

Masonry Waterproofing & Repair

PRODUCT CATALOG

Step 1 - 2 - 3 for Decorative Waterproofing

DAMTITE'S 3-STEP DECORATIVE WATERPROOFING SOLUTION

To insure the best waterproofing performance for your next project, Damtite recommends an easy 3-step solution. It begins by Preparing the Surface so that the waterproofers will adhere to the surface and fill voids. Next, always repair any cracks or breaks in the masonry and stop any active water leaks with our Waterproofing Hydraulic Cement. Finally, choose between an economical powder waterproofer or one of our convenient, tintable ready-mix latex formulas for a beautiful finish.

STEP 1: PREPARE THE SURFACE

CONCENTRATED CONCRETE CLEANER

Prepares concrete, masonry, brick, stone, stucco, and tile walls prior to painting by cleaning and etching the surface. It removes and neutralizes salt-like deposits, mortar stains and oil residue. Safer than Muriatic Acid.

<i>SIZE</i>	<i>STOCK #</i>	<i>CASE PACK</i>
12 oz. - Bottle	09712	12
30 oz. - Bottle	09730	6

STEP 2: REPAIR THE SURFACE

WATERPROOFING HYDRAULIC CEMENT

Stops flowing water or seepage under pressure through holes and cracks, and can even be applied under water. Expands as it sets to provide a permanent, high strength patch on cracks in concrete, masonry walls, wall-floor joints, swimming pools, water storage tanks, fountains, ponds, and drains. Ready to mix with water.

<i>SIZE</i>	<i>STOCK #</i>	<i>CASE PACK</i>
2.5 Lb. - Pail	07031	6
10 Lb. - Pail	07121	4
50 Lb. - Pail	07502	1

Step 1 - 2 - 3 for Decorative Waterproofing

STEP 3: CHOOSE BETWEEN ECONOMICAL POWDER OR TINTABLE LATEX

Our powder waterproofers are available in 3 economical formulas. They are safe for drinking water cisterns, birdbaths and fishponds. Ready-mix latex Waterproofers are convenient, tintable to light pastel shades and are fast drying with easy cleanup.

POWDER OPTIONS

STEP 3: DECORATE & WATERPROOF

POWDER WATERPROOFERS IN PLASTIC PAILS

Seals, protects and beautifies vertical walls constructed of concrete, masonry, brick or stucco. Eliminates dampness and resists mildew, flaking or chalking while beautifying and sealing all pores and voids. Helps reduce Radon Gas penetration through concrete block walls. Just add water to powder and mix; brushes on like paint.

10-Year Waterproofing Warranty

MAXIMUM COVERAGE WATERPROOFER

WHITE - Covers up to 13.3 sq. ft./lb. of powder.

SIZE	STOCK #	CASE PACK
7 Lb. - Pail	01071	4
21 Lb. - Pail	01211	1
45 Lb. - Pail	01451	1

MAXIMUM COVERAGE WATERPROOFER

GRAY - Covers up to 13.3 sq. ft./lb. of powder.

SIZE	STOCK #	CASE PACK

Foundation - Bag	03501	1

READY-MIX LATEX OPTIONS

STEP 3: DECORATE & WATERPROOF

READY-MIXED LATEX WATERPROOFERS

High performance masonry waterproofers used for above or below grade applications. Alkali-resistant coating provides excellent waterproofing protection with a decorative finish for all masonry, cinder and concrete block, poured concrete, brick, stucco, basement, retaining walls and foundations. Fast drying, low odor, tintable and easy to clean up. Reduces Radon Gas penetration through concrete block walls. Covers up to 125 sq. ft./gal.

REGULAR LATEX

10-YEAR WATERPROOFING WARRANTY

SIZE	STOCK #	CASE PACK
Gallon - Can	03550	4
5 Gallon - Pail	03555	1

ULTIMA PREMIUM LATEX

15-YEAR WATERPROOFING & 5-YEAR MOLD-RESISTANCE WARRANTY

SIZE	STOCK #	CASE PACK
Gallon - Can	03560	4
5 Gallon - Pail	03565	1

PRO-GRADE LATEX

18-Year Waterproofing Warranty & 5-Year Mold-Resistance Warranty

SIZE	STOCK #	CASE PACK
Gallon - Can	03570	4
5 Gallon - Pail	03575	1

BONDING ADDITIVES AND PRIMER ADHESIVES

ACRYLIC BONDING ADDITIVE

For use with cement or plaster based mixes on both exterior and interior projects. Bonds new masonry materials to old. Assures adhesion of coatings to previously painted surfaces, floors and non-porous surfaces. Prevents separations, cracking and increases flexural strength.

<i>SIZE</i>	<i>STOCK #</i>	<i>CASE PACK</i>
Quart - Bottle	05160	6
Gallon - Bottle	05370	4
5 Gallon - Pail	05500	1

BONDING PRIMER ADHESIVE

Highest strength agent for best adhesion of new coating over existing concrete or plaster. Use as prime coat and apply new topping when still tacky.

<i>SIZE</i>	<i>STOCK #</i>	<i>CASE PACK</i>
Gallon - Bottle	05610	4
5 Gallon - Pail	05650	1

WATER REPELLENT SEALERS

CLEAR SHIELD PENETRATING WATER REPELLENT

Safe, odorless, clear penetrating sealer. Protects against water, ice & salt damage. For both exterior & basement/garage floors.

<i>SIZE</i>	<i>STOCK #</i>	<i>CASE PACK</i>
Gallon - Bottle	06350	4
5 Gallon - Pail	06450	1

PRO-GRADE WALL & FLOOR SEALER

A new high-tech transparent penetrating sealer. Protects against water, ice & salt damage. For both exterior & basement/garage floors.

<i>SIZE</i>	<i>STOCK #</i>	<i>CASE PACK</i>
Gallon - Can	09150	4
5 Gallon - Pail	09155	1

Damtite Waterproofing & Repair

PATCH, REPAIR, RESURFACE AND ANCHOR

SUPERPATCH WATERPROOFING CONCRETE PATCH

Repairs or resurface concrete, masonry, stucco and brick, up to 3" thick in one application. Waterproof non-shrink formula with exceptional strength and adhesion. Mix only the powder and bonding liquid included in pail; do not add water.

<i>COLOR</i>	<i>SIZE</i>	<i>STOCK #</i>	<i>CASE PACK</i>
Off White	7 Lb. - Pail	04071	4
Concrete	7 Lb. - Pail	04072	4
Off White	15 Lb. - Pail	04151	1
Concrete	15 Lb. - Pail	04152	1
Off White	70 Lb. - Pail	04701	1
Concrete	70 Lb. - Pail	04702	1

BONDS ON VINYL CONCRETE PATCH

For thin repair or resurface. Spreads to 1/16" thickness. Self bonding. 1-component powder. Just add water and mix.

<i>SIZE</i>	<i>STOCK #</i>	<i>CASE PACK</i>
3 Lb. - Pail	04003	6
12 Lb. - Pail	04012	4
25 Lb. - Pail	04025	1

WATERPROOFING ANCHOR CEMENT

Portland cement based sets bolt, hooks, hand railing, fence posts, mailbox post, wood, metal, plastic or other fixtures into concrete or masonry. Fast setting, high strength, non-shrinking and weatherproof. One pound fills 18 cubic inches, 1/4" thick. Sets in 15-20 minutes.

<i>SIZE</i>	<i>STOCK #</i>	<i>CASE PACK</i>
2.5 Lb. - Pail	08031	6
10 Lb. - Pail	08121	4
