Seeing the growing need for infection control products in the medical industry, Fred Crosetto started AMMEX in 1988. With first month's sales of 50 cases, AMMEX has grown into a multi-national corporation, with offices in Seattle, Washington; Shanghai, China; Manila, Philippines; and Kuala Lumpur, Malaysia.

AMMEX Corporation has been named by the Puget Sound Business Journal as one of the "Top 100 Fastest Growing, Privately Held Companies" an amazing eight times, and has been named to the "PSBJ Hall

of Fame". In addition, AMMEX was named as one of Inc. Magazine's "500 Fastest Growing Privately Held Businesses."

The foundation of AMMEX's success is built upon these key principles:

- We are aggressive in pursuing opportunities.
- We are consistent in our products and processes.
- We are approachable and a pleasure to do business with.
- Simple is good.
