and connectors

EAT•N

Powering Business Worldwide

Installation speed, performance and durability

The unique design and construction of Arrow Hart's quick grip plugs and connectors make them ideal for a variety of commercial and industrial applications.

Quick grip industrial grade, hospital grade and corrosion resistant plugs & connectors

Corrosion resistant

Industrial grade plugs & connectors

Quick grip plugs & connectors are designed to install quickly and easily and provide reliable performance in tough industrial environments.

Hospital grade plugs & connectors

Arrow Hart's hospital grade plugs and connectors assure reliable performance in the most demanding healthcare applications and are built to meet and exceed UL federal specification and hospital grade testing.

Corrosion resistant plugs & connectors

Corrosion resistant devices have been designed specifically for environments where moisture and humidity create problems for electrical connections.

These products have excellent resistance to physical abuse and corrosive elements plus airborne particulates and contaminants, providing dependable performance where typical devices fail.

Features

- Single-piece hinged body reduces number of assembly screws to speed installation
- Unique terminal configuration places screws in only two directions, reducing installation time
- Clear terminal cover and large funneled wire entry ensures quick and accurate wiring
- Signature exterior design molds to hand with scallop feature for extra grip for insertion and removal
- Superior materials and rugged construction provide abuse-resistance and reliable performance
