# TWIST LOCK SOCKET CLIPS

*Our Twist Lock socket organizers provide all the versatility you have come to expect from Ernst, with added "stay put" security*

*With a simple twist your sockets are firmly secured in a locked position. Twist in the reverse direction and your sockets are free to remove. The tension is a perfect medium so you do not have to fight with your sockets to lock them into place and you don't have to worry about them being too loose. Just a simple 1/8" turn and your tools are secured. That's great news for those of you who need to transport sockets around the shop – wait, isn't that all of us?*

## Drawer Divider II

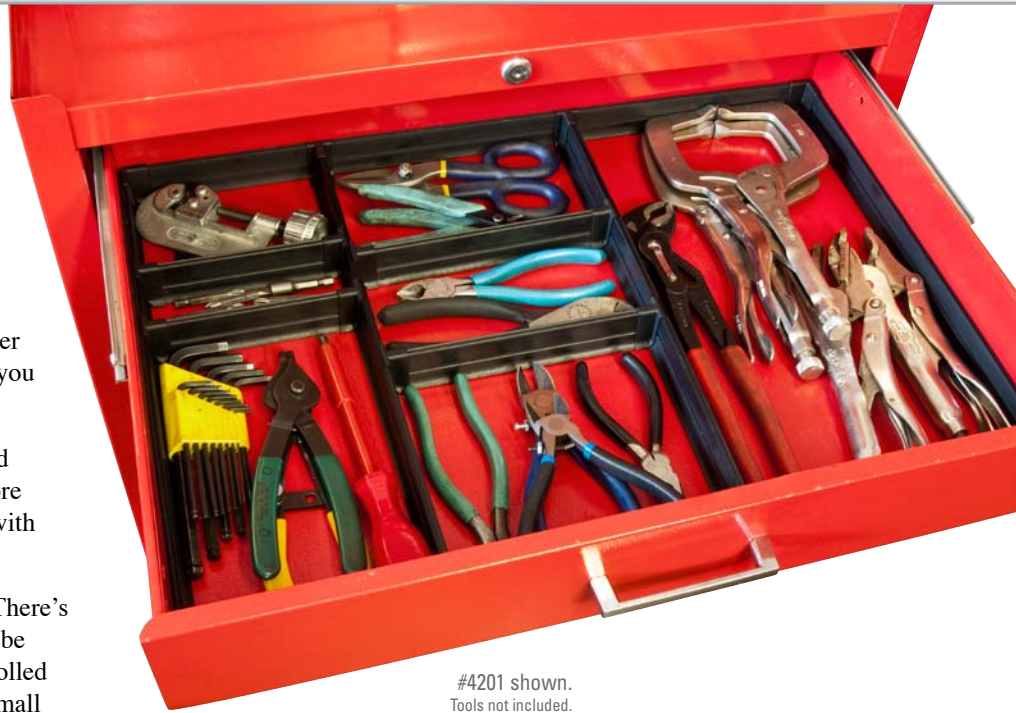

2<sup>ND</sup> GENERATION

**New and improved!** Ernst Drawer Divider II is now easier than ever - ready to help you conquer toolbox clutter.

All components have been redesigned and optimized for easier installation and a more secure fit. Clips easily snap on and hold with solid engagement.

Reimagine your toolbox drawer layouts. There's no limit! Sliding drawer divider clips can be positioned anywhere inside the drawer. Rolled bottom edges allow for easy removal of small items. We recommend starting with a pre-cut kit designed for common drawer sizes. It's easy to add on divider rails to create as many compartments as needed. Rails can be easily cut down to any length.

Available in 1.2" and 2.9" heights to accommodate shallow or deep drawers. *Patent US 6,871,921*

#4201 shown.  
Tools not included.

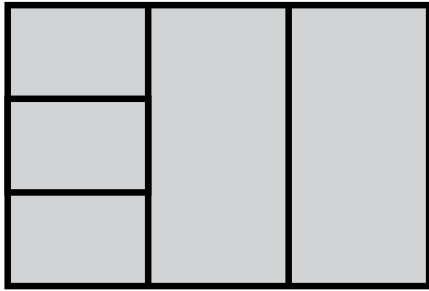

**Cut to length to fit any size drawer**

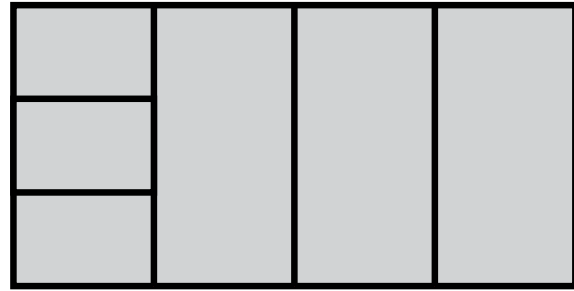

**Easy snap fit assembly**

**Adjustable**

- Organize your toolbox
- Simply add as many custom compartments as needed by adding divider rails and clips to your order
- Drawer liners fit underneath rails
- Non-permanent mount allows these kits to transfer from one drawer to another
- Made of fuel and solvent resistant materials

## Greg's Hard Shell Engine Protector

Guard your valuable engine during rebuild or long-term storage with Greg's Hard Shell Engine Protector! Open engines are vulnerable to damage from dust, dirt, debris, and hard objects. The first rule of engine longevity is cleanliness.

Greg's Hard Shell fits 1st generation Chevrolet Small Block V-8 Engines – long or short block, standard and Vortec head. Multiple configurations are available to suite your project.

The cam valley cover is used to protect your engine when intake manifolds are removed. Cylinder Deck Covers protect the cylinder block deck and pistons when heads are removed. Plenty of clearance for domed pistons.

Bags and rags just don't cut it. Put Greg's Hard Shell Engine Protector to work and protect your disassembled engine. **Dimensions:** 20.8" x 10.3" x 2.0"  
*Patent US 8,833,336*

### #950 Includes:

- One Cam Valley Cover
- Two Cylinder Deck Covers
- Four Attachment Clips

### #951 Includes:

- One Cam Valley Cover

#950 Greg's Hard Shell Engine Protector

## Shop Chocks

**Stop it!** – with our high-grip wheel chocks. Works great on shop floors or lifts. Rubberized material provides extra slip resistance. High compression. Available in red.

**Dimensions:** 9" x 5" x 3.5" per piece

#980 High Grip Wheel Chocks – 2 pack – Red

## Jack Stand Covers

**Warning:** Your jack stands may be missing an important piece. Using jack stands has always risked scratching your frame, marring powder coatings or your custom finish — and possibly leading to rust problems. Until now! Don't worry about rummaging around to find dirty old shop rags or scraps of wood to cover the tops of your jack stands. You've spent a lot of time and money on your vehicle. Help protect it with Ernst Jack Stand Covers.

Made of high-compression, rubberized material, these jack stand covers fit most two-ton to six-ton jack stands. **Dimensions:** 4.5" x 1.5" x 2" per piece

#965 Jack Stand Covers – 2 pack – Yellow

#964 Jack Stand Covers – 4 pack – Yellow

## Ultra-Flex Wheel Protector

Throw away those home-made cardboard wheel protectors. Introducing the Ultra-Flex Wheel Protector, a revolutionary tire care product that protects a wide range of wheels from tire sprays.

Works on 4 wheel sizes – 13", 14", 15" and 16". Simply squeeze the handle to accommodate smaller wheels, and push against the wheel to flare out for larger wheels – it's that easy! Made of durable plastic for long life.

Foam and spray wipes easily from its smooth plastic surface. **Dimensions:** 12" x 16" x 4.8"  
*Patent US 6,457,780*
