Quick Turnaround

Indiana Cut Stone offers a quick turnaround on all of our products. It's easy to incorporate genuine Indiana Limestone into your next landscape design.

Delivery, Storage, and Handling

- Pier caps should be unloaded and handled carefully to prevent excess breakage.
- Product will be supplied adequately packaged on pallets or timbers to keep finished stone clear of the ground.
- Storage area should be a well-drained space, graveled or chipped for protection against mud splatters.
- Product should be handled carefully to avoid excess chips and scratches.
