SOCCER

NEW FRANKLIN® FUTSAL BALL

Futsal is a great skill developer, demanding quick reflexes, fast thinking and pin point passing. The low bounce feature stimulates precise ball control and technical skill building, increases agility, helps develop lightning reflexes and improves decision making. The ball has less bounce to stay in play longer and promotes close ball control. Learn to think and react well under pressure on full field soccer games.

- Crafted with soft abrasion resistant cover that provides an excellent touch and feel
- Our stuffed and wound low bounce bladder keeps the ball low to the ground and works especially well indoors and outdoors
- Dynamic colorful graphics so that you can impact and dominate your Futsal and indoor soccer leagues
- Futsal size and weight is smaller and heavier than traditional soccer balls
- Size 4: Circumference: 62-64cm/24.4-25.2in, Weight: 430+/-10g
- Size 3: Circumference: 58-60cm/22.8-23.6in, Weight: 390+/-10g
