

# LED LAMP

## SPECIFICATIONS

Feit Electric Dual Head Flood Security Lighting provides all the advantages of the latest LED technology along with timeless style, allowing you to keep areas well-lit without compromising home aesthetics. A smart low maintenance solution, LED lighting provides up to 80% in energy savings over conventional light fixtures and decades of reliable light. Its tunable white feature allows you to wind down with relaxing soft white light, get productive with cool white, set energizing daylight, or select a wide range of options in between from 2700K - 6500K. Control color temperature, brightness, set on/off schedules, and more using your smart device and the Feit Electric mobile app or add an Amazon Alexa/Google Home assistant for voice control. Setup is simple: connect directly to your home Wi-Fi using a 2.4GHz network. Added features include dawn to dusk and motion sensors. Enjoy these durable, stylish security lights for years to come.

### Ideal For

Security Fixture
