ODORLESS USER-SAFE

ODORLESS USER-SAFE

BREAKTHROUGH®
CLEAN TECHNOLOGIES

THE DIFFERENCE IS CLEAR™

We at Breakthrough Clean Technologies® are committed to making your equipment maintenance faster and safer than ever. Our cleaners efficiently remove fouling, dirt, grease, and grime, and our lubricants provide long-lasting corrosion protection in any environment. Our user-safe products are odorless, non-toxic, non-hazardous, and non-staining, so they're safe for you and your equipment. From our cleaning tools to our cleaners and lubricants, we strive every day to bring you the safest and most effective ways to clean and protect your equipment.

Breakthrough Clean—The Difference is Clear.™

Odorless, non-carcinogenic and user-safe products that are safe for you and your equipment.

Biodegradable and no HAZMAT CA Prop 65 EXEMPT.

Our solvents eliminate more contaminants than most leading gun cleaners and our lubricants provide the ultimate protection, easily withstanding extreme temperatures and minimizing the frequency of needed applications.

Truly pH neutral, which means it's safe on any firearm surface and finish: Including wood, polymer, stainless steel, nickel, blued, cerakote and/or hydroprinting.

No shelf-life! 100% synthetic—won't gum up or freeze in extreme temperatures and all solvents and lubricants are made in the USA!

HOW IT ALL WORKS

If you have quality and durable equipment, you know taking care of it is a top priority, especially when dealing with firearms. Untreated firearms surfaces that collect fouling can lead to reduced accuracy, performance, and increase in rust accumulation.

With Breakthrough® Clean's two step system, removing fouling and conditioning your equipment is easier than ever. Our Breakthrough® Military-Grade solvent eliminates inanimate surface contaminants, leaving no residue while prepping the surface for lubrication.

Our Battle Born line of lubricants penetrate deep into the surface disparities of the metal, providing rust and corrosion prevention and optimal performance.

Our solvent and lubricants are non-flammable, non-staining, and non-toxic, so you can clean your equipment just about anywhere. Best of all, every product is odorless, so you don't have to worry about breathing in harmful vapors.

CLEANERS

Metal surfaces that have heavy fouling can lead to reduced accuracy, rust and corrosion.

Unlike other solvents, Breakthrough® penetrates deep into the pores of the metal to lift contaminants and break down carbon deposits.

LUBRICANTS

Traditional gun oils don't fully penetrate porous surfaces, causing the metal to dry out faster and increase frequency of needed lubricant applications.

Traditional
Gun Oil

Metal
Surface

Our Battle Born lubricants are engineered, to be fully absorbed into the pores for an even conditioning, reducing the frequency of needed applications.

RECOMMENDED USE

To clean the firing mechanism and bore of the firearm as well as prep the metal surface for lubrication

To clean the firing mechanism and bore of the firearm as well as prep the metal surface for lubrication

Clean copper fouling after carbon removal in barrel and muzzle device

Cleaning, lubricating and protecting all parts of the firearm.

Action and Bore lubricant and conditioner for all firearms

AR platforms, Rapid fire / Full auto firearms, pistols and revolvers

Lugs on hunting rifles, trigger groups, barrel nuts, choke tube, contact points on striker-fired pistols, and slide rails

Lubricating folding knives

Remove harmful lead and soot contaminants from your skin

Cleaning, lubricating and protecting all parts of your equipment

Streak-free clean on masks, glass, lenses and optics

Anti-Fog coating for masks, glass, lenses and optics

CARBON PRO

HEAVY CARBON REMOVER + BORE CLEANER

Carbon Pro is a water-based, ammonia-free, cleaner that removes heavy carbon and lead deposits. Utilizing a proprietary blend of chemical surfactants and detergents, Carbon Pro effectively works to neutralize all corrosive residues preventing damaging rust and corrosion without etching or harming the barrel's steel surface. With no noxious fumes or hazardous chemicals, Carbon Pro is a safe and effective choice when it comes to removing stubborn carbon & lead build-up and cleaning the bore of your firearm.

FEATURES:

- Removes carbon and lead deposits
- Reduces the duration of cleaning and frequency between cleanings
- Petroleum & ammonia-free
- Short term rust and corrosion prevention
- Barrel safe
- 100% Biodegradable
- Virtually odorless
- Non-flammable
- Made in the USA

COPPER REMOVER

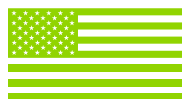

Breakthrough Clean's Copper Remover safely and effectively removes copper fouling and is 100% petroleum and ammonia free. It's virtually odorless and biodegradable formula easily removes copper fouling and minimizes future copper build up without giving off any harmful or strong offensive odors found in other copper removers. Usable on all types of bore steel and won't etch or harm the barrel.

FEATURES

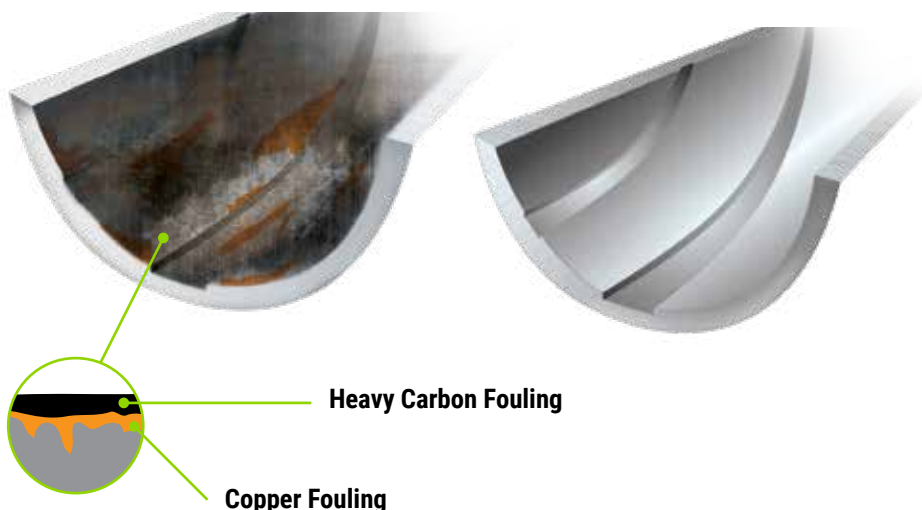

- Quickly breaks down copper fouling and minimizes future copper build up
- 100% ammonia free—User safe and eco-friendly
- Safe on bore steel—Won't etch or harm barrels
- Virtually odorless and is biodegradable and petroleum free
- Made in the USA

Metal surfaces that have heavy fouling can lead to reduced accuracy, rust, and corrosion. Our Copper Remover attacks and effectively removes stubborn copper fouling without harming the inside of your firearm's barrel while leaving a clean metal surface.

BREAKTHROUGH® MILITARY-GRADE SOLVENT

SOLVENT DEGREASER AND CARBON ELIMINATOR

Breakthrough® Military-Grade Solvent is a user safe multi-purpose cleaner and degreaser that helps remove oil, grease, and carbon build-up, giving you a no residue clean. Unlike other aromatic cleaners, our odorless formula allows you to clean indoors without having to deal with noxious and unpleasant fumes. Breakthrough® Military-Grade Solvent cleans quickly and efficiently while reducing the frequency needed between cleanings. It will not stain your wood, plastic, or polymer components and is also safe on Cerakote and hydro-printing.

Breakthrough® Military-Grade Solvent is a benzene free, HAP free, state of the art solvent designed to help users break out of the tangle of regulations regarding emissions, disposal, and industrial health hazards.

Breakthrough® Military-Grade Solvent is an odorless, low-toxicity, high-purity hydrocarbon that exhibits a very low degree of irritancy to the eyes and is non-irritating to the skin. It has a low vapor pressure to control Volatile Organic Compound (VOC) emissions, is non-carcinogenic, and is not regulated under SARA, Title III, Sections 302 or 313, CERCLA, and RCRA requirements.

Breakthrough® Military-Grade Solvent has no listed components and characteristics of hazardous waste per the EPA.

Breakthrough® Military-Grade Solvent has been awarded a complete Toxicity Clearance by the U.S. Army Center for Health Promotion and Preventative Medicine.

Breakthrough® Military-Grade Solvent is approved, qualified and utilized by the largest user of firearm cleaning technology in the USA:
The US Department of Defense!

FEATURES

- Removes carbon fouling
- Cleans efficiently, dramatically reducing the duration of cleaning and frequency between cleanings
- Non-staining
- Odorless— No noxious fumes, giving you the ability to clean indoors safely
- Completely evaporates, leaving no residue behind
- Non-irritating to the skin
- Low-toxicity
- Non-carcinogenic
- Benzene free
- Non-corrosive
- Truly pH neutral, which means its safe on your firearm's wood, plastics, polymers, cerakote and/or hydroprinting
- Made in the USA
- Does not freeze
- Low vapor pressure
- Not flammable (Flashpoint of 150F) – not regulated by the DOT

ALL-IN-ONE (CLP)

This biosynthetic All-In-One (CLP) is expertly crafted using the finest base oils, additives, and most effective solvents that modern chemistry has to offer. Providing superior two-in-one cleaning and lubrication, the All-In-One (CLP) removes carbon build-up, lead deposits, oil, and grime, while penetrating deep to provide protection from rust and corrosion, all the while minimizing friction and wear from metal-to-metal contact. The All-In-One (CLP) is a great addition to your range bag to keep your firearms running smoothly.

LEAD AND SOOT REMOVING WIPES

Our Lead and Soot Removing Wipes clean and remove harmful lead and soot contaminants from your skin, while the formula's skin conditioners keep hands moisturized and smooth.

MODEL	DESCRIPTION	UPC	PACK
BT-LRW-50	BCT LEAD & SOOT REMOVAL WIPES - 50CT POUCH	850016746023	12 PK

MULTI-PURPOSE QUICK WIPES

Our Multi-Purpose Quick Wipes act as a cleaner, lubricant, and protectant designed to clean and condition in one quick & easy step, without sacrificing performance. Formulated from the same chemical platform as our flagship Military-Grade Solvent and High-Purity Oil, our Quick Wipes are odorless, non-toxic, non-staining, and user-safe. The 100% synthetic-based oil will provide exceptional protection across a wide range of temperatures and the extreme-pressure additives provide superior resistance against rust and corrosion. This low viscosity solution penetrates deep into metal surface disparities to loosen stubborn carbon fouling and other contaminants and leaves behind a protective film that seals out moisture and minimizes friction and wear. Safe to use on all metal alloys, polymers, and finished stocks.

FEATURES

- Perfect for quick field applications
- Eliminates moisture and removes fingerprints
- Odorless, non-toxic, non-staining and non-carcinogenic
- 100% Synthetic—won't gum up or freeze in extreme temps
- Extra durable wipes that won't tear during cleaning
- Wide temperature range

BATTLE BORN OILS

LUBRICANT AND PROTECTANT

Battle Born Oils are a blend of the finest quality synthetic oils available and treated with the most effective extreme pressure additives, corrosion inhibitors, anti-oxidant, anti-foam and anti-wear additives. This unique combination provides maximum firearm lubrication and protection in extreme environmental conditions. Great for use on firearms, knives, bows and even fishing reels.

FEATURES

- Wide temperature range
- Rust and corrosion protection
- Facilitates cleaning
- Won't gum up
- Water and steam resistant
- Reduces friction and wear
- Non-flammable
- Non-toxic
- Odorless
- Non-staining
- 100% Synthetic

JJ Racaza

World Class Competitive Shooter

Features needle nose
for precise application!

HP PRO OIL

Our Battle Born HP PRO Oil lubricant and protectant is a high-viscosity, non-migrating blend of high quality, 100% synthetic gun cleaning oils. This anti-rust, anti-foam, non-toxic, odorless lubricant is treated with extreme pressure and anti-wear additives to provide long-lasting corrosion protection on high-friction parts of your firearm. This innovative gun lubrication solution is safe for all metal, plastic and polymer components.

Operating Temperature Range:

From -65°F to 507°F

Viscosity:

25 S.A.E GRADE, wt.

Best Used For:

Heavy duty use

AR platforms, Rapid fire / Full auto
firearms, pistols and revolvers

HIGH-PURITY OIL

Our Battle Born High-Purity Oil, is a general purpose low-viscosity oil that is a lighter version of our bestselling HP PRO Oil. This non-toxic, odorless lubricant is treated with the highest quality anti-rust, anti-foam and anti-wear additives to provide ultimate and lasting corrosion protection and lubrication under extreme pressure.

Operating Temperature Range:

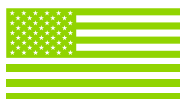

From -90°F to 417°F

Viscosity:

5 S.A.E GRADE, wt.

Best Used For:

Action and bore lubricant and conditioner for all firearms

MADE IN THE USA

HP100 KNIFE OIL WITH SMT

Our HP100 Knife Oil with SMT (Sub-Micron Technology) has been engineered to protect and enhance the performance of today's sophisticated folding knife mechanisms. This non-migrating, non-toxic formula, once applied, will fill the surface disparities between the bearing, surface of the blade and surrounding handle, allowing for smoother operation and prevention of corrosive elements from damaging the mechanism.

Viscosity:

30 S.A.E. GRADE, wt.

SMOOTH CAST LINE CONDITIONER

The Breakthrough® Clean Technologies Smooth Cast Line Conditioner works to lubricate and extend the life of your fishing line while helping to improve casting distance. It lessens reel noises, reduces backlashes, and line memory. Our environmentally safe and odorless formula won't build up over time and provides long-lasting lubrication on monofilament, braided, and even fly lines.

UNIVERSAL REEL MAINTENANCE KIT

TOTAL PACKAGE: Our maintenance kit will keep your gear in proper working condition and can be used on all brands, makes, models, and types of fishing reels.

PREVENTS CORROSION: Our cleaners and lubricants provide the ultimate long-lasting corrosion protection against repeated exposure to seawater.

CONVENIENT: Our hard case keeps all of the cleaning tools, cleaner, and lubricants neatly in one place and allows for easy access to maintain your gear wherever needed.

MODEL	DESCRIPTION	UPC	PACK

BATTLE ROPE™ 2.0

BORE CLEANING ROPES

The Breakthrough® Clean Battle Rope™ 2.0 is the perfect on-the-go cleaning option for those needing a quick and efficient clean on the range. The newly upgraded design includes an integrated flip-out pull handle that doubles as a weight allowing the cable to easily feed through the barrel of your firearm. The integrated bronze brush (one for handgun, two for rifle & shotgun) scrubs away stubborn carbon, while the extra-thick rope wipes up residue for a superior clean. Easily detach the brass coupling from the flex cable to wash the rope.

BATTLE ROPE™ 2.0 CALIBERS

12 GAUGE (SHOTGUN)
 20 GAUGE (SHOTGUN)
 .22 CAL (HANDGUN)
 .22 / .223 CAL / 5.56MM (HANDGUN / RIFLE)
 .243 CAL / 6MM (RIFLE)
 .25 CAL / 6.5MM (RIFLE)

.270 CAL / 7MM (RIFLE)
 .30 CAL (RIFLE)
 .35 / .38 CAL / 9MM (HANDGUN)
 .40 CAL / 10MM (HANDGUN)
 .44 / .45 CAL (HANDGUN)

ANATOMY OF A BATTLE ROPE 2.0

- 1. Cable with integrated flip-out pull handle**
Handle doubles as a weight to feed the cable through the barrel then flips out to easily pull the rope through.
- 2. Detachable cable**
Brass coupling allows for easy detachment and cleaning of the rope.
- 3. Thick rope with built-in bronze brushes**
One for handgun and two for rifle & shotgun, for a superior cleaning action.
- 4. Included storage case**
Provides storage and easy attachment to bag via MOLLE strap or included carabiner.

AR ARMORER'S WRENCH

The Breakthrough Clean Armorer's Wrench is the ultimate tool for your AR15/M4. Constructed of durable Titanium plated stainless steel. Includes standard size muzzle device wrench. Easily Install and remove receiver extensions and castle nuts. Functions with both Mil-Spec and Pin-Style Barrel Nuts. Compatible with ½" Socket / Torque wrench. Also, comes with bonus Butt Stock Screw Driver

MODEL	DESCRIPTION	UPC	PACK
BT-AR15AW	MODERN SPORTING RIFLE (AR-15) ARMORER'S WRENCH	850016746474	4 PK

CARBON FIBER CLEANING RODS

Our premium carbon fiber rods offer the safest way to clean the inside of your barrel. Featuring our Smooth Operator™ ergonomic handle and two premium ball bearing sets, the rod can smoothly migrate through the bore of your barrel without binding up under pressure. Its carbon fiber rod offers you the security of knowing you'll never have to worry about scratching or damaging the rifling inside the barrel of your firearm. It's lightweight yet durable carbon fiber construction is long lasting and won't permanently bend or break under pressure.

NEW

ARMORER'S BENCH BLOCK

Made from durable and non-stick materials provides a solid surface to make firearm pin removal effortless. Universal design to accommodate most pin removals. Includes 1911 Barrel Bushing Wrench.

ALUMINUM BORE GUIDE

The Universal Aluminum Bore Guide properly aligns your cleaning rod and protects the chamber, breech and bore from potential abrasive damage caused by the bowing or bending of your cleaning rod. The Universal Aluminum Bore Guide kit will fit most bolt-action rifles and includes an adapter sleeve for the AR15 which creates a tighter fit and provides additional support to the upper receiver while cleaning your rifle.

Made of durable anodized aluminum and includes interchangeable tips that fit bore sizes from .17 up to .416 which allow the guide to smoothly move through the chamber.

Includes a built-in port for mess-free solvent application to the inserted cleaning patch. The threaded brass pin anchors the guide rod to the action to prevent it from moving while pushing a cleaning rod through.

CHANNEL CLEANING TOOL

Our Channel Cleaning Tool is designed to provide a simple and effective way to clean the many recesses and cuts inherent to firearm design. It works on any type of firearm; revolvers, semi-auto pistols, bolt action rifles, semi and full auto rifles, and shotguns. The flat tips and square edges reach into edges and corners typically missed using other cleaning implements. The Channel Cleaning Tool is non-marring and will not scratch or damage the finish of your firearm.

MADE IN THE USA

DOUBLE-ENDED FIBER REINFORCED POLYMER PICKS

Our durable, fiber reinforced polymer picks are designed to safely clean all types of firearm surfaces that can be damaged by the use of metallic weapon cleaning tools. Stronger and more break resistant than any other picks on the market, these tools can easily scrape away carbon from hard to reach areas.

Three different picks are included:

1. Fine tipped double-ended tool for cleaning carbon build up from grooved areas. Tool includes a 45-degree angled fine point tool for getting into hard to access areas of the chamber
2. Fine tipped double-ended tool for cleaning tight channels. Tool includes hooked tip for pulling cleaning cloths through areas that are hard to reach
3. Double-ended tool for cleaning carbon build up on bolt carrier group and sliding guide slot corners that are hard to access

MADE IN THE USA

MODERN SPORTING RIFLE (AR-15) CARBON REMOVAL TOOL

Breakthrough Clean's Carbon Removal Tool easily removes carbon build-up from hard-to-reach areas on your firearm. With its integrated handle and double ended blade tools, removing stubborn carbon has never been easier. To use, push forward on the lever on the back side of the handle, grab and pull the tool blade end out until it clicks. To retract, push the round button down, and push the tool blade in until flush with the handle.
