

The Petmate logo is a blue, rounded rectangular shape with a white border. Inside, the word "Petmate" is written in a white, sans-serif font with a registered trademark symbol.

Petmate®

A close-up photograph of a light-colored puppy and a grey and white kitten. The puppy is on the left, looking towards the kitten on the right. The puppy's mouth is slightly open, and its tongue is visible. The kitten is looking towards the right. They are resting on a bed of straw or hay. The background is a textured, brownish surface.

PRODUCT CATALOG

our brands

The Petmate portfolio of brands provides a variety of smart solutions that fulfill the varied needs of pets and pet parents today. Our products are born based on consumer insights and advanced trend research.

our licenses

For more than 165 years, people have chosen pure, versatile and environmentally safe ARM & HAMMER™ baking soda, an effective yet gentle cleaner that is great for use around food, children and pets.

Devoted to the relentless quest for the perfect camouflage, Mossy Oak® Brand Camo has been driven by a passion for hunting and the outdoor lifestyle for over 20 years.

testimonials

I LOVE the Deluxe **Fresh Flow Fountain**. I am going to buy a second one for the den!!

- Debbie with Peppy, Bella & Daisy

I love the Chuckit! line, especially the **Max Glow Balls!** My dog actually wakes me up in the middle of the night wanting to play catch! The clever little devil will actually pull the covers off me to get me out of bed!

- Duncan & Storm

I am contacting you to tell you, I LOVE the petmate **Clean Step Litter Dome!!!** It truly does keep the cat litter off the floor and my dogs out of the litter box!!

- Angela

The **Cuz toy** is the best toy on the market, our Labradoodle Storm has had one since he was a pup he is now 2 years old. Great lasting dog toy that beats the rest. Thanks JW.

- Elizabeth

responsibility

Concern with the protection of the natural world.

Petmate resin is made from ninety-five percent pre-consumer recycled plastic content, thus reducing our carbon footprint and keeping millions of pounds of plastic out of landfills.

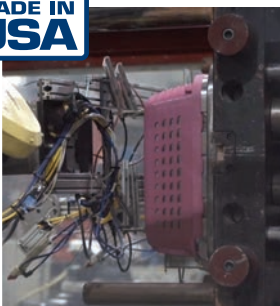

Petmate compounds its own resin and that resin is then formulated into the plastic that is used in our well-known carriers, shelters and other plastic products.

Petmate is the nation's largest manufacturer of pet carriers, shelters, and feeding and watering products with one million square feet of manufacturing and warehouse space located in Arlington, Texas.

This process produces many of the smart solutions that have defined Petmate as a company.

The classic Vari Kennel.

kennels

Dogs have a natural instinct to den. They feel safe, secure and protected in an enclosed space. Because of this, kennels are one of the most effective training tools available.

HELPFUL TIP

Feeding & Watering Products 101:

Programmable Feeders – Large reservoirs that hold enough food for multiple feedings.

Pet Fountains – The filtered flow provides naturally cool water and encourages pets to drink more frequently.

Basic & Double Diner Bowls – Basic bowls are a good fit for most dogs and double diners keep food and water together in one location.

Elevated Bowls – Ideal for larger dogs so that they are able to eat without stressing their back or joints.

Gravity Feeders & Waterers – Perfect for dogs that are “free” feeders as these styles hold a large amount of food and automatically refill as the bowl empties.

Slow Feed Bowls – Specially designed to compartmentalize food portions and slow down rapid eating.

dog toys

The sought-after and trusted Chuckit!® brand provides More Ways to Play® with the most comprehensive assortment of fetch toys: Launchers, Launcher Compatible, Flyers, Indoor, Tug, Shake or Toss and Ground Pursuit. Each category addresses canine needs and interests in different ways. Interactive play strengthens the human-animal bond!

dog toys

We look for ways to improve pet products by studying the needs of pets and pet parents. For example, when it came to creating our Hol-ee Roller® dog toys, and the other members of our Hol-ee™ family, we had to devise a manufacturing process that has never been used before. It's so unique, it's patented.

HELPFUL TIP

Combo toys are a great solution for dogs that love rough and tough play! By layering and combining different types of rugged materials the overall strength of the toy is increased. Provide the bounce and fetch that dogs love and the durability that their owners crave!

dog toys

Our multi-colored rope toys can be used for interactive tugging play or as solo dog chews. These rope toys are a fun and easy way to floss a dog's gums and help prevent dental disease. Plush toys are perfect for dogs who prefer a soft toy to carry around and snuggle up with or gently teeth on.

cat toys

Catnip contains an essential oil called nepetalactone that can cause a positive reaction in cats that are sensitive to it. Researchers believe it mimics "happy" feline pheromones triggering rolling, flipping, rubbing and other hyperactive or erratic behavior.

jw® cataction

grooming

The bright yellow and grey eye-catching color combination convey the strength and durability built into this line. Each tool is one solid piece with no seams between handle and head. The over molded rubber grip placement positions the hand for proper use and the rounded shape and styling of the tool heads make grooming in even the hard to reach areas quick and efficient.

HELPFUL TIP

The award winning Wetnoz Carrier is packed full of pet friendly features such as dual entry points, a leak proof design and so much more! A consumer favorite is the removable top. It completely zips off to provide a plush and comfy bed for at home or while on the road. This feature is also great for trips to the vet as the pet can remain inside during a checkup.

collars & leashes

- made from durable denim and features polished stainless steel buckles and accent stitching
- available in five bold basic colors

bird accessories

Birds are busy in the wild and captive bred birds have the same instincts and drive without the activity level. It is very important to provide stimulating toys to keep birds happy and prevent boredom, which can lead to negative behaviors.
