Article No. 16781 Aloe & Green Tea

Article No. 16787 Grapefruit

Article No. 16783 Lavender

Article No. 16782 Lemon

Article No. 16784 Orange Citrus

Article No. 26810 White Tea & Bamboo (U.S. only)  
(710 mL/24 fl. oz.)

J.R. Watkins Natural All Purpose Cleaners effortlessly remove dirt and grime from most surfaces in your home. You'll find hundreds of uses for this powerful plant-based formula. No rinsing required, simply spray and wipe away with a dry cloth. A great alternative to harsh and toxic chemical cleaners. Powerful enough to remove even your toughest dirt, yet gentle enough for your loved ones, your home and the environment.

### This product is ideal for cleaning:

- Appliances
- Counter Tops
- Fixtures
- Floors
- Sealed Granite
- Sinks
- Stainless Steel
- Tile
- Walls

J.R. Watkins Naturals formulates to the highest standards in Natural home care.

The Natural Products Association has certified our All Purpose Cleaners.

Our products feature plant-based formulas free from:

- Petrochemicals
- Ammonia
- Bleach
- Phosphates
- Sodium lauryl sulfate
- Dyes and other ingredients which could affect the health of your family or the environment.

We proudly formulate to be biodegradable, non-toxic and cruelty free.

To learn more about the Natural Products Association and their requirements for certification, please visit [www.npainfo.org](http://www.npainfo.org)

Many all-purpose cleaners contain toxins that can be inhaled. Ammonia-based cleaners can irritate the skin, eyes and respiratory system. Minimize your family's exposure to these harmful toxins with J.R. Watkins Natural All Purpose Cleaners.

### Tips

- Spray a small amount of J.R. Watkins Natural All Purpose Cleaner on a soft cloth and gently rub cloth over switch plates to remove smudges and fingerprints.
- Never dust using a dry towel, this method will only relocate dirt into the air or onto the floor. For optimal dusting, lightly dampen a micro fiber cloth or paper towel with J.R. Watkins Natural All Purpose Cleaner.
- To naturally clean your microwave place a bowl of water with a few drops of lemon juice in the microwave and run on high for one minute. Next spray J.R. Watkins Natural All Purpose Cleaner on the surface and wipe away crusted food and grease.
- To clean ceiling fans, use a long-handled brush dampened with J.R. Watkins Natural All Purpose Cleaner.
- Clean appliance knobs, cracks and grooves with a cotton swab dipped in J.R. Watkins Natural All Purpose Cleaner. Before cleaning any appliance please remember to unplug it.

### Additional Tips

- Stain remover—spray directly on stain, rub gently; stain is gone!
- Removes black scuff marks.
- Grease cutting solution for countertops, stoves, even on clothes; anywhere there is grease!

### **Testimonials—**

*Individual results may vary.*

“I have replaced my degreaser and organic cleaners with J.R. Watkins Natural All Purpose Cleaner. It works great on grease and stains. I found a stain on my white pants that had been set in for some time and thought nothing is going to get the stain out. I remember reading from another Consultant that she used All Purpose on her stains, so I sprayed it directly on the stain, stain came out, and my white pants are white again. It's powerful!”

—**Ronda Hanson,**  
**Direct Selling Support Manager,**  
**Watkins Incorporated**

“I spilled pizza sauce on my white shirt, dabbed the sauce with a wash cloth and grabbed the J.R. Watkins Natural All Purpose Cleaner and sprayed a good amount and started rubbing. I rinsed and the sauce was gone. I also used it on a grease stain and stain was gone!”

—**Judie Malinen,**  
**Watkins Consultant**

“The J.R. Watkins Aloe & Green Tea Natural All Purpose Cleaner really is all purpose! I used it on my carpet to clean up spilled soda. I've replaced my Mr. Clean Magic Eraser with J.R. Watkins All Purpose Cleaner. I use all purpose to clean my kitchen floors, gets all the black stuff out of the cracks, without hardly scrubbing. I've used it on my baseboards to clean scuff marks and even red marks. I love it—I recommend it to everyone!”

—**Carrie Groff,**  
**Watkins Consultant**

## Liquid Dish Soaps

Article No. 26771/36771 Aloe & Green Tea  
Article No. 26778/36778 Grapefruit  
Article No. 26773/36773 Lavender  
Article No. 26772/36772 Lemon  
Article No. 26774/36774 Orange Citrus  
Article No. 26813 White Tea & Bamboo (U.S. only)  
(710 mL/24 fl. oz.)

Many dishwashing liquids on the market contain petroleum-based surfactants which can be irritating to the skin and eyes. J.R. Watkins Natural Liquid Dish Soap cleans your dishes with a powerful, grease-cutting formula. Get sparkling dishes even with hard water. Just a few drops will fill your sink with wonderfully scented suds. J.R. Watkins Liquid Dish Soaps contain no phosphates, dyes, or Cocamide DEA. The easy to use flip top cap allows you to easily squirt soap into your dish water without mess or drips.

### **This product is ideal for cleaning:**

- Dishes
- Pots and Pans
- Tupperware
- Silverware
- Cookware
- Cooking Utensils

Everyday choices affect the health of our families and our environment. J.R. Watkins Premium Natural Cleaning Products feature plant-based formulas that avoid:

- Ammonia
- Boron
- Butyl/Ethyl Cellosolve
- Chlorine Bleach
- Formaldehyde Donors
- Glycols
- Isopropyl Alcohol
- Mineral Oil
- Parabens
- Paraffin
- Phosphates
- Phosphoric Acid
- Phthalates
- Sulfuric Acid
- Synthetic Dyes

Watkins proudly formulates to be:

- Biodegradable
- Non-toxic

### **Tips**

- Soaking tough stuck on foods prior to washing will help the food lift and rinse away easily.
- Remember to scrape dishes of excess food before adding them to your dish water.
- Stacking a few dishes in the sink at a time allows dishes a few minutes of soaking time while you work on washing another dish.
- A lint free cloth is ideal for drying silverware.

Note: For national products, in most cases  
U.S. product photos are shown.

## Moisturizing Dish Soaps (U.S. only)

Article No. 26779 Sweetgrass & Citron  
Article No. 26814 Pomegranate & Acai  
(710 mL/24 fl. oz.)

Powered with natural ingredients, this premium dish soap delivers high performance cleaning action to eliminate grease and dried on food. Vitamin E, aloe and glycerin help care for your skin, while our sweet scents eliminate odor and refresh.

## Lemon Toilet Bowl Cleanser

---

Article No. 26750/36750 (710 mL/24 fl. oz.)

J.R. Watkins Natural Toilet Bowl Cleanser is one of the least acidic or caustic toilet bowl cleaners on the market. Commercial toilet bowl cleaners are among one of the most hazardous products found in the home. These cleaners often contain phosphoric acid which can give off harsh toxic fumes. Now you can decalcify your toilet and clean even the toughest hard water stains with J.R. Watkins natural formula. And because J.R. Watkins Natural Toilet Bowl Cleanser is made up of replenishable sustainable ingredients, you leave the smallest possible footprint on the environment!

- Wonderful natural lemon scent will linger long after you've left the bathroom.

J.R. Watkins Naturals formulates to the highest standards in Natural home care. The Natural Products Association has certified our All Purpose Cleaners.

Our products feature plant-based formulas free from:

- Petrochemicals
- Ammonia
- Bleach
- Phosphates
- Sodium lauryl sulfate
- Dyes and other ingredients which could affect the health of your family or the environment.

We proudly formulate to be biodegradable, non-toxic and cruelty free.

To learn more about the Natural Products Association and their requirements for certification, please visit [www.npainfo.org](http://www.npainfo.org)

### Tips

- For severe toilet bowl stains, allow cleaner to sit on bowl surface while you clean other surfaces.
- Be sure to apply cleaner up under the rim of your toilet bowl.
- Cleaning the toilet doesn't have to be a dreaded task. Routine maintenance will make the job much easier.

Note: For national products, in most cases U.S. product photos are shown.

7/2013

Article No. 16788 (710 mL/24 fl. oz.)

Enjoy a naturally clean bath or shower with J.R. Watkins Natural Citrus Tub & Tile Cleaner. You wouldn't take a bath or shower in chlorine or phosphoric acid, so why would you clean your tub and shower with them? Throw away your rubber gloves and clean your shower with the natural fresh citrus scent of J.R. Watkins Natural Citrus Tub & Tile Cleaner. And because it doesn't contain phosphates it won't irritate sensitive skin like commercial shower cleaners. Soap scum and mildew will quickly accumulate if your bathtub and shower are neglected. Effortlessly clean your tub and tile areas with this easy to use spray and wipe formula.

**This product is ideal for cleaning:**

- Ceramic Tile
- Grout
- Chrome Fixtures
- Fiberglass
- Porcelain
- And many other hard bathroom surfaces

J.R. Watkins Naturals formulates to the highest standards in Natural home care. The Natural Products Association has certified our Citrus Tub & Tile Cleaner.

Our products feature plant-based formulas free from:

- Petrochemicals
- Ammonia
- Bleach
- Phosphates
- Sodium lauryl sulfate
- Dyes and other ingredients which could affect the health of your family or the environment.

We proudly formulate to be biodegradable, non-toxic and cruelty free.

To learn more about the Natural Products Association and their requirements for certification, please visit [www.npainfo.org](http://www.npainfo.org)

**Tips**

- A small scrub or tooth brush will help clean grout and corner areas.
- Never use an abrasive on acrylic or fiberglass bath tubs.
- Immediately attend to a dripping faucet or fixture. Ignoring this problem can waste a lot of water!

Article No. 16798 Aloe & Green Tea  
Article No. 26797 Lemon  
(710 mL/24 fl. oz.)

Make your windows sparkle with J.R. Watkins Natural Window Cleaner. This natural streak-free formula will leave your windows shining bright. For optimal natural sunlight use a premium natural window cleaner! Also works to clean mirrors, glass tabletops and other hard surfaces around the home. Gently lift away water spots, dirt and fingerprints. This coconut-based formula is tough on grime yet won't break down the bonds of plastic on window films.

- **Streak-free formula:** Leaves glass with a sparkling shine.
- **Fresh scents:** Leave your home smelling fresh and clean.

J.R. Watkins Naturals formulates to the highest standards in Natural home care. The Natural Products Association has certified our Window Cleaners.

Our products feature plant-based formulas free from:

- Petrochemicals
- Ammonia
- Bleach
- Phosphates
- Sodium lauryl sulfate
- Dyes and other ingredients which could affect the health of your family or the environment.

We proudly formulate to be biodegradable, non-toxic and cruelty free.

To learn more about the Natural Products Association and their requirements for certification, please visit [www.npainfo.org](http://www.npainfo.org)

Note: Trigger sprayer may ship different than shown.

When window and glass cleaners are sprayed into the air, they release vapors that can be inhaled. Ammonia cleaners can irritate the skin, eyes and respiratory system. Minimize your family's exposure to these harmful toxins with J.R. Watkins Natural Window Cleaners.

### Tips

- Having clean windows makes your room look instantly brighter.
- Wipe away excess dirt and grime from your windowsills and framework prior to applying a window cleaner.
- Lint-Free or microfiber cloths are ideal for minimizing streaks.
- Squeegees are great tools for cleaning windows, glass or mirrors.
- If you are cleaning the insides and outsides of windows, use different cleaning strokes on each side. Wipe one side vertically and the other side horizontally so you can easily tell which side needs another wipe.
- Spray window cleaner ten inches or more away from the glass surface to help minimize streaking.

## All Purpose Wipes

Article No. 26701 Aloe & Green Tea  
Article No. 26702 Lemon  
(35 wipes)

Keep dirt, grime and toxins off your hands with J.R. Watkins Natural All Purpose Wipes. These biodegradable, durable and disposal wipes effortlessly wipe away dirt and grime from any hard surface water alone won't harm. And because these wipes are readily biodegradable, you can toss them away without environmental repercussions. No rinsing required, simply wipe away spills. You'll love this revolutionary way of cleaning your house without water!

### This product is ideal for cleaning:

- Kitchen
- Bathroom
- Dining Room
- Garage
- Keep a pack in the car for spills on the road!

Everyday choices affect the health of our families and our environment. J.R. Watkins Premium Natural Cleaning Products feature plant-based formulas that avoid:

- Ammonia
- Boron
- Butyl/Ethyl Cellosolve
- Chlorine Bleach
- Formaldehyde Donors
- Glycols
- Isopropyl Alcohol
- Mineral Oil
- Parabens
- Paraffin
- Phosphates
- Phosphoric Acid
- Phthalates
- Sulfuric Acid
- Synthetic Dyes

Watkins proudly formulates to be:

- Biodegradable
- Non-toxic

Other cleaning wipes contain harsh chemicals and their labels detail specific handling warnings and cautionary statements. They also require rinsing and are not recommended for surfaces that come into contact with food.

J.R. Watkins Natural All Purpose Wipes are non-hazardous and do not contain chemicals. Minimize your family's exposure to these harmful toxins with J.R. Watkins Natural All Purpose Wipes.

### Did you know?

- The National Academy of Science estimates that 15 percent of all Americans are multi-chemically sensitive due to chronic exposure to household products.
- The Environmental Protection Agency maintains that half of all illnesses occurring in the United States can be attributed to chemical contamination of indoor air.
- The Environmental Protection Agency states that during the last 20 years, more than 75 percent of our landfills have reached maximum capacity and that more than half of those remaining will be filled up over the next 20 years.

## Liquid Laundry Detergents

Article No. 26741/36743 Lemon

Article No. 26742/36744 Fragrance Free  
(946 mL/32 fl. oz.)

J.R. Watkins Natural Liquid Laundry Detergents are ultra concentrated and require only 1 ounce per load. The convenient 32 ounce bottle contains 74% less water than commercial 100 ounce detergents; and the packaging requires less than half the plastic.

Traditional laundry detergents are often petroleum-based; depleting nonrenewable resources and creating pollution when manufactured. Natural laundry detergents reduce the number of chemicals and toxins that come into direct contact with your family's skin as well as reduce energy costs and protect water supplies.

This natural formula also contains a soy-based fabric softener to leave clothes feeling soft and clean.

- **Concentrated:** Use only 1 ounce per load; 32 uses per container.
- **Ideal for:** Front loading and high efficiency washers.

Everyday choices affect the health of our families and our environment. J.R. Watkins Premium Natural Cleaning Products feature plant-based formulas that avoid:

- Ammonia
- Boron
- Butyl/Ethyl Cellosolve
- Chlorine Bleach
- Formaldehyde Donors
- Glycols
- Isopropyl Alcohol
- Mineral Oil
- Parabens
- Paraffin
- Phosphates
- Phosphoric Acid
- Phthalates
- Sulfuric Acid
- Synthetic Dyes

Watkins proudly formulates to be:

- Biodegradable
- Non-toxic

### Tips

- More than 85% of the energy used by an average washing machine goes into heating the water. To save both water and energy choose the shortest cycle time possible.
- Place laundry hampers in every room where people change clothes.
- Clean plastic hampers regularly with J.R. Watkins Natural All-Purpose Wipes.
- Always check clothing labels for care instructions.
- Check and empty pockets before putting clothing into the washer.
- Never overload the washer or dryer.
- Clean the lint filter between every load.

Note: For national products, in most cases U.S. product photos are shown.

## Watkins Laundry Detergent

Article No. 06738 (2.2 kg/5 lbs)

If you demand clean clothes and a clean environment, this is our most earth-friendly, high-performance formula ever! Our biodegradable, phosphate-free formula is concentrated to deliver a low cost per wash that's competitive with major brands. And because it's dye- and fragrance-free, it's perfect for baby clothes and for people with sensitive skin. You'll get fresh, clean and bright laundry using either hot or cold water. It rinses completely away, helping reduce static cling and saving you money! Also, it's perfectly safe for septic tanks. J.R. Watkins Laundry Detergent is the best thing you can do for your clothes, your children and the environment!

- 100% phosphate-free; biodegradable.
- Concentrated; use only 1/4 cup (60 mL) per average load.\*
- Low cost per wash—up to 80 loads per box!\*
- Dye- and fragrance-free.
- Gentle for baby clothes; recommended for sensitive skin.
- Reduces static cling.
- Works in hot or cold water.

\*Newer front-loading washers require only 1/8 cup (30 mL) of this detergent, for a yield of 80 loads per box. Standard washing machines will use 1/4 cup (60 mL) per wash (40 loads per box).

### Essential Ingredients

- **Sodium Carbonate:** A water softener and grease cutter.
- **Sodium Sulfate:** A processing aid and surfactant carrier.
- **Sodium Percarbonate:** An oxidizing agent and odor reducer.
- **Sodium Alkyl Aryl Sulfonate:** A wetting agent and grease cutter.
- **Primary Linear Alcohol Ethoxylate:** A soil suspender and cleaning agent.

### Tips:

- Do not pour detergent directly onto clothes—add it to the washer first, and begin filling with water before adding clothes.
- For cold water washing, first dissolve detergent in a small amount of warm water.

Environmental Protection Agency's Designed for the Environment seal ensures cleaning products, displaying the seal, have been formulated using the safest ingredients for human and environmental health.

### Testimonial—

*Individual results may vary.*

"J.R. Watkins Laundry Detergent is the best I've ever used. The proof is in the white washes which have turned out noticeably whiter and without the additional bleach we customarily use in white wash loads. Clothes come out dazzling white and softer, with no added fabric softener needed."

—Edward Pflug, Oklahoma

## Toilet Bowl Cleanser/Bowl Cleaner Caddy & Brush

Article No. 06795/36795 Toilet Bowl Cleanser  
(946 mL/32 fl. oz.)

You simply can't buy a better, more powerful toilet bowl cleaner anywhere! Cleans better, yet is safe for septic tanks. For use on vitreous china only.

- **Advanced hydrochloric acid (hydrogen chloride) formula:** Hydrochloric acid (HCl) is the most powerful cleaner known for use on toilet bowl stains, yet will not harm septic system.
- **Concentrated:** Contains up to twice as much HCl as some products, making it much more economical to use.
- **Dimethyl benzyl ammonium chloride:** Deodorizes and disinfects.

**Note:** Use with Bowl Cleaner Caddy and Brush (Article No. 06248, sold separately) for safe, convenient storage and optimum-performance application.

### Essential Ingredients

Hydrogen Chloride 23.00%

n-alkyl (50% C14, 40% C12, 10% C16) dimethyl benzyl ammonium chlorides 0.05%

**Inert Ingredients** 76.95%

**Total** 100.00%

Article No. 06248 Bowl Cleaner Caddy & Brush

- **Adds to convenience:** Safely, conveniently holds Toilet Bowl Cleanser (06795/36795) and brush; eliminates worry about where to place brush after use.
- **Includes Duralon brush:** "Swab" tip holds bowl cleaner without dripping for convenient painting onto bowl surface; durable enough to stand up to Watkins concentrated acid-based bowl cleaners.

### Testimonial—

*Individual results may vary.*

"I purchased a store four years ago and with it I inherited a toilet that was almost chocolate brown above the water line, due to a very heavy calcium/lime build up. Over the years we tried different brands of toilet bowl cleaners. Not one of them worked. We gave up any hopes of it ever getting clean. Our Watkins Associate took one look at the toilet and said that it could be cleaned, regardless of the terrible condition it was in. I figured that there had to be about a 15-year buildup, so I had my doubts that any cleaner would work on it, but we let him try. Were we ever surprised! In no time the toilet bowl was sparkling white, just like new. No other cleaner had even made a dent in the buildup. We were amazed to finally see our toilet bowl glistening white."

—Howard P. Buck, Orangeville Opticians

Article No. 06785 (946 mL/32 fl. oz.)

Watkins Degreaser is a revolutionary product with a wide variety of uses. Specifically formulated to remove tough grease, it will clean stoves, sinks, drains, garbage disposals, floors, walls, woodwork, and countertops. It can also be used in the workshop, garage, and factory.

Powerful, versatile and cuts grease like nothing else, without harsh detergents. Works in any kind of water—hot or cold, soft or hard—and easily tackles greasy stovetops, charcoal grills, bicycles, appliances, garage floors and more. Apply directly to clothing to remove stubborn grease and oil stains. Highly concentrated—saves money and reduces packaging waste.

- **Concentrated—makes up to 64 gallons/ 250 litres:** Economical grease-cutting solution; dissolves grease and oil in seconds.
- **Versatile:** Works in any type of water; save money by using one product for a variety of jobs all through the home.
- **Natural coconut oil derivative:** Helps solubilize grease and oil.
- **Biodegradable:** Earth-friendly materials help to preserve our environment; contains no caustics, harsh acids, butyl glycol ethers or heavy metals; safe for use in septic tanks.
- **Phosphate-free:** Won't harm our lakes and streams; use of phosphates in detergents is believed to result in over-fertilization of our lakes; eventually, the lakes become filled with plants and die.
- **Non-flammable:** Can be used near hot ovens, toasters, and microwaves without fear of fire.

### Tip

- Add to laundry for extra-tough grease stains; for cleaning charcoal grills, in the workshop and garage...wherever there's grease, there's a solution.

## Insect Repellent Lotion

Article No. 33077 (240 mL) (Canada Only)

Article No. 33079 (80 mL) (Canada Only)

Article No. 33081 (45 mL) (Canada Only)

Watkins Insect Repellent Lotion provides safe protection from insects for your whole family.\* Not only can it prevent vacations, picnics and family outings from being ruined, but because it repels deer ticks, it can prevent the very serious threat of Lyme Disease, which can cripple or even kill if left untreated. Also repels mosquitoes, which can transmit potentially deadly strains of encephalitis.

- **Recommended by health professionals:** Active ingredient DEET is recommended for protection against deer ticks, which cause Lyme Disease. *Other “repellent” products have been shown to be less effective—sometimes ineffective!*
- **Clinically proven to repel:** Stable flies, black flies, mosquitoes and ticks on exposed skin surfaces; higher concentrations may not be safe for application to skin—especially for children.
- **Lotion formula:** Use only as much as needed—no waste; stays on skin better.
- **Three handy sizes:** Perfect for home use, picnic baskets, backpacks, tackle boxes, fishing vests.

\*Not recommended for children under 12 years.

### Active Ingredient:

DEET (28.5%)

## Insect Repellent Spray

Article No. 33075 (175 g) (Canada Only)

Watkins Insect Repellent Spray is a convenient personal spray which provides protection for your whole family.\* Not only can it prevent vacations, picnics and family outings from being ruined, but it can prevent the very serious threat of Lyme Disease, which can cripple or even kill if left untreated. Also repels mosquitoes, which can transmit potentially deadly strains of encephalitis.

- **Recommended by health professionals:** Active ingredient DEET is recommended for protection against deer ticks, which cause Lyme Disease. *Other “repellent” products have been shown to be less effective—sometimes ineffective!*
- **Clinically proven to repel:** Stable flies, black flies, mosquitoes and ticks on exposed skin surfaces.
- **Easy on clothing\*\*:** May be sprayed directly on clothing; non-staining; easily washable.
- **Handy 175-g size:** small enough to fit easily into picnic baskets, backpacks, tackle boxes, fishing vests.

\*Not recommended for children under 12 years.

\*\*Avoid contact with plastics, such as eyeglass frames, and such fabric as acetate rayon.

### Active Ingredient:

DEET (23.75%)

## Bite Balm

Article No. 33090 (9 g) (Canada Only)

Pesky bug bites leave you itching?

Let Watkins Bite Balm soothe the itch of those irritating bites.

The convenient travel size tin is perfect for on-the-go outings like golf, fishing, camping or any outdoor activity! A must for every outdoor enthusiast.

- **Soothing/Protective:** Aids in soothing minor skin irritations.
- **Convenient:** Fits easily into picnic baskets, backpacks, tackle boxes, fishing vests and golf bags.

### Also Contains

- **Oil of Spruce:** Has a long history in North American of use for aches and pains.
- **Camphor Oil:** A fragrant counterirritant extracted from an Asian evergreen related to cinnamon.
- **Oil of Cajeput:** Extracted from the White Tea Tree in the Melaleuca family, which includes eucalyptus and clove. Used widely in Eastern medicine to relieve aches and pains.

## Insect Repellent Pump Spray—Kids (Low Level DEET Formula)

### Article No. 33086 (150 mL) (Canada Only)

Watkins non-aerosol, low 5% DEET formula is ideal for kids or anybody who might be looking for short term protection. Studies show that a lower concentration of DEET does not offer less protection, but rather protection for a shorter period of time.

- **Recommended by health professionals:** Active ingredient DEET is recommended for protection against deer ticks, which cause Lyme Disease.
- **Provides protection against:** Mosquitoes, black flies, deer flies and stable flies.
- **Spray formula:** Easy application for kids. Perfect for home use and fits easily into any bag.
- **Benefits:** Provides a safe protection from insects, repels deer ticks which can help prevent the threat of lyme disease and repels mosquitoes which can transmit potentially deadly strains of encephalitis.

#### Active Ingredient:

DEET (5.0%)
