

TUCK TAPE® SHEATHING TAPE

THE CONTRACTOR'S CHOICE!

Widely known in the Canadian Building & Construction Market for its reliability and long-lasting performance, Tuck Tape® Sheathing Tape is designed to permanently seam and seal joints of air barriers. It is used to secure lap edges in building wraps while preventing air infiltration. CCMC evaluated, see report #11955-R.

Style 20500 available in Red and White

FEATURES & BENEFITS

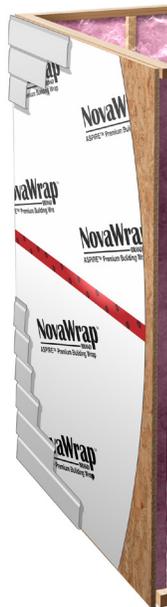

STYLE 20500

- High tack adhesive provides aggressive contact
- Strong and durable holding power
- Water and moisture resistant
- Excellent resistance to UV and weathering
- Prevents air infiltration
- CCMC Evaluation Report #11955-R

205956055 EASY TEAR

All the features of Style 20500, plus:

- Hand tearable - safer - no knife required
- Easier to use than regular tape
- Up to 20% faster to use
