We Are... Blackburn Manufacturing!

“The Original & Still the Best”

Blackburn Manufacturing does its best to provide our customers with quality service and products by working diligently to meet their requirements with honesty, integrity, and without discrimination.

Our Mission:

Welcome to our 2021 edition of our product catalog!

As we begin our 68th year in business and reflect on the past year, we know that 2020 certainly was a challenge for everyone. With that in mind, we are looking forward to a better, healthier, and even more productive 2021!

While many of our raw materials have taken significant increases going into 2021, we are just happy to still be here. We heard from many customers this last year that we have not heard from in a long time and it was good to reconnect with them. Our loyal customer base is what keeps us going, so if we hear from you every week, month, year or several years, it is always our pleasure to help you with your marking flags, and marking product needs.

We have added another digital printer and dual head cutter to our production line in 2020, which will help speed up order processing time on all our digital printing products. This will be especially helpful during our spring and summer months when we are at our peak production. With that in mind, we strongly encourage you to place your order EARLY, we can always store your order and ship it when you are ready for it.

We have an amazing team here at Blackburn Manufacturing that strives to provide you with high-quality, American-Made products at both our Nebraska and California locations. We also know that none of this would be possible without our customers, so we want to make sure that we are doing everything possible to make you happy with your marking products, our service and keep you coming back. Customer Service is our #1 priority!

We are working on ways to improve our digital footprint in 2021, so hopefully you will see more of Blackburn products in more places moving forward. To see current 2021 pricing and products, please visit our website at www.blackburnflag.com to learn more.

Please let us know how we can help you **design and leave YOUR mark!**
