Experience the Bird•B•Gone® difference

Bird B Gone offers the widest variety of bird spikes!

Keep birds from landing and roosting in unwanted areas with Bird B Gone Bird Spikes. Bird spikes are the most affordable, effective, humane and cost-effective bird control solution that will not harm birds.

Bird B Gone Bird Spikes are ready to use and easy to install. No assembly required. Each bird spike strip comes pre-assembled in two foot sections and can be glued, screwed, or tied down to most surfaces.

Virtually invisible, Bird B Gone Bird Spikes are ideal for use on rooflines, window sills, fences, ledges and can be used on a variety of flat or curved surfaces.

Bird B Gone Bird Spikes are blunted at the tips so they won't harm birds, curious pets or installers; they have been approved by a number of humane groups.

GUTTER SPIKES

Gutter Spikes are ideal for keeping larger birds from roosting and nesting in rain gutters on homes and buildings. The Gutter Spikes have attached C-clips that make installation a breeze so there is no need for separate clips or hardware. Bird B Gone Gutter Spikes are virtually invisible, once installed.

PLASTIC BIRD SPIKES

Plastic Bird Spikes are the most affordable bird spikes on the market. Bird B Gone's plastic spikes are made of a rigid polycarbonate plastic that carries an industry leading 5-year guarantee. The plastic spikes come in 6 standard colors plus crystal clear. The spike strips are available in three widths; 3", 5" and 7" to cover most surfaces.

- Lowest cost bird spikes
- Humane, will not harm birds
- Virtually invisible
- Guarantee 5-years
- Patented
- Glue trough on base of spike allows for fast and easy application
- Non-conductive. Will not interfere with electrical or communications and transmissions
- U.V. protected, sun and weather proof. Not affected by extreme temperatures (+310°F to -200°F)

MEGA SPIKES

Mega Spikes are 7" tall bird spikes made to deter large birds like gulls, cormorants and vultures. They are the tallest bird spike deterrent available and will not harm birds. Mega Spikes will cover a surface from 3" - 7" wide with one row of spikes.

STAINLESS STEEL BIRD SPIKES

Stainless Steel Bird Spikes are a humane way to keep large birds from landing and roosting on high profile buildings. Once installed, stainless steel spikes are virtually invisible. They come in 4 widths, 1", 3", 5" and extra wide 8". The spikes are easily attached to most flat and curved surfaces using screws or glue. Bird B Gone's Stainless Steel Bird Spikes are the most specified bird spikes on the market by architects, contractors and government agencies. The spike strips carry an industry leading 10-year guarantee.

- Humane, will not harm birds
- Will not cut or injure the installer
- GSA approved
- Patented "bend and crush" design for permanent installation
- No-nest design. No gap spacing to deter birds from roosting or landing
- Virtually invisible when installed, ideal for high profile buildings

GIRDER SPIKES

Girder Spikes are ideal for keeping birds off of I-beams and girders. The spikes come in three different sizes: 3", 5" and 8" widths to cover most surfaces. The attached girder clamps make installation a breeze. Girder Spikes may be removed for cleaning or painting and then re-installed.
