 **TOP OF THE WORLD**

CORPORATE SOCIAL RESPONSIBILITY & COMPLIANCE

Vetta, LLC, an expert and industry leader in licensed and wholesale blank apparel, achieved program accreditation by the Fair Labor Association in recognition of Vetta's commitment to workplace standards and workers' rights.

In October of 2018, the FLA Board voted to accredit Vetta after an extensive review of Vetta's leadership commitment to social responsibility, supply chain, business processes and standards, worker and CSO engagement, training programs and independent factory monitoring, spanning both the Top of the World licensed division and the J. America wholesale blanks division.

Vetta is one of only 36 companies, in the world, to achieve accreditation which is the highest level of FLA affiliation for implementing social compliance standards.

Vetta's CSR program dives deep and below compliance standards to center around the workers who make our amazing products. Vetta makes it a high priority to listen to workers in order to truly improve their lives.

Wrangler was born from the desire to combine comfort, quality, and durability to apparel that met the demanding needs of consumers.

For over 70 years, Wrangler has stayed true to this idea.
