Smarter More Helpful Home Light Bulbs
That Work with Alexa or Google Home

Easily turn lights On/Off, dim, set groups and schedules. Choose energizing daylight or wind down with relaxing soft white light. Get creative with color, it's all up to you. Control lighting with simple voice commands and an intuitive mobile app. Set up is simple. The bulbs connect directly to your WiFi at home. It has never been easier to customize your home's lighting to suit your lifestyle.

1

Getting Started

Download on the App Store

GET IT ON Google Play

Download the Feit Electric App from the Apple App Store℠ or Android Google Play™ store.

2

Launch the App and tap **"Register"** for new accounts or **"Login"** for existing accounts.

Adding Devices

5

Install & power On bulb(s) then tap **"Add Device"**.

To add additional devices tap the **plus (+)** sign in the upper right hand corner under Devices.

6

Make sure you are connected to a **2.4GHz WiFi Network** then tap on the **"Lighting devices (WiFI enabled)"**.

Not Compatible with 5G Wifi Networks

7

Power On the bulb(s) and confirm the light(s) is blinking. Then tap **"Confirm that the light blinks rapidly"**.

Note: If the bulbs are not blinking, turn bulbs ON-OFF-ON-OFF-ON.

8

Choose a 2.4GHz WiFi network and enter the WiFi password, then tap **"Confirm"**

Note: Only works with 2.4GHz WiFi networks.

9

The status window will appear once the device(s) have successfully connected and the 3 bullets on the bottom will turn green.

Note: If unsuccessful, the **"Failed to Add"** screen will appear. Close the App and repeat the previous steps.

10

To rename the bulb(s), tap the **"Pen"** icon, enter the new name and tap **"Done"**. The bulb(s) are now ready to be controlled with the Feit Electric App.

Note: Constant power to the bulb(s) is required at all times.
