

24" Heavy Duty I-Beam Aluminum Level

Model #: 1233-2400
UPC: 049448125128

A level is only useful if you can read the vials. This level comes equipped with oversized 1/2" vials. Not only are the vials themselves easy to read, but the level has more vials than competitive models in 48" and longer lengths, meaning the vials are always within eyeshot, even at awkward angles. Finally, Johnson's SurroundView® technology maximizes visibility and top read windows allow the user to stand over the work to view the vials.

PRODUCT DETAILS

- Oversized 1/2" diameter vials are easy-read
- Heavy duty aluminum frame Job Site Tough™
- Ergonomic cushioned hand grips
- SurroundView® vials reflect ambient light for easy-read
- Top-read window maximizes readability
- Shock absorbing end caps protect frame

SPECIFICATIONS

Glo-View	No
Lengths	24
Magnetic	No
Molded Hand Grips	Yes
Number of Vials	3
Oversized Frame	Yes
Top Read	Yes
Weight	1.13 lbs.

APPLICATION

This I-beam level is a perfect fit for general contractors and drywallers, although its versatility makes it a must-have for homeowners as well. This non-magnetic level is preferred when working with wood. For use on steel studs or doorframes, consider the magnetic model 1234 I-beam level.
