**Tuner Colors:** Red, Yellow, Blue, and Silver

### Properties

**Product Weight:** 6.33 lb/gal

**Flash Point:** Propellant < 0° F

### Preferred Application

Dupli-Color Vinyl and Fabric provides optimum performance when this application method is followed.

<b>Prep</b>	PW100	Prep Wipe
<b>Coat</b>	HVPxxx	Vinyl & Fabric

*Refer to the application box for more specific instructions!*

### Uses

Interior Vinyl Seats, Dash Boards, Door Panels, Shifter Boots, Carpet, & Consoles.

#### Surfaces:

Vinyl, Simulated Leather, & Fabric on Vehicles.

### Application

**Directions:** Clean vinyl seats, dashboards and trim, wipe surface with Dupli-Color Prep Wipe. Use a solution of water and household detergent to remove dirt and grime. Use a stiff brush to get into seams and crevices. Rinse with clean water and dry thoroughly with a clean cloth before refinishing.

Mask surrounding area to protect from overspray. Shake can vigorously for one minute after mixing ball moves freely. This will ensure color uniformity. Use only when can and surface to be painted are between 70°-90° F. Shake repeatedly during use to maintain color uniformity. Before applying over fabric, test spray in an inconspicuous area to determine compatibility.

**Spray:** Hold can 6-10 inches from surface to be sprayed. Press spray button firmly. Use steady, even strokes moving spray rapidly back and forth. To avoid runs and sags, apply several thin coats. Allow paint to become tacky between coats.

The EZ Touch™ Nozzle results in 50% less finger fatigue than a standard nozzle, as well as greater coverage and less overspray.

### Packaging

**Fill Weight:** 11 oz

**Per Case:** 6 cans

**Case Weight:** 6 lbs

**Cases/Pallet:** 156

**Units/Pallet:** 936 cans
