BUILT TO LAST

Gerber is based in Portland, Oregon, USA, and is the flagship brand within the Fiskars Outdoor portfolio. Founded in 1939, Gerber is an American icon with growing global reach and relevance.

Over 200 employees fill our headquarters each day making problem-solving, life-saving products designed with the needs of specific end-users in mind. Gerber's preeminent products span a range of activity-based categories including Outdoor, Survival, Hunting, Tactical, Industrial and Essentials.

Our partnership with survival expert Bear Grylls and development of the Bear Grylls Survival Series in recent years created an entirely new category of Gerber products, changing the game in the Survival products marketplace.

Whether it's a knife, a multi-tool, or a variety of groundbreaking outdoor gear, Gerber products are always tough, innovative and trusted.

ACTIVITY FOCUSED

We design, develop and market products in Activity Categories based on the needs of specific end-users.

Each Activity Category includes a wide range of gear, all designed to address the unique needs of that activity.

To differentiate products, each category has a unique icon, pattern, color and sub-brand mark.

Approaching our product development in this manner, gives us a focus and a sense of purpose that helps create the most innovative products available – for each and every need.

It's a consumer-first approach that has energized our organization and been embraced by both our consumers and retail partners the world over.
