### Fort Smith Tree

The Fort Smith tree comes with Quick Set technology that allows the tree to be set up in less than five minutes. The electricity is in the pole of the tree, so you don't have to connect light sets for each section. Quick Set trees are constructed with Perfect Shape Technology allowing the branches to spring into shape. Quick Set trees are pre-lit with SureBright lights, when one light burns out, breaks or loosens, the rest still stay lit. Quick Set trees are flame retardant and come with a sturdy tree stand.

## Tree Stand Accessories

### Omega TreeSaver

The Omega TreeSaver is an automatic Christmas Tree watering system cleverly disguised as a Christmas present. The Tree Saver helps to reduce fire risk by keeping your tree well hydrated. It holds two gallons of water and eliminates the need to water your tree every day. It is very easy to use. Simply fill the two gallon reservoir with water, place the weighted hose at the bottom of your tree stand, raise the reservoir up above your tree stand to start water flow. Place the reservoir down and the siphon action takes over. No pumps or batteries to worry about and works with all tree stands.

## Tree Stands

### Never Fail Tree Stand Large

The C-144 is the largest of the line to date. It is designed to hold trees up to 12' tall (larger if attached to plywood using reinforced holes at outer edges of stand). The low-wide reservoir accommodates low branches, spill guard prevents over-filling mishaps. 6.8 pounds of virgin, high-impact polypropylene make up the stand body to assure durability and reliability. Steel spikes in center of reservoir anchor tree, preventing shifting, and making set-up a snap.

## Tree Stands

### Omega OM2 Tree Stand

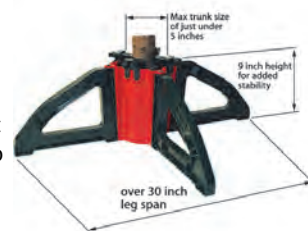

The Omega OM2 is part of the evolution of Christmas tree stands which takes the proven engineering of one of the most successful and effective stands to a new, smaller, less expensive design. Just like it's big brother; The Omega Tree Stand, it also uses the unbreakable, engineering grade resin clamps that provide 3000% more trunk contact than screw type stands. It has a 20-inch span and holds 2 liters of water. It can accommodate trees up to 7 feet tall and trunks just under 5 inches.

ITEM NO	Holds Trees	Color	Water Capacity	Pack	Cost	UPC
<b>016 130</b>	Up to 7'	Red	Up to .5 gal.	12 CS	24.98	1-86322-00130-4

### Omega Tree Stand

The Omega Christmas Tree Stand has a patented clamping system that does away with troublesome screws making it easy for you to set up a Christmas tree in seconds. Able to accommodate tree trunks under 5 inches with heights from 6 to 10 feet, it uses unbreakable, engineering grade resin clamps that provide 3000% more trunk contact than screw type stands. The unique design allows a single person to lay down the tree, put the stand on and easily tip the tree upright. Disassembles for easy storage.
