ABOUT US

With a legacy of trust dating back to 1926, Bonide has evolved into a global force in the gardening industry as a proud member of the Syngenta Group. This partnership has bestowed upon our family business the invaluable advantage of a worldwide presence and extensive resources, enabling us to serve gardeners across the globe with exceptional pest control solutions for generations to come. At our Oriskany, NY facility, a dedicated team of over 200 professionals passionately produce our diverse portfolio of synthetic and Organic Gardening Products.

Our commitment to meeting every gardener's needs is unwavering, and we offer a comprehensive range of weed, insect, disease, and animal controls in various formulations and applications. You can find our premium products at national, regional, and local home centers, hardware stores, mass merchants, and garden centers throughout America. Bonide stands tall as a recognized and respected industry leader, reflecting the trust and admiration we have earned from gardening enthusiasts like you.

We take immense pride in our rich heritage, which fuels our excitement for the future. Your support of the Bonide family is deeply appreciated.

As we continue to innovate and expand, we remain dedicated to providing the highest quality solutions that help your gardens thrive. **Together, let's cultivate a greener, more beautiful world.**

WE ARE EXCITED
TO ANNOUNCE THAT
**OUR BRAND IS
GETTING A REFRESH
FOR 2024!**

Our team has been working hard to create a new, modern brand identity that reflects our values and mission, and we can't wait for you to see it.

OLD

NEW LOOK

Among the new changes will be a new, modern logo that better reflects our company's personality and mission.

OLD

NEW LOOK

OLD

NEW LOOK

We're also rolling out new, simplified label designs across our Bonide and Captain Jack's product lines, which you can expect to see in stores beginning in early 2024. Our new labels feature more vibrant and eye-catching color palettes and brand messaging that speaks directly to our target audience.

We truly believe these changes will help us better connect with our customers, differentiate ourselves from competitors, and stay relevant in a rapidly evolving marketplace!

Thank you for your continued support, and we can't wait to hear your feedback on our new brand identity.

LAWN CARE

Bonide is a trusted and leading provider of high-quality lawn care solutions for homeowners and professionals alike. With a rich history spanning several decades, Bonide has established itself as a reliable brand committed to excellence and innovation. Their extensive range of lawn care products is designed to meet the diverse needs of customers, ensuring healthy, vibrant, and beautiful lawns year-round. From fertilizers and weed control to insecticides and disease control, Bonide offers effective and environmentally responsible solutions. Backed by rigorous research and development, Bonide’s products deliver exceptional results, making them the go-to choice for those seeking a lush and thriving lawn.

Nature-Inspired Solutions

Captain Jack

“On Captain Jack’s products:
The Captain Jack’s line of products is still our best selling line of garden care solutions! Customers love seeing effective results with easy-to-you natural solutions. With consumers so concerned about the use of harsh chemicals, we feel good about carrying options that can be used for organic gardening.

It’s hard to beat Bonide’s easy-to-understand branding and packaging. Customer’s come in looking for a solution to a problem and they find those solutions within our selection of Bonide products. The name of each product directs them to the answer they are looking for.

Our sales representative and the entire team at Bonide are very supportive of Independent Garden Centers. They assisted us in hosting a “Captain Jack’s Weekend” in the Spring where they came and educated customers on Bonide products and provided solutions to customer questions.

— Jake, Piedmont Feed

INSECT CONTROL

Bonide is your go-to destination for effective insect control solutions. From weevils and mites to nuisances such as beetles and aphids, we have you covered! Our insecticides are formulated with precision, ensuring maximum efficacy while minimizing harm to beneficial insects. With Bonide, you can trust that your space will be free from bothersome intruders, allowing you to enjoy your outdoor activities and indoor tranquility.

“ On Tomato and Vegetable RTU and Revitalize® Bio Fungicide:
I have been recommending and selling Bonide Products for over 25 years. The Bonide Tomato & Vegetable RTU is a great product because it is organic and kills so many different insects in the vegetable garden. It also is a fungicide that gets rid of many diseases in the vegetable garden. I also like the Bonide Revitalize® Bio Fungicide because it treats and eliminates tough fungal problems like fire blight and other diseases on all types of plants. All of our customers like the Bonide products because they take care of the insect and disease problems they have. ”

— Greg, Potomac Garden Centers

Copper Fungicide

Controls powdery mildew, black spot & rust!

For flowers, fruits, and vegetables

★★★★★

Verified Amazon Review 5.0 out of 5 stars | June 2023

I've had beautiful jasmine plants for about seven years. In the spring, something was killing them. I used a plant app to figure out what it was and it was a fungus that needed copper to kill it. I ordered a quart of Captain Jack's Copper Fungicide and sprayed my plants once a week for two weeks. I can't believe that they recovered. I really thought they were going to die. This was a miracle! So glad I tried it.

“

On Captain Jack’s NEEM MAX:

I love Captain Jack’s NEEM MAX, especially in the gallon ready-to-spray. Whether I’m treating aphids or powdery mildew, it’s my go-to choice for pest and disease control. I like that I can also use it on my indoor plants and that it’s approved for indoor gardening. It’s a foolproof product.

“

On partnering with Bonide:

Our mission has always been to offer the best products at the lowest prices, and we are happy to have found a partner in Bonide that shares that goal. Bonide truly offers the best garden control products in many categories, and provides attractive packaging and pricing that makes our customers comfortable purchasing their products season after season. Bonide’s unique combination of recognized products, competitive pricing, and readily available support from the sales team makes them one of the best partners in the industry who we look forward to working with for years to come.

”

“ On partnering with Bonide:
Bonide has always provided excellent and consistent support to our Garden Center helping us give expert advice on the use of their products to our customers. This is the main reason why we have been their vendor for over 15 years and now carry over 200 Bonide products. ”
– Gary, Pesche’s Garden Center

“ On Captain Jack’s products:
At Jung Garden Center, we know we can count on Bonide for quality products with excellent training, education, and support. Our customers know they can count on the Bonide products we recommend for any gardening problem. Especially the organic products, specifically the Captain Jacks line. This is a great product line for all gardeners, beginner gardeners to organic farmers.” ”

— Megan, Jung Garden Center

Thank you for choosing Bonide. We sincerely appreciate your trust in our products and expertise. With your support, we continue to grow and innovate, delivering solutions that empower your success. We look forward to serving you and your business with excellence for years to come. Thank you, and happy gardening!
