APARTMENT HANGERS
For Televisions, Frames & Wired Art

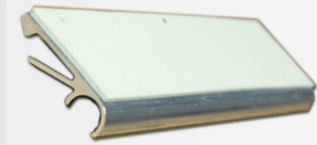

HANGMAN.

APARTMENT HANGER

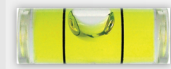

Consists of two aluminum interlocking brackets modeled after the French Cleat featuring a built in level which ensures an accurate installation. The aircraft grade aluminum brackets will not corrode and can be used indoors or outdoors. The system uses small nails which leave pin holes and a foam back to protect walls from scuffs and marks. Once installed it can be adjusted left or right. Nail hole punched every 1". Holds 10lbs per nail used. Available in 6", 12" and 18". Patented.

Install Mounting Bracket on the back of your frame

FOAM BACK MINIMIZES DAMAGE TO WALL

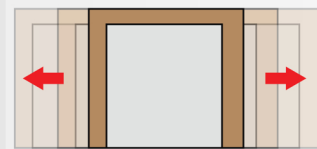

BUILT IN LEVEL

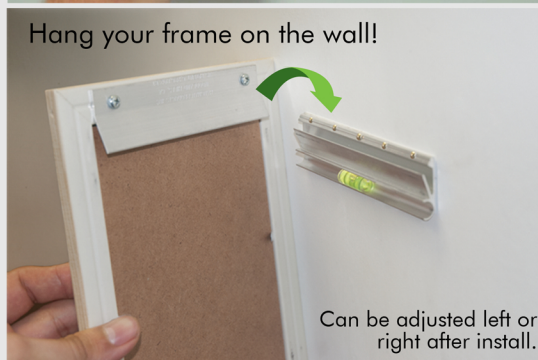

Install Wall Bracket on the wall using level and nails.

Each nail holds 10lbs use as many as needed.

ADJUSTABLE LEFT OR RIGHT AFTER INSTALL

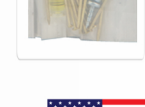

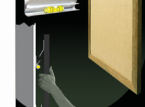

Hang your frame on the wall!

Can be adjusted left or right after install.

FINE NAILS LEAVE TINY PIN HOLES

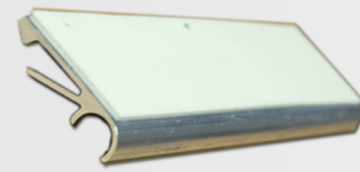

Model: APT-18

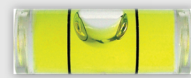

APARTMENT SAFETY HANGER

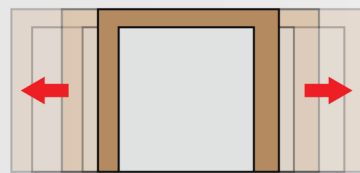

This extruded aluminum track has a lip to prevent picture hanging wire from slipping out. The wire is easy to insert and won't come out if bumped. The brackets are installed using fine nails and includes a foam backing to minimize wall damage.
