

# Welding Displays

## K-T Welding Plan-O-Grams

This catalog is designed to help our retail partners select a welding Plan-O-Gram that fits their market. K-T offers a wide variety of Plan-O-Grams that is sure to fit just about any market environment. From a basic display for hardware stores, to a 28' display that has the product depth and quantity for high volume sales.

Providing you with programs and tools  
to increase volume and sales goals

**28' Set Model # 130-72307**

**24' Set Model # 130-72306**

**20' Set Model # 130-72305**

# 28' Welding Display

## 28' x 72" Welding Display

### Model No. 130-72307

This welding display is designed for large retail environments that demand product selection and stock depth. It has a product mix that will fulfill almost all users' requests. This set is very capable of handling the largest sales volume. KT's signage helps end users make the right buying decision as well as directing them to the right area and helps them make the right decision when purchasing K-T product.

## 24' x 72" Welding Display

### Model No. 130-72306

This welding display is designed for larger retail environments that demand product selection and stock depth. It has a product mix that will fulfill almost all users' requests. This set is very capable of handling the largest sales volume. KT's signage helps end users make the right buying decision as well as directing them to the right area and helps them make the right decision when purchasing K-T product.

# 20' Welding Display

## 20' x 72" Welding Display Model No. 130-72305

This welding display is designed for larger retail environments that demand product selection and stock depth. It has a product mix that will fulfill almost all users' requests. This set is very capable of handling the largest sales volume. KT's signage helps end users make the right buying decision as well as directing them to the right area and helps them make the right decision when purchasing K-T product.
