

TOWING ELECTRICAL

Bring It[®]

CURT electrical products are designed to deliver unsurpassed levels of performance, reliability and durability. The use of surface mount technology (SMT) components is one of many steps we have taken to achieve this.

SMT components are the most up-to-date parts available for circuit designs. They offer lower resistance, reduced heat generation and longer life cycles than more common,

out-of-date, through-hole mounted components. CURT applies SMT to a full line of tail light converters and to all T-connectors with a built-in converter.

In addition to using top-quality components, 100% of our T-connectors and converters are tested, with the vast majority being made in the USA. Sell your customers a quality product they can count on to help them Bring It[®]!

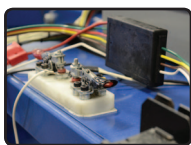

Benefits of CURT's electrical testing

Every unit is tested on an automated sequence tester

Testing complete functionality on all components

Full short-circuit protection testing

Model Name	Pkg#	6-pack Bulk#	Spare Bracket#	Axles				Activation	Display	Mount Angles	Level Adjust	Warranty
				1	2	3	4					
TriFlex	51140	51142	51144	X	X	X	X	Inertia tri-axis accelerometer	Digital	-20° to +70°*	Auto	Limited lifetime
Reflex	51130	51132	--	X	X	X	X	Inertia dual-axis accelerometer	Digital	-20° to +70°*	Auto	Limited lifetime
Discovery	51120	51122	51124	X	X	X	X	Time-based	Digital	Any	Auto	Limited lifetime
Venturer	51110	--	51114	X	X	X	-	Time-based	LED	Any	Auto	Limited lifetime

* TriFlex and Reflex can be mounted up to 20° off the center line of the vehicle and / or up to 20° off horizontal laterally

**BRAKE
CONTROLS**

TRIFLEX™ BRAKE CONTROL

- Triple-axis, motion-sensing accelerometer for highly responsive, smooth stops
- Third axis provides precise, dynamic brake power adjustment when going up or down an incline
- Nine levels of sensitivity adjustment for varying trailer loads or driving conditions
- Adjustable power output
- Digital display shows power adjustments in .1 increments
- Dual polarity and short circuit protection
- Operates 2 - 8 brakes (1 - 4 axles)
- User selectable options on manual activation:
 - Power output (100% or limited to pre-set power)
 - Trailer brake light activation
- Tow vehicle 'low voltage' and trailer disconnect indicators
- Compact size: 3 1/4" wide, 4" deep, 7/8" tall

51140

- Compatible with low voltage or pulse-width modulation (PWM) systems
- Mounts in a variety of angles above or below the dash to increase unit accessibility and display readability
- Automatic leveling and calibration
- Auto sleep mode, prevents battery drain after five minutes of idle time
- Mounting hardware included
- Patent pending

4.0 Your power adjustment setting

4.0 ▶ **3.2** Automatic adaptive power output values

4.0 ▶ **5.3** Automatic adaptive power output values

Note: Values represented are for illustration only. The actual pre-set and adaptive values may differ from those shown here.

**BRAKE
CONTROL
HARNESSES**

UNIVERSAL BRAKE CONTROL WIRING KIT

- For tow vehicles not equipped with factory tow package wiring
- Brake control and trailer connector are sold separately
- For 2 - 8 brake systems (1 - 4 axles)

51500

Pkg#	Description
51500	Includes (1) 10 gauge duplex wire, (1) 10 gauge cross-linked wire, (1) 30 amp circuit breaker, (6) ring terminals, (3) butt connectors and (8) cable ties

**BRAKE
CONTROLS****REFLEX™
BRAKE CONTROL**

- Dual-axis, motion sensing accelerometer for smooth stops
- Self-leveling and simple push-button calibration
- Automatically adjusts brake output when going up or down a hill
- Digital display
- Adjustable power output
- Compatible with anti-lock brakes and cruise control
- Operates 2 - 8 brakes (1 - 4 axles)
- Mounting hardware included

**MADE
IN USA****BRAKE
CONTROLS****DISCOVERY™
BRAKE CONTROL**

- Increases brake force over a pre-set amount of time
- Digital display
- Mount anywhere in vehicle
- No leveling required
- No internal moving parts
- Adjustable power and ramp time
- Compatible with anti-lock brakes and cruise control
- Operates 2 - 8 brakes (1 - 4 axles)
- Mounting hardware included
- Optional spare bracket allows for convenient use of the same brake control in multiple vehicles

**BRAKE
CONTROLS****VENTURER™
BRAKE CONTROL**

- Increases brake force over a pre-set amount of time
- LED indicator lengthens as controller applies force
- Mount anywhere in vehicle
- No leveling required
- No internal moving parts
- Adjustable power and ramp time
- Compatible with anti-lock brakes and cruise control
- Operates 2 - 6 brakes (1- 3 axles)
- Mounting hardware included
- Optional spare bracket allows for convenient use of the same brake control in multiple vehicles

**BRAKE
CONTROL
HARNESSES****QUICK PLUG BRAKE
CONTROL HARNESSES**

- Quick plug harnesses install in less than 10 minutes
- Wire colors match standard brake control harnesses
- Includes: connector for factory plug, 24" of 12 gauge wire and a protective, slit-loom sleeve

51432

51436

**BRAKE
CONTROL
HARNESSES****COMPETITOR TO
CURT ADAPTER**

- Allows Tekonsha, Reese, Draw-Tite and Pro Series vehicle specific brake control harnesses to be used with CURT brake controls

51520

The brands listed above are registered trademarks of Cequent Consumer Products™

**BRAKE
CONTROL
HARNESSES****QUICK PLUG
WITH PIGTAILS**

- Plug-end connects to brake control
- Splice-end connects to vehicle
- For vehicles without a factory plug

51515

On vehicles with two-wire electrical systems that require a powered converter, the converter's red wire is not used as a stoplight connection and needs to be grounded

ELECTRICAL CONVERTERS

TAIL LIGHT CONVERTERS

- Adapts vehicle's electrical system to standard trailer light wiring (two-wire system)
- May be used on two or three-wire systems
- No heavy duty flasher required

ELECTRICAL CONVERTERS

POWERED CONVERTER WIRING KIT

- For use with battery powered tail light converters

Pkg#	Description
55151	20' of 12 gauge cross-linked wire, (1) in-line fuse holder, (1) ATC10 fuse, (1) 3/8" ring terminal, (1) 12-10 gauge butt connector, (8) 6" cable ties, (1) 14 1/2" cable tie

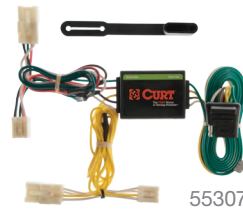

55151

CUSTOM WIRING

4 AND 5-WAY T-CONNECTORS

- Available with 4-way flat output (select applications for 5-way flat)
- State-of-the-art surface mount technology (SMT)
- See curtmfg.com or our catalog for part# by application

55307

55106

CUSTOM WIRING

7-WAY RV BLADE REPLACEMENT HARNESS

- Available in three different lengths for various applications

56621 Packaged

56601
