DIRECTIONS FOR USE

For threads up to 1-1/2" diameter, use 1/2" width of thread seal tape. For larger diameter threads, use 3/4" width of thread seal tape. Clean the male and female threads of any oil or dirt. Apply the thread seal tape a minimum of three wraps, using care to wrap in the direction of the thread rotation. Be sure to keep tension on the tape while wrapping. Do not overlap the tape on the ends of the fitting.

PRECAUTIONS

Read all cautions and directions carefully before using this product. Store spool in clean place and keep cover on the spool when not in use.
