GARDEN PRODUCTS CATALOG

bond.

BOLD.

Garden necessities are now transformed into garden accessories.

BRILLIANT.

Vivid purples, greens and blues that make your garden grow! It's time to garden and enjoy.

BEAUTIFUL.

The trend conscious gardener who trusts in the quality of Bond products can now water, prune, cultivate and trim in whimsical style. The playful colors of Bloom sacrifice nothing in quality and add a splash of color to outdoor gardening.

THE PERFECT BRAND FOR THE FASHION FORWARD DEMOGRAPHIC.

Since our launch of the Bloom product line, our sales have exponentially increased. The eye catching colors in garden centers have not only proven to be popular but have also increased add on sales for all of our customers. Consumers are more likely to purchase coordinating products when there are matching colors to complete a set.

STATISTICS AND DEMOGRAPHICS

In 2017, an estimated 83 million households (70 percent of all U.S. households) participated in one or more type of do-it-yourself indoor and outdoor lawn and garden activity.

The most popular do-it-yourself lawn and garden activities include lawn care, flower gardening, houseplants, landscaping, and vegetable gardening.

In 2017, Lawn and garden participation was highest among married households; people 45 years of age and older; college-educated households; households with annual incomes of \$50,000 and over; two-person households; Midwestern households; and households with children at home.

MARKET SIZE

In 2017, Total lawn and garden retail sales increased 2% to \$29.097 billion from 2012.

The average spent on lawn and garden activities was \$351 annually per participating households nationwide.

A recent study showed that Home Centers led all other retail channels with 30% of totalsales followed by Mass Merchandiser (21% of sales), Garden Centers (17% of sales), Hardware Stores (14% of sales), Supermarket/Drug Stores (6% of sales), Mail Order/ Internet (3% of sales), and Other Retailers (9% of sales).

COLOR RESEARCH

The bloom brand colors are chosen based on the most popular colors of both men and women. The specific hues are selected according to the latest fashion trends and forecasts

A sample of 1,974 men and women were asked whether they preferred purple, blue, green, yellow, orange, red, or pink.
