2019 SPRING/SUMMER | DPC & TROPICAL TRENDS | MEN'S & WOMEN'S

For so long, people thought Dorfman was about selling hats. But really, we're about our hat community. You see a hat is just an accessory, but our millinery community is fostered by the artisans that hand make our hats, local shops that display our creations, and our customers' stories who wear them with distinction. This is coupled with our relentless commitment to service instilled by our founder, Jack Dorfman. Fashion trends are in a constant state of motion, but happy retail partners and valued customers are a constant for us.

An American Headwear Company Since 1921.

## **OUTDOOR CLOTH**

You're smart and flexible, and you want a hat that can withstand a little bit of wear and tear. Our outdoor cloth hats are ideal for the consumer who wants to bring the style of the clubhouse to the rigors of a day hike. With a UPF factor of 50+ and water-retaining technology, this heavy fabric protects you from the sun while allowing you to soak it in water and enjoy the cool feeling as it evaporates.

Don't worry! Everyone from avid fishermen to porch chair rockers will appreciate the advanced nylon fabric that combines the touch of cotton with the durability of nylon. Though each piece is hand distressed for a unique look, the headwear will keep its shape and color through exposure to surf and sun alike. Our outdoor cloth hats will keep you comfortable and stylish no matter your leisure activity of choice.

# **MOSSY OAK**

Mossy Oak has always been passionate about providing camouflage for those with an inclination for the outdoors. Not only do the Mossy Oak patterns offer concealment, they also represent a true love of and affinity for being outside. One does not need to be an avid hunter, though, to enjoy the trappings of a well-worn piece of camouflage.

Wear your Mossy Oak hat with you whether you're in the forest or out for an evening stroll. The earth-colored designs will blend seamlessly with any surrounding you choose, just like they're supposed to. Next time you're looking for a new piece of headwear, consider one decorated in Mossy Oak camouflage. It's the perfect style for the outdoors, whether it's gardening, hunting, conserving or simply sharing the beauty of nature with those around you.

# **STRAW**

Nothing makes the days fly by like the feel of a fresh straw hat after you slip into something sleek. Straw serves so many purposes, especially for headwear. It's light and durable; it's easily woven into intricate, highly stylized designs; and it just looks good. Straw fedoras make any beach day outfit sing, and outdoor straw hats are ideal for someone who likes to be on the move.

Though the fedora hat style has been around for decades, it's making a comeback as part of an everyday outfit. That's not the only type of straw head-topper that brings both a contemporary flash and a timeless vibe. We know it's difficult these days to mix retro with stylish, but the right straw hat will leave you feeling downright iconic.

# **WESTERN**

You're familiar with the term Spaghetti Western, but how about a beach western? That's exactly what we're working with here. While the cowboy look and feel is something many desire, it's not always the best fit for your current attire. That's why these western hats are made for your more casual consumer.

You can certainly take this western hat with you to the dude ranch, but you don't have to be roping cattle or buckling chaps at the crack of dawn to enjoy what this hat style brings you. Take this cowboy-esque hat for a spin, and don't be concerned that you're not about to line dance because these will complement any wardrobe choice, anywhere you find yourself.

## WOMEN'S WESTERN

You may not be a total country person, but you still appreciate the allure of the great outdoors. Sitting on a porch swing or walking through an afternoon garden are some of your favorite earthly delights. It's no wonder you're seeking something that isn't quite cowgirl but that still lets you pull your boots up and make a day of it.

The women's western hats are built for casual consumers of country culture without feeling like they're ten gallons overboard. Don't look for something that will go with your horse-riding outfit but not a whole lot else. Look for one of these instead and enjoy the delicate dance of summertime air on a still country lake without worrying about whether your hat brim is out of place.

## STRAW

It's a big brim beach hat kind of afternoon, and the waves are folding nicely over the warm wet sand. The wide brim look is back in vogue, a trending fashion full of careful silhouettes. Straw lets the heat disappear and lets the warm air brush you gently no matter where you take your new hat.

It's not often we get a chance to take a touch of the past into the current day and get away with it. A modern straw hat offers us just that opportunity should we so choose to take it. So grab a new straw item and don't look back. Your outfit is counting on it.

# CAPS / VISORS

There's a certain radiance inherent in minimalism. It's the idea that you're confident going as you are, that you could add a little extra something if you wanted — though you don't have to. Caps and visors make a perfect accessory to a summer ensemble without overdoing it. They'll shield your face but won't hide your personality.

Our caps and visors come in all makes and colors, ready for whatever adventure you choose. Even if the sunny months are drawing to an end, you can always make use of a fashionable friend like one of our offerings. Perfect for that morning sip of coffee or the last rays of sun, no matter the time of year.

#### **OUR MISSION**

For so long, people thought Dorfman was just about selling hats. But really, we're about our hat family. You see a hat is just an accessory, but our community is fostered by the artisans that hand make our hats, local shops that display our creations, and our customers' stories who wear them with distinction. This is coupled with our relentless commitment to service and quality instilled by our founder, Jack Dorfman. Fashion trends are in a constant state of motion, but happy retail partners and valued customers are a constant for us.

#### OUR ENVIRONMENT

**OUR COMMITMENT TO OUR FUTURE** 

We believe it is our responsibility to conserve resources to lower our carbon footprint. Dorfman Pacific's headquarters operates the greenest distribution center in headwear industry, and one of the greenest in the United States. Skylights, motion sensors, light fixtures, reflective white roofing, recycled boxes, electric hand dryers, non-polluting electric fork lifts and carts, high efficiency air conditioning units and electric commuter cars are some the ways that Dorfman Pacific is reducing consumption and conserving resources.
