12' Master Air Display

Air Accessory Plan-O-Grams

This catalog is designed to help our retail partners decide on a Plan-O-Gram that fits their market. K-T offers a wide variety of Plan-O-Grams that is sure to fit just about any market environment. From a basic display for hardware stores, to a 12' display that has the product depth and quantity for high quantity sales.

**Providing you with programs and tools
to increase volume and sales goals**

12' x 60" Master Air Accessory Display Model No. 130-60112

This full line air display is designed for larger retail environments that demand product selection and stock depth. It has an excellent product mix as well as being capable of handling larger sales volume. Signage is included free of charge with a display purchase. A handy coupler test bar for customer use is included free of charge.
