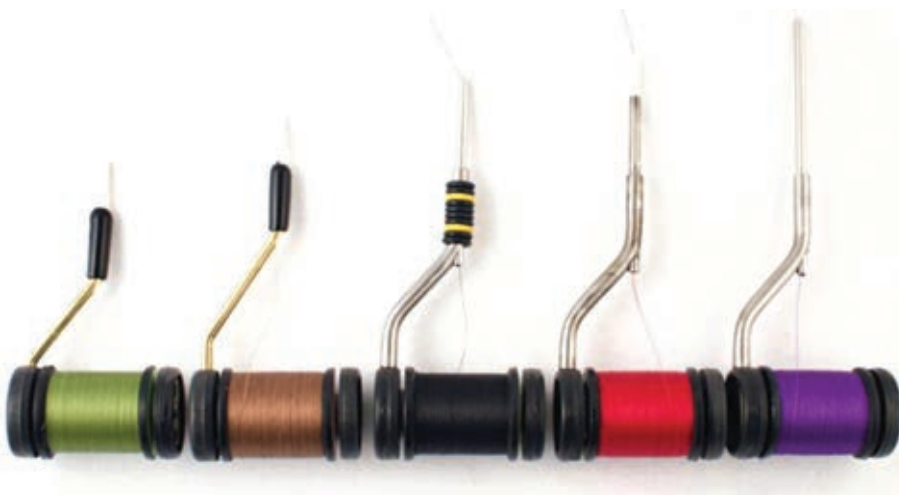

RB-STD STANDARD - Ultra-versatile and most popular fly tying bobbin. Ceramic Thread Tube. Small Diameter Barrel Removal Vinyl Grip. Solid Brass Arm. "Click" Drag Adjustment. 1-9 ounces of thread tension.

RB-SHT SHORTY - Approximately 3/4" shorter than Standard "Rite" Bobbin but with the same features. Great for tiny flies or smaller hands, but many tiers with large hands swear by this bobbin. Works great with spooled wire.

RB-CMG CERMAG - Stainless steel with zirconia ceramic insert. Surgical quality stainless steel. Very high pressure click drag system. Heavy duty thread tension, 2-16 ounces thread tension. Perfect for longer hooks such as streamers.

RB-MAG MAG - Heavy duty! Designed for big fly tying applications. Extra long, 5" fly tying bobbin for leverage and big hooks. Large diameter thread tube, accommodates threads as large as medium chenille. Heavy duty "click" drag system, 2-16 ounces of thread tension. Popular as a rod-winding tool. Accommodates Gudebrod rod thread and Dynacord.

RB-HHM HALF HITCH MAG - Unique tapered barrel and O-ring grip. Revolutionary bobbin design allows you to half hitch and whip finish right on the bobbin barrel. Top quality surgical stainless steel thread tube. Unique O-ring and thread keep grip. Perfect for a broad range of hook sizes and tying styles. Features the Rite "click" tension adjuster.

"Shortly after being introduced to the Rite Bobbin, I took all of my others to a T.U. Meeting and gave them away. Ten years later I'm still using the Rite Bobbin. They're just great." - Fishy Fullum

A BREAKTHROUGH PRODUCT THAT EVERY FLY SHOP SHOULD CARRY

Picture this scene...You're standing in the middle of your favorite stream. Your iPhone rings and you reach into your pocket to get it but it slips and falls into the drink at your feet. You reach into the water, grab the phone and proceed to answer the call. "Impossible" you say. Not anymore! Because your iPhone is an aLOKSAK bag.

The aLOKSAK bag is 100% waterproof, sand-proof and snow-proof. It's been tested to be totally dry inside after 2 weeks under 200 feet of water. Our military forces use it to protect their equipment. The FBI considers the bag to be Hazmat proof. You can fill one with air or water and stand on it without it bursting. Best of all, you can make phone calls or use electronic touch screens right through the bag.

The aLOKSAK bags are now new and improved with a double zipper design. Use them for anything you must keep dry. 100% PROTECTION!! Two bags per pack.

 Warning: These products MAY expose you to chemicals which are known to the State of California to cause cancer, birth defects and/or other reproductive harm. For more information go to www.P65Warnings.ca.gov.

We are currently offering four pegboard-ready aLOKSAK SKUs:

Protect Your Fly Line and Yourself with Stripee

Stripee adds a new dimension to finger protection. Now you can protect both yourself and your fly line while fishing – The best of both worlds!

The Stripee is a dual-function tool:

- Cleans, conditions and maintains your fly line.
- Protects fingers against line cuts and abrasions.

Made of a micro-neoprene fabric and high-grade felt which allows it to stand up to harsh environments of both fresh water and salt water. Made with ease of use in mind, the Stripee's felt pads turn dark after continued use and can be hand washed in mild detergent.

Salt water fishermen and fresh water anglers alike will readily see the advantages that Stripee has to offer once they put it on their hand. Comes in tan in three sizes. (Medium, Large, X-large)

SKU	Description
LMTN02	Medium Stripee (tan)
LLTN02	Large Stripee (tan)
LXTN02	X-Large Stripee (tan)

ASG is Your Best Source for the Famous Folstaf Wading Staffs

The original folding staff was created in 1974 by Arthur Stoliar, and it is still the best in the market today. It recently received Rod-n-Reel's "Millenium Kudo Award" for being one of the best fly fishing products of the 20th Century! Still proudly made in New York State.

If You are not Selling the Folstaf You are Wading on Slippery Rocks!

All Folstafs fold up to 9 inches long and come with a black leather holster for your belt. They also have a tether cord with a keeper bead so you can attach them to your waders. Each staff features a cork handle that allows it to float if dropped in the stream and a carbide tip for a sure bite on slippery rocks. A double shock cord system combined with a unique swage and flare joint design makes the Folstaf unfold instantly. All models are 3/4" in diameter. Made in the USA.

SKU	Description
F34A	Shorty 41"
F34B	Regular 50"
F34C	Long 59"

DISCONTINUED ITEMS

EasyGrip™ Foam Fly Boxes

Our best-selling fly boxes featuring EasyGrip Foam. The boxes are made from high-grade polypropylene with no sharp edges, corners or protrusions. Engineered with a double living hinge and positive latch. Available in three sizes: 5" shirt pocket size, 6" shirt pocket size, and 7½" large storage size.

EasyGrip Foam has slits that act as fly keepers and small cutouts to guide your flies into each slit. Holds large numbers of flies with no damage to the foam. Small boxes are also available with high-grade slotted foam.

NEED MORE CAPACITY? Try our convertible swingleaf version with four surfaces of EasyGrip foam. Swingleaf is removable for more depth. Simply remove three small screws.

- Slits permit easy insertion of flies
- Cutouts guide flies into slits
- Dense foam grips and holds all hook sizes
- Foam experiences no fatigue
- Holds 100+ flies

One-Two-Three Box

Here is a versatile dynamic box for holding flies and hooks, tying materials, dubbing, threads . . . you name it! The box is fashioned from durable ABS plastic with a full-length piano hinge and a two-finger-operated snap closure. ONE: A slab of dense foam offers 208 EasyGrip fly slots. TWO: A foam partition circles the perimeter of a magnetic pallet. Cross partitions alternate as fixed or removable creating nine to 16 compartments. Store hooks, flies or other stuff here. Partitions rise to meet the lid so hooks will not migrate. THREE: Box comes with a hook/fly picker to grab your small box contents.

The Ultimate Fly Organizer

This is the hottest box in town! It's strong. It's light. It's well made. It's unique. It's very affordable. Made from tough yet flexible MBS plastic, the UFO has a ripple foam surface mounted on a swingleaf which acts as the cover for a compartment section of 10 or 16 compartments. The hinged swingleaf snaps shut via an internal catch to protect flies in their compartments. Comes in a 6" x 3 1/2" x 1 1/8" size which fits in most shirt pockets.

The boxes are translucent so you can see your flies on either the foam side or the compartment side. Features include twin brass hinges, a positive "snap-tight" lid closure, positively mated lids and bases with excellent "fit and finish", quality closed cell ethafoam with good memory, and an overall weight of only 3.4 ounces. Imprintable.

AS516: (16 compartment)
