Product Description:

DAP® Blue Stik™ is a reusable, removable adhesive putty that replaces tape, tacks, staples and magnets. It is ideal for a wide variety of uses in the home, school and office. It can be used time and time again and won't dry out. No more chipped, peeled paint or holes in the walls. This convenient, ready-to-use putty bonds just about anything to slick or hard surfaces, such as wood, tile, glass, concrete, porcelain, Formica®, metal and painted surfaces. Use to fasten decorations, posters, notes and paintings. Also helps protect items from vibration damage. Blue Stik™ can be used time and time again. Conforms to ASTM D 4236.

Suggested Uses:

Ideal for all types of hobby and craft, school, office and around the home uses.

- Level picture hanging picture frames.
- Secure collectibles.
- Keep cords and cables in place.
- Hold needles.
- Hold hooks and fishing lures.
- Temporarily hold items in place while liquid glue dries.

Use to mount or hang:

- Posters
- Photos
- Drawings
- Cards
- Decorations
- Notes

Adheres to a wide variety of surfaces such as:

- Wood
- Tile
- Glass
- Concrete
- Porcelain
- Formica®
- Metal
- Paper
- Styrofoam
- Plastic
- Vinyl
- Plastic laminate
- Fabrics
- Painted surfaces

Surface Preparation & Application:

- DAP® Blue Stik™ should be applied to clean, dry surfaces at room temperature (68-72°F, 21-23°C).
- To use, tear off enough Blue Stik™ Reusable Adhesive Putty for the job.
- Roll into a ball until it becomes soft and tacky.
- Place adhesive between the surfaces to be fastened and press firmly.
- **CAUTION:** Blue Stik™ may leave an oily residue on some surfaces (e.g. flat latex painted drywall). Check by applying Blue Stik™ in an inconspicuous place for 24 hours, then lift. If a stain does occur, it can usually be removed with Isopropyl (rubbing) alcohol. Do not use Blue Stik™ on soft flocked or loose wallpaper, newly painted surfaces, loose paint, or for hanging heavy objects such as mirrors and framed pictures. Not for exterior applications. If Blue Stik™ residue should remain on surface, roll Blue Stik® into a ball and roll over residue.

Physical & Chemical Characteristics:

Color:	Blue
Odor:	Negligible
Consistency:	Pliable
Vehicle:	Rubber
Solids:	>99% by weight
Freeze/Thaw Stability:	Stable

MSDS No.	00030404001

Clean Up:

This product may leave an oily residue on some surfaces. Prior to use, check by applying product in an inconspicuous place for 24 hours, then remove. If a stain does occur, it can usually be removed with a solvent like Isopropyl (rubbing alcohol). If Blue Stik™ residue should remain on surface, roll Blue Stik™ into a ball and roll over residue.

Safety:

See product label and Material Safety Data Sheet (MSDS) for safety information. You can request an MSDS by visiting our website at www.dap.com or by calling 888-DAP-TIPS.

Warranty Information:

If you are not satisfied with this product's performance when used as directed, return used container and sales receipt to DAP Products Inc., Technical Customer Service, 2400 Boston Street, Suite 200, Baltimore, MD 21224 for product replacement or sales price refund. DAP will not be liable for incidental or consequential damages.
