Comfort Zone<sup>®</sup> Clean offers a variety of products covering multiple wellness categories. Focusing on an individual's well-being, each product is designed for health-conscious consumers looking for quality and reliability that help support a healthy lifestyle. Comfort Zone Clean Air Purifiers with True HEPA technology are designed to be compact for use in small rooms and provide true HEPA performance with replaceable filters. The 3 stage HEPA filtration system will remove 99.97% of airborne particles down to 0.3 microns including dust, dander, smoke, pollen and other allergens. With our WiFi enabled models, you can use your smartphone to control your air purifier from anywhere with our Comfort Zone iOS or Andriod app.

## AquaPlumb<sup>®</sup> Push-On Fittings — Brass

#### **No-Leak Connections**

Fittings feature a durable o-ring seal and a guide to keep the pipe straight against the o-ring.

#### **One Piece Construction**

One piece construction for long lasting durability.

#### **Full-Flow**

These fittings have no restriction. They seal from the outside of the pipe so you will get FULL FLOW.

#### Code Approved

Code approved for use behind walls or in concealed applications.

#### **Swivel Capabilities**

Pipe can swivel inside the fittings making installation much easier. Even under pressure!!

#### Works with Multiple Types of Pipe

Any copper-tube-size pipe will work with AquaPlumb fittings. Including Copper, CPVC, PEX and Polybutylene.

#### No Tools for Installation Just clean the pipe and push it in!!

#### Removable

Can be removed from pipe without damage. Fitting can then be reused.
