Classic OEM

The following section shows Classics' Extensive Collection of O.E.M. Replacement Cushions. Every effort has been made to make these patterns as close as possible to original manufacturer's specifications. However, due to sewing operations and the vast number of different cushion styles presented, the replacement cushions may not be exact O.E.M. We do not recommend using the following patterns on any other furniture other than as presented. No alterations in cushion size, fill, or ties can be accepted. Line-drawing may not illustrate cut-outs, radius cuts, tapering, tie and zipper placements.
