Palette & Pattern Purpose

The newest Digz® Collection represents a coordinating blend of fashion forward patterns and vibrant coastal colors. From dazzling dubarry to brilliant blue, this color palette is a bright and cheerful addition to your time in the garden. The vivid and bold designs of Digz® garden gloves will inspire you to add unexpected twists and surprise elements to your projects.

Our talented creative team are experts at translating fashion into function. Prior to launching an assortment refresh, our team researches and explores global design trends, both current and projected. Hundreds of Pantone colors and a vast assortment of fabrics are considered until the perfectly coordinated family emerges. The Digz® Collection is fresh and fashionable throughout a variety of price points.

In addition to its visual charm, this Digz® Collection has been enhanced with features to increase functionality. Our innovative Touchscreen Technology has been purposely placed on the thumb, pointer and middle fingers on several of the high performance styles. This unique characteristic of Digz® makes it easier to work smarter and safer while keeping technology at your fingertips. Digz® offers the latest and most durable materials, several wrist strap options, and coated gloves for any garden task. Next time you're in the garden, remember to grab your favorite pair!

Colors & Patterns

The Perfect Fit

IDENTIFYING THE PERFECT FIT IS A DIGZ® PRIORITY. To produce gloves that women will fall in love with, we have analyzed female hand sizes using anthropometric data and customer feedback. In order to create a fit that feels natural and comfortable, we test our gloves to ensure quality. With our customers in mind, each glove is measured through the palm, back of the hand, wrist and fingers. Through this process, we can create the best fit for a woman's hands. Digz® guarantees a fit that will make you want to *Get Your Digz On®*.

Displays

Temporary and permanent display options are offered for a wide variety of retail environments. These displays contain various quantities of product and flexibility of location within the store.

FLOOR DUMP

This versatile display allows the presentation of a large amount and variety of product in a small footprint.

GLOVE SHACK

Perfect for displaying a variety of products in an organized and compressed manner. The front label clearly identifies the style and attributes of the product.

CLIP STRIP

Ideal for impulse buys! Clip strips fill up wasted space and create high-profit areas across various locations within a retail store.

SLANT BACK

Featuring built-in pegs, this display can hold various product styles and sizes as well as hang on the end of an aisle as an end cap display.

High Performance

Innovative touchscreen material allows users to save time and stay protected.

Gardener

This glove with adjustable wrist strap is perfect for all your gardening tasks. The 4-way spandex provides comfort while palm and knuckle padding provides protection. This fashionable glove is tailored to a woman's hand for a better fit and functionality.

- Touchscreen compatible fingertips allow users to save time and stay protected.
- Foam knuckle padding protects knuckles and hands while providing extra support.
- Chamude™ synthetic leather palm is washable and durable.
- Terry cloth is ergonomically placed to absorb sweat.
- Adjustable wrist strap ensures the perfect fit for safety and comfort.

Signature

Fashion and function are combined in this garden glove. The mesh back allows increased breathability, while the 4-way spandex increases dexterity. The addition of a terry cloth material is convenient for wiping perspiration and dirt while you work in the garden.

- Touchscreen compatible fingertips allow users to save time and stay protected.
- Polyurethane palm reinforcement is durable and adds grip for improved control.
- The soft mesh back allows hands to breathe.
- Synthetic leather is washable and durable.
- An adjustable wrist strap ensures the perfect fit for safety and comfort.

Rose Picker

with long safety cuff
& adjustable strap

These high performance garden gloves are perfect for keeping hands and arms protected while working with roses and other prickly plants. The synthetic materials allow for a better fit and dexterity while remaining washable. The adjustable strap tightens the cuff, keeping out unwanted dirt and debris.

- Touchscreen compatible fingertips allow users to save time and stay protected.
- Reinforced fingertips and palm
- Extended safety cuff for extra protection.
- Adjustable strap and shirred wrist keep dirt and debris out.
