KEEP YOUR HANDS SHARP

After thousands of years of usefulness, in the last decade or two, hands have fallen on hard times. Robots became coworkers. Shop class failed. And between swiping, texting, and double tapping, we've become all thumbs.

But hands were made to make things. They're builders. Helpers. Artisans. Designers. Workers. They're hungry for crafts and challenges they can sink their fingers into. And when we don't give them those things, they become dull. Fidget-Spinners become a national pastime. And handymen and women become an endangered species.

So let's do away with idle hands by idolizing what hands can do. Pull our hands out of our pockets and put them to work. Get them dirty. Shake off the dust. It's time we stop sitting on our hands and stand up for those who never stopped using them.

We're proud to show you our handiwork for 2019. As always, double-tested in Bradford, PA to help you keep your hands sharp.

BARLOW

For a limited time, the classic Barlow is back! This vintage-era Jack Knife design dates back to the early 1900's and is characterized by a single oversized pocket end bolster. Stunning, colorful handles of Bone, Kirinite™, Wood and Synthetic highlight this treasured and timeless Case pattern. Feel the history and savor the good looks of the one and only Case® Barlow.

STRIPES OF SERVICE

Heroism and sacrifice are remembered in the Stripes of Service family, dedicated to the memory of those who have lost their lives in the line of duty. The distinctive patriotic lines are reminiscent of those who serve and remind us of their selfless acts. Available in Trapper, Mini Trapper and Mini CopperLock® patterns, each knife offering exudes pride of ownership and grateful remembrance.

CASE XX® CG01 FLIPPER BY SOUTHERN GRIND

The CG01 Flipper is the first knife in the Case family manufactured by Southern Grind, multiplatinum GRAMMY Award-winning artist Zac Brown's Georgia-based metal shop. These knives feature a "flipper" style assisted opening function, which allows the user to depress a small lever along the spine of the blade which assists the knife into its open and locked position. Knives in this collection come in both Tanto and Drop Point blade styles made of S35VN stainless steel, a high performance alloy known for its quality, wear resistance, and toughness, accompanied by a red or black anodized handle. Weighing only 4 ounces, this knife is easy to carry and deploy.

CASE® ASTRONAUT KNIFE M-1

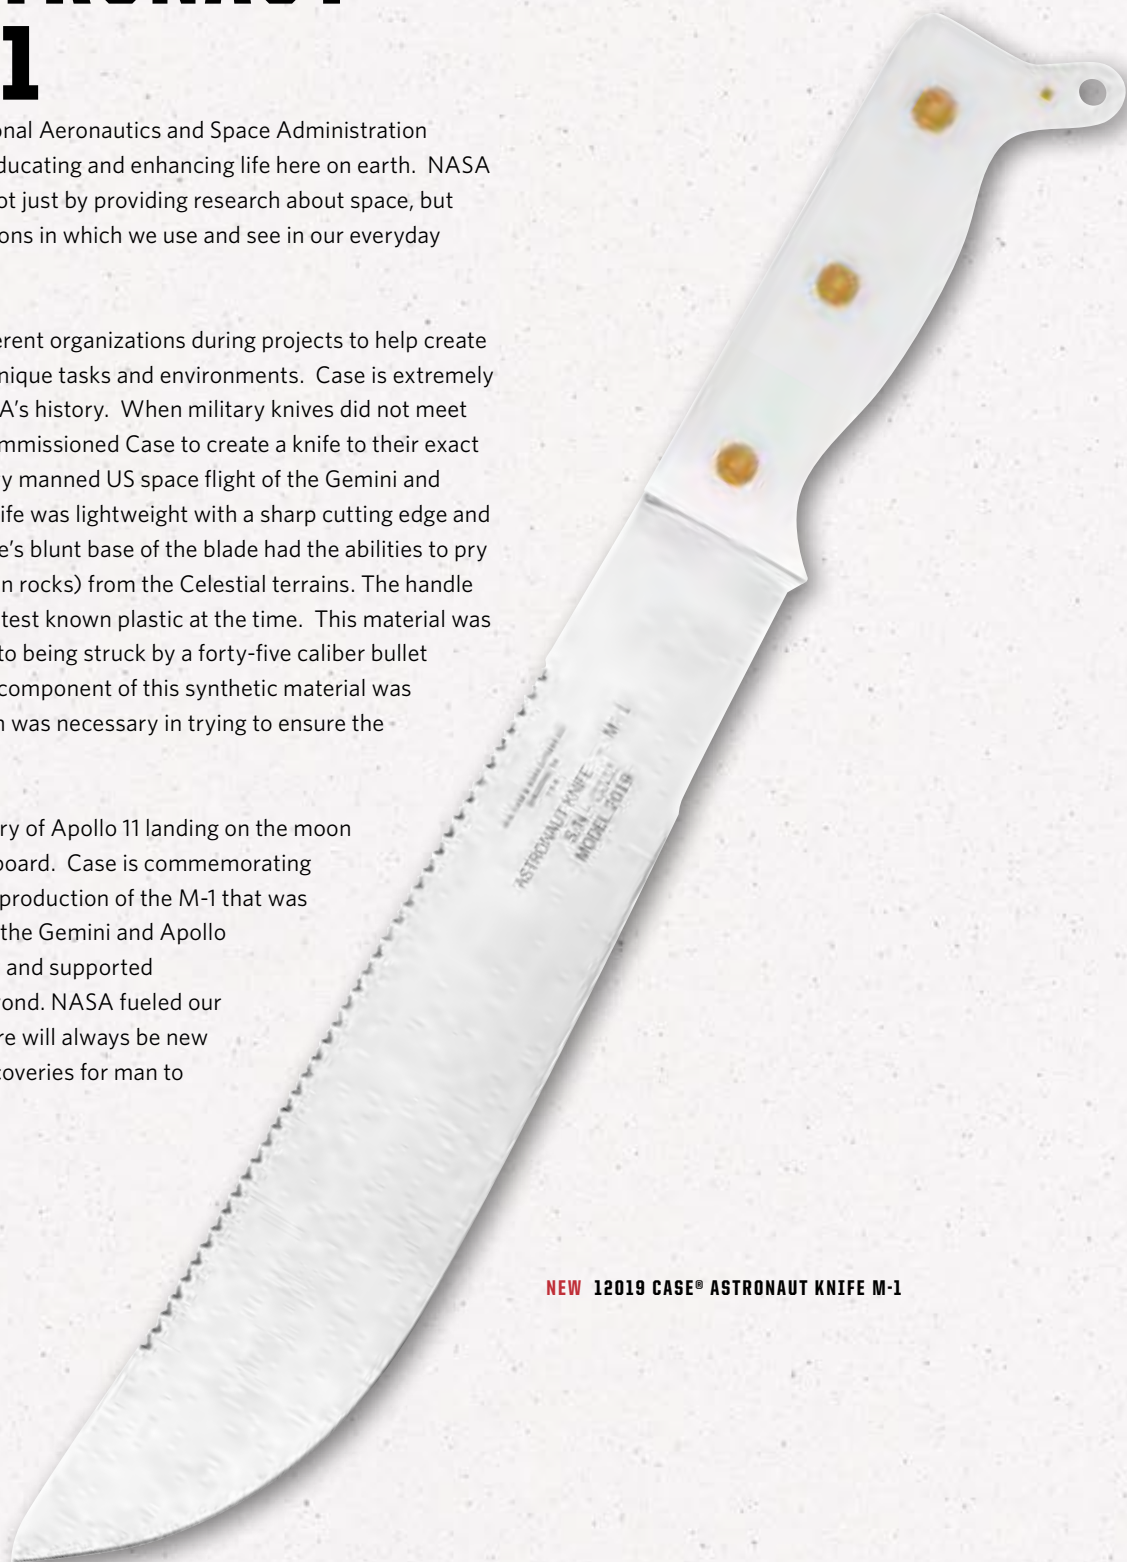

From its inception in 1958, the National Aeronautics and Space Administration (NASA) was devoted to research, educating and enhancing life here on earth. NASA has impacted the lives of millions, not just by providing research about space, but also sharing their pioneering inventions in which we use and see in our everyday lives.

NASA has often reached out to different organizations during projects to help create and invent custom-made tools for unique tasks and environments. Case is extremely honored to have been a part of NASA's history. When military knives did not meet NASA's criteria, the organization commissioned Case to create a knife to their exact specifications that would equip every manned US space flight of the Gemini and Apollo missions. This Astronaut Knife was lightweight with a sharp cutting edge and saw teeth on the back side. The knife's blunt base of the blade had the abilities to pry and gather specimens (such as moon rocks) from the Celestial terrains. The handle was made of polypropylene, the lightest known plastic at the time. This material was able to withstand an impact similar to being struck by a forty-five caliber bullet without shattering it. Another vital component of this synthetic material was that it did not emit any fumes, which was necessary in trying to ensure the purity of the air in the spacecraft.

This year marks the 50th Anniversary of Apollo 11 landing on the moon with the Case® Astronaut Knife on board. Case is commemorating this stride in NASA history with a reproduction of the M-1 that was on every manned spacecraft during the Gemini and Apollo missions. Case has always stood by and supported organizations that go above and beyond. NASA fueled our imagination and our beliefs that there will always be new inventions, new places and new discoveries for man to uncover.

CASE® V-42

Born of wartime necessity and proven on the battlefields of World War II, the Case V-42 is the stuff of legend. First conceived in 1942, the knife's design is attributed to then Lieutenant Colonel Robert T. Frederick. In honor of the legacy of the First Special Service Force, Case is proud of the 'faithfully true' reproduction of the classic original, patterned after the company's own museum piece. The tang stamp on the re-created Case V-42 reads CASE on one side, V-42 USA on the other. Even the accompanying leather sheath is completed according to the original World War II-era requirements.

21943 V-42 COMMEMORATIVE WOODEN BOX
(KNIFE NOT INCLUDED)

CASE® BESH WEDGE

The Case® BESH Wedge was designed by Brent Beshara, and inspired by Case's V-42 of World War II fame, this revolutionary knife blends modern technology with optimal performance and utility. A unique blade design, composed of two diagonally opposed bevels that converge to form a third cutting edge. The blade geometry provides a stronger point profile that overcomes the tip weakness found in more conventional blade designs. Well balanced for a comfortable, responsive feel – The Case® BESH Wedge is ready to serve.

21945 CASE® BESH WEDGE

1015-6 ½ SS • Dual Edge Tru-Sharp™ Surgical Steel
Fixed Blade • Earth Brown G-10 Textured Handle

with integrated Tec-Lok™ attachment.

Flat Ground, Recurve Utility Blade with Black Oxide Caswell™ Finish •
Dual Lanyard Holes • Form-Fitted Leather Sheath • Zippo® Windproof Lighter

THE CASE® WINKLER RECURVE UTILITY NO. 6

The second knife in the American Heroes Series, a collaboration between W.R. Case & Sons Cutlery Company, Winkler Knives, and U.S. Navy SEAL veteran Harry Bologna, the Case® Winkler Recurve Utility No. 6 is built for performance. This knife is primed for any encounter with its skeletonized, full tang blade composed of heavy gauge 80CrV2 carbon steel, a flat ground Recurve blade shape with a 4 ¾-inch cutting edge, aggressive spine gimping, and an ergonomically engineered canvas laminate handle available in black or tan. For those who seek a tough, durable and versatile knife that reflects the commitment and perseverance of an American Hero, look no further than the Case® Winkler Recurve No. 6., always ready for camping, hunting, fishing or any outdoor task.

BACK

All Case® Winkler Recurve Utility No. 6 knives come with a form-fitted leather sheath and Zippo® windproof lighter.

Flat Ground, Skinner Blade with Black Oxide Caswell™ Finish • Narrow Finger Grooves • Lanyard Hole • Protruded Finger Guard • Glass Breaker

THE CASE® WINKLER HAMBONE

The Case® Winkler Hambone is a collaboration between W. R. Case & Sons Cutlery Company, Winkler Knives, and U.S Army veteran and Medal of Honor recipient Clint Romesha. The Case® Winkler Hambone is lightweight, well-balanced, and built for dependability. The curved Skinner blade is made from tough 80CrV2 carbon steel. Knowing the importance of minimizing the need for packing multiple tools for different tasks, a glass breaker was incorporated into the end of the handle making this a versatile knife. Complete with narrow finger grooves, a protruded finger guard, and a lanyard hole this knife measures 9 ½ inches long and is primed for any encounter. The sheath and the knife are paired up with a strong, lightweight clip adorned with the green and black star, the epitome of military service.

Flat Ground, Distal Tapered Trailing Point Blade with Black Oxide
Caswell™ Finish • Lanyard Hole • Molded Black Leather Sheath

THE CASE® WINKLER SKINNER

The Case Winkler Skinner is a fixed blade knife crafted collectively by Case and Winkler Knives. The design is the result of a decades-long career in knife making by Master Bladesmith Daniel Winkler and the extensive experiences of retired U.S. Army Special Operator and Navy SEAL Kevin Holland. This high-performance field knife is lightweight, well balanced and built for dependability. The flat ground, distal tapered Trailing Point blade is made from tough 80CrV2 carbon steel. The full tang is skeletonized and tapered to reduce weight and improve balance. The knife is accompanied by a molded black leather sheath that's specially reinforced to help keep its shape, ensuring a continually snug fit when not in use. A reversible belt attachment accommodates carrying the knife on either side of the body. All of these premium features make the Case Winkler Skinner the perfect ally to take on hiking, camping and hunting adventures, and a welcome addition to any military operator's kit.

BLUE BONE

There's a reason we call some friends "true blue". That is because we know we can always count on them, no matter what. The same can be said about our Blue Bone knives. Time and again, their Tru-Sharp™ surgical steel blades get the job done and their classic blue handles look even better the longer you carry them.

THE CASE TANG STAMP

It's been said that every Case knife tells a story. That story begins with the unique blade marking, or *tang stamp* applied to every Case knife, indicating its date of production. Case has used various tang stamps throughout its history, making it one of the world's most collected knife brands over time. We think you'll agree that now is the perfect time to add a new Case knife to your personal history.

2019 Case Tang Stamp

JOIN US TODAY!

Chartered in 1981, the Case Collectors Club® is the premier association for Case knife collectors and enthusiasts worldwide. Paid members receive a quarterly magazine and a host of exclusive benefits including event reminders, access to our online forum and limited production knife offerings. Join the thousands of others who keep the legacy of American craftsmanship alive for future generations.

ANATOMY OF A CASE KNIFE

Hand-crafting a Case knife is an exercise in skill, focus, and, most importantly, patience. Roughly 160 steps go into the creation of each knife, from the handle to the blade to everything in between. To us, the process is just as important as using the finest components in the world, like rich, natural handle materials, premium-quality steel, select brass and superior nickel silver.

FINISHED CASE KNIFE

CUSTOM IMPRINTING

A person is known by the company he keeps. Case® pocketknives are some of the most collected in the world. Placing your name or company logo on a Case knife will transform a special gift into a cherished keepsake.

Case Knives are perfect for: Employee Appreciation • Retirement Gifts • Holidays • Safety Awards • Company Promotions • Special Dates & Occasions • Customer Appreciation

FACTORY IMPRINTING TECHNIQUES

Set-up charges may apply.

ELECTRO-ETCH

Item #00297

Electronic transfer onto a metal surface. This is a surface imprint on blades or metal handles. The Electro-Etch is semi-permanent.

COLOR FILL

Item #00289

One color added to laser engraving. This process is only available on smooth bone, smooth synthetic and wood handles. Color fill options include: gold, white, silver, black, red, yellow, blue and green (may vary by handle type).

LASER ENGRAVING

Item #00294

Imprint available on leather sheaths and wood boxes.

PERSONALIZATION & SERIALIZATION

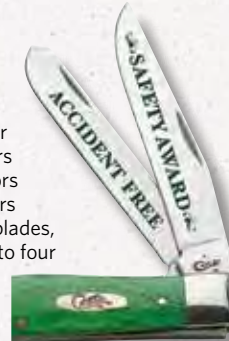

Item #00288 (Bolster)
Item# 00288BL (Blade)

This is an engraving of letters and/or numbers onto the bolster or main blade. Engraving is permanent.

TECH PRINT

Item #00267 - One Color
Item #00268 - Two Colors
Item #02479 - Three Colors
Item # 02480 - Four Colors
Photo emulsion of paint onto blades, metal handles and tin lids. Up to four (4) colors per surface.
Tech Print is semi-permanent.

SCROLLING

Item #00298S

Design engraved on 1 - 4 bolsters. Scrolling is permanent.

TECH PRINT & ELECTRO-ETCH FONTS

ENGRAVING

Item #00298

Can engrave on blades, bolster or metal handles. Engraving is permanent.

TECH PRINT COLOR CHOICES

Minimum order requirement is 25 pieces. For more information about custom imprinting, including artwork guidelines, production policies, cost estimates and more, contact the Case Sales Office at (800) 821-1924 or email specialmarkets@jessupsales.com

HOW TO IDENTIFY A CASE KNIFE

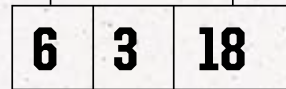

The number stamped on the tang of one blade of every Case knife identifies the pattern. The first number is the handle material, the second number is the number of blades, and the rest is the factory pattern number. In the example below, 6318 is a #18 factory pattern knife with a jigged bone handle and three blades.

HANDLE MATERIAL KEY

- 1 Solid Hardwoods
- 2 Smooth Black Synthetic or Thermoplastic Rubber
- 3 Smooth Yellow Synthetic
- 4 Smooth Synthetic (Various Colors)
- 5 Genuine Stag
- 6 Smooth/Jigged Bone (Various Colors), Jigged Synthetic (Various Colors) or Jigged Laminated Hardwood
- 6.5 . . . 6.5 BoneStag®
- 7 or P . . Wood or Laminated Hardwood
- 8 Genuine Mother-of-Pearl, Abalone or Paua
- 9 Imitation Mother-of-Pearl or Corelon
- 10 . . . Micarta, G-10 or Kirinite™
- I Ivory, Imitation Ivory or Mammoth Ivory
- EX . . . Exotic Materials
- M. . . . Stainless Steel or Aluminum
- BH . . . Buffalo Horn

Number of Blades

AUTHENTIC CASE COLLECTABLES

We put the *Long Tail C* serialization exclusively on collectable products manufactured and sold by Case.

This logo assures you the collectable item is authorized by Case.

DETERMINE THE YEAR OF A CASE KNIFE

In 1970, Case added ten dots beneath the *U.S.A.* on all knife tangs. Each year a dot was removed.

The same dating system was used during the 1980s. The differences are the "lightning" form of the letter S in Case and USA and the fact that the dots were put above the USA.

From 1990 to mid-1993, the actual date was stamped on the tang.

The dot system was used again from mid-1993 through 1999.

In 2000, Case introduced a new tang date stamp: five Xs and five dots. From 2000 through 2005, one dot was removed each year. From 2006 through 2009, an X was removed each year.

The 2010 Tang Stamp design again features five Xs and five dots. From 2010 through 2015, one dot was removed for each year. From 2016 through 2019, an X is removed each year.

THE CASE LIMITED LIFETIME WARRANTY

We warrant each and every Case Knife to be free of defects in material and workmanship for the life of the owner, and we will repair or replace with a new Case knife, at our option, any Case knife that is defective. That's how strongly we feel about the quality of our cutlery. If you believe your Case knife has a manufacturing defect, mail your knife, along with a written explanation of the problem, to: W.R. Case & Sons Cutlery Company, Repair Dept, 50 Owens Way, Bradford, PA 16701 USA.

Case does not warrant against normal wear or misuse of its products or their finish. Case knives are not intended to be used as hammers, chisels, pry bars or screw drivers. If your knife was damaged due to misuse, our Repair Department can analyze the damage and repair it for a reasonable fee. This Warranty gives you specific legal rights and you may have other rights which vary by area.

CONSUMER AWARENESS STATEMENT

The blades that go into every Case knife are honed to an extremely sharp edge. We ask that you be very cautious when opening, using or sharpening our products. Case knives are intended to be used as working tools; they are not weapons and should not be used as such. If an injury occurs during use (or misuse) of a Case knife, this is a risk that our customers assume, and Case can in no way be held accountable. Our customers expect Case to deliver high-quality, razor-sharp knives; in turn, we ask each customer to use our products safely and wisely.

Due to the hand-crafted nature of our products and our extensive use of natural materials, some items may not look exactly as depicted.

REGULATIONS

Purchaser is responsible for understanding and following any applicable laws, regulations or ordinances relating to the transport, import, purchase, sale, use, or possession of these products. W.R. Case & Sons Cutlery Company reserves the right (but does not have the obligation) to remove from any orders any products that may be restricted for import, or to increase shipping costs to certain locations.
