

9" Magnetic LED Billet Torpedo Level

Model #: 1411-0900LED
UPC: 1411-0900LED

Johnson's easy to use LED billet level simplifies leveling by automatically illuminating the vial you need as you rotate the level. With a CNC machined aluminum frame and four crystal clear vials including a pitch vial, this level is highly accurate and durable, making it ideal for electricians, plumbers and HVAC contractors. Its powerful GripTight™ rare earth magnets hold to flat or round ferrous metal surfaces for convenient hands-free use. This level also includes machined vial openings for an accurate reading every time.

PRODUCT DETAILS

- Powerful GripTight™ rare earth magnets hold to flat or round ferrous metal surfaces
- V-groove edge fits on pipe and conduit
- EZ-Read™ lighted vials for dim environments (requires 2 AAA alkaline batteries not included)
- Multi-Pitch® vial for drain slope reads in 1/8" increments
- Solid machined aluminum billet frame
- Machined vial openings to assure accuracy
- Top-read windows
- Durable protective anodized finish

SPECIFICATIONS

Accuracy	1mm/m
Battery Life	Up to 50 hours
Power Supply	2 AAA alkaline batteries (not included)
Warranty	Lifetime Accuracy Warranty

APPLICATION

Designed for plumbing and electrical contractors, the V-groove frame fits perfectly on pipe and conduit and the pitch vial is ideal for finding drainage slopes. The solid aluminum construction also makes this level well suited for welders.
