Buy with Confidence from Hy-Ko Products.

Design and manufacture Numbers, Letters and Signs, Key Accessories and Keys. That's what we do. And we're specialists at it. Which is why we've grown from our simple beginnings in 1949 into the industry leader with the broadest lines that are unmatched in sizes, materials, messages, and applications.

Whether it's numbers for a house address, sale signs for a home or car, or OSHA safety postings for a factory, you'll find it in this catalog.

No matter your selection, you can be assured of quality. Because of our never-ending commitment to quality improvement... weatherability, durability and longevity have become the hallmarks of Hy-Ko products.

We're also known for our value. The use of the latest methods and equipment to increase productivity and reduce inefficiencies result in price points that consistently please our customers.

These are some of the reasons for our "Vendor of Choice" status at leading hardware, home center, drug, grocery, and mass merchant retailers.

And, there's more!

Where Innovation is Constant.

New product development is important to Hy-Ko and we continually introduce new products into the retail marketplace. Our sensitivity to consumers' ever-changing tastes and emerging trends enables us to provide you with tomorrow's new products today. The result are SKUs that sell – and sell fast – for maximum profitability.

Where Merchandising Programs are Designed to Fit the Need

What are your space and product selection requirements? That's where we start in working with our customers to arrive at merchandising programs that will work for them. The answer may lie in our wide selection of displays distinctly designed for our product lines, including end cap, wing panel, wire rack, corrugated, or special pallet programs.

Or, the solution may rest in a custom sliding-panel, carousel, flatwall, or bay program from Hy-Ko. Regional tailoring by type of store and/or by size of store may also be part of the mix.

No matter the program, our goal remains the same: optimize retail space and maximize customer-appeal to ensure that you receive the best return on your investment.

Going Global? So are We.

Whatever the message, we speak your language... with product packages in trilingual format for the French and Spanish speaking markets. We offer a wide selection of signs for those markets as well. To get more information on these products, please contact our Customer Service Department.

Where Responsive Service and Support are Guaranteed.

Hy-Ko takes pride in its order fill rate, and carries a full inventory of items in this catalog. You can expect prompt delivery soon after you place your order.

If you have questions on products, pricing, shipping mode or any other purchase matter, just give our customer service representatives a call. Well trained and knowledgeable, they'll make it easy for you to do business with us.

Likewise, you can count on us for merchandising support with point-of-purchase materials, ads and digital images.

Where you can find the Latest Up-To-Date Information.

Residential & Commercial Signs and Accessories

Choose from our extensive selection of signs and related products including:

“For Sale” and “For Rent” are the first types of signs that come to mind for house and apartment use. But there are also property owners who want privacy-protecting signs as well as signs that will help limit their legal liability. And, retail and office establishments require an assortment of interior and exterior signs that inform or provide directions to visitors.

Satisfy all of your customers’ needs with Hy-Ko’s residential and commercial products, available in a wide range of sizes, consumer-preferred wordings, eye-catching colors, and weather-resistant materials.

Hy-Ko’s carousel program maximizes the selling space within your height and width requirements. For example, our 8 ft. display with four, three-paneled, fully-revolving carousels holds up to 16 feet of product!

Traffic & Safety Products

Choose from our extensive selection of traffic & safety products including:

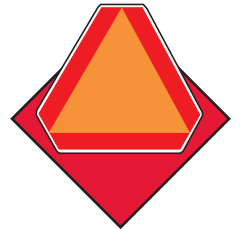

Parking lots can be the scenes of accidents if not properly marked. So, too, can building interiors when utility services are interrupted or when maintenance is being performed. Activities or products stored within buildings can also cause bodily harm.

Help owners and managers of residential and commercial structures guard against mishaps and possible legal claims with Hy-Ko's traffic and safety-promoting signs. Included are those required by OSHA as well as Emergency Notification signs to conform to building codes.
