

SYRFLEX COHESIVE BANDAGE

Ideal® Syrflex Cohesive Bandage wraps are durable, self-adhering bandages that come in multiple sizes and can be used in a variety of different situations. The bandages include an Easy-Start tab and a colored starting line, making them quick and easy to unroll. The strong elastic can be torn without the use of scissors for ease of use. They are also water resistant to prevent the holding of moisture, as well as slip-resistant, making sure the bandage stays in place. Adheres to itself (not hair). Controlled compression provides even support and security without constricting, while still remaining breathable. Contains natural rubber latex.

Features and Benefits:

- Easy-Start tab
- Colored starting line
- 4 in x 5 yd rolls (stretched)
- 8 lbs tensile strength
- Self-adhering
- Non-slip and water resistant
- Easy to apply, reposition, & remove
- Fun printed design
