

78" Magnetic Heavy Duty Aluminum Box Level

Model #: 1718-7800
UPC: 049448171873

Durable, accurate and ergonomic - this box level is a jobsite essential. Its reinforced aerospace aluminum alloy frame provides the durability needed on even the roughest jobsite, while the magnified domed vials provide 320° visibility and feature Johnson's patented Glo-View® technology, so they glow in the dark to maximize vial readability. This box level features strong rare earth magnets that hold the level securely in place on ferrous surfaces.

Lifetime Guarantee

APPLICATION

Versatility is key with this level as it can be used in any number of jobsite applications such as framing, finish carpentry and concrete work. Its GripTight™ end caps hold the level securely in place with just one hand and are removable, making them ideal for finish carpentry work when scribing lines into corners. This magnetic box level's strong magnets make it the ideal choice when working with steel studs or door jambs. When working with wood studs or doorways, consider the non-magnetic model 1717 box level.
