PATENTED TECHNOLOGY

EOVATIONS™ TECHNOLOGY

Since its creation in 2007, Eovations™ technology has perfected the substrate found in Deckorators® Voyage™, Vault™ and Frontier™ decking. The unique process starts with a mixture of polypropylene and calcium carbonate that's pultruded, which creates cavitation or tiny air pockets. This keeps the boards lightweight, but with a fiber-like structure similar to wood, giving it unmatched strength.

WHY THIS TECHNOLOGY?

STRONG

Provides the industry's best strength-to-weight ratio

LIGHTWEIGHT

Nearly 35% lighter than traditional composites and similar in weight to PVC

STABLE

Virtually no thermal expansion or contraction when compared to leading PVC decking

WATER & GROUND

Warranted for installation in or in contact with the ground or water

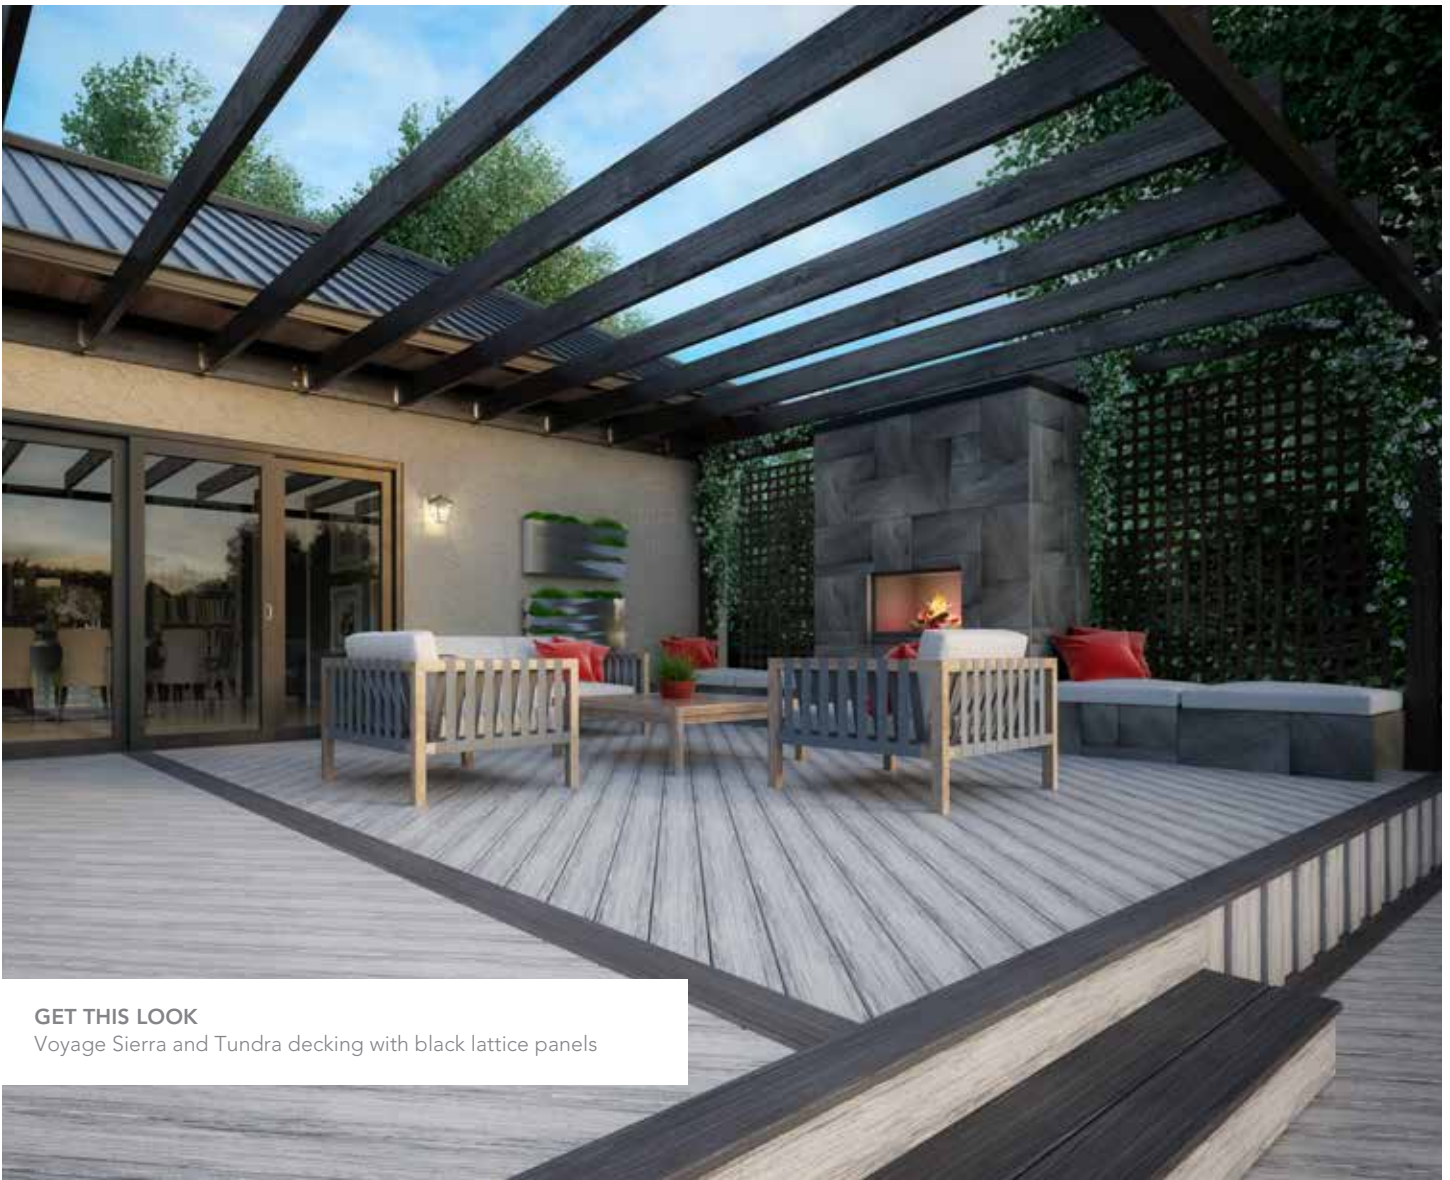

ENHANCED TRACTION

Voyage decking provides 34% or greater surface traction than other leading brands of composite decking*

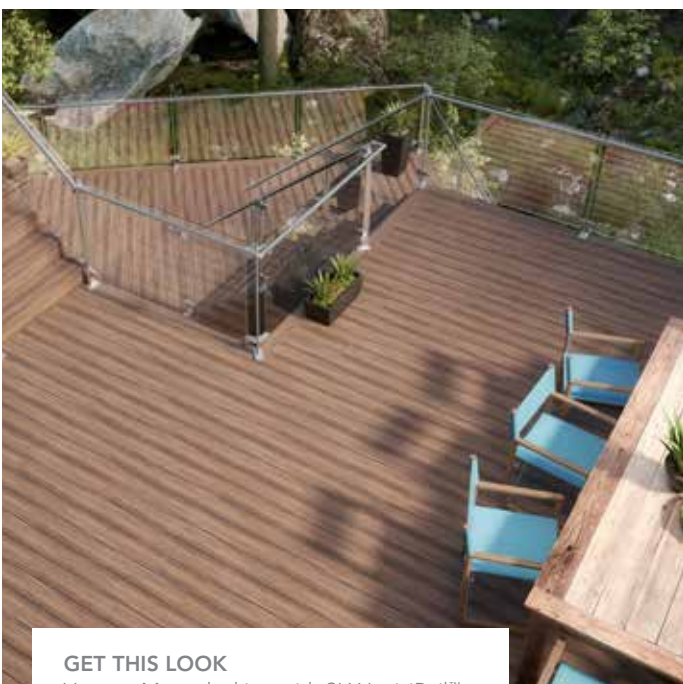

*Capped composite decking boards tested by an independent third-party lab in wet conditions under the AS/NXS 4586-2013 standard; decking board were tested on 9/24/18-9/25/18.

Voyage Sierra and Tundra decking with black lattice panels

GET THIS LOOK

Voyage Mesa decking with SLX InvisiRail™

Voyage offers enhanced traction and beautiful vertical grain variegation in strong, lightweight and stable decking.

Voyage comes in four beautiful colors that are the most popular in outdoor living spaces among homeowners: Sierra (dark gray), Tundra (gray), Costa (golden brown) and Mesa (red brown). It is backed by a 25-year structural, 25-year stain-and-fade and 25-year removal-and-replacement limited warranty that covers water and ground contact.

Voyage provides 34% or greater surface traction than other leading brands of composite decking.*

GO BEYOND ORDINARY. WE'RE HERE FOR YOU.

WHICH DECKING WILL COMPLEMENT MY HOUSE COLOR?

Deckorators® decking will add value and curb appeal to any home. There are many options that will enhance any color home, but we are seeing some trends: Have a blue house? Try gray tones. Green houses look beautiful with brown hues. Feel adventurous? Try mix and matching colors with picture-framing, different widths with our 6- and 4-inch decking or combine colors with our new porch flooring.

SUGGESTIONS TO MAKE MY DECK PRIVATE, SAFE OR HAVE AN UNOBSTRUCTIVE VIEW?

Deckorators® offers a variety of balusters and plastic lattice to suit your privacy needs. Deck gates can make your outdoor living space safe, along with solar and low-voltage lighting. Our stair treads add a contrasting bullnose edge for improved visibility. Trying to maximize your scenic view? Look at our SLX InvisiRail™ railing!

I NEED ADDITIONAL ENTERTAINING AND STORAGE SPACE!

We offer a deck railing table, deck rail connector to add a deck board top rail and a deck drawer for additional protective storage space. Do you have a second story deck? Install Dexerdry® with your decking to create a dry zone for storage or additional outdoor living.

HOW CAN I EASILY UPDATE THE LOOK OF MY WOOD DECK?

That's easy with our selection of balusters and post caps. Mix-and-match baluster styles for a look that's completely your own! We also offer modern post caps that can be the statement piece your deck needs.

HOW DO I START PLANNING MY DECK PROJECT?

Download our Deck Visualizer app on your tablet or visit Deckorators.com/GetStarted. We make your deck planning easy!
