VOL. 119

**A trusted name in Outdoor Cooking for  
40 years!**

**The King of Outdoor Cooking®!**

**Quality Products + Excellent Service=Customer Satisfaction**

Metal Fusion, Inc. was founded in South Louisiana in 1979. We enjoy getting together with family and friends in the outdoors to cook South Louisiana Foods and to have fun! We embrace the culture and flavors of South Louisiana and want to share them with the whole wide world! We know that folks who use King Kooker® Products can share our love of outdoor cooking, Louisiana Style, with their family and friends.

Our line of King Kooker® Seasonings and recipes make it easy for you to prepare special treats and make them your own by adding your favorite ingredients. Our company and our product line have grown over the years. We are committed to providing our customers with safe heavy duty cookers and quality accessories and seasonings to suit all of your outdoor cooking needs.

**King Kooker CSA Design Certified Outdoor Cookers**

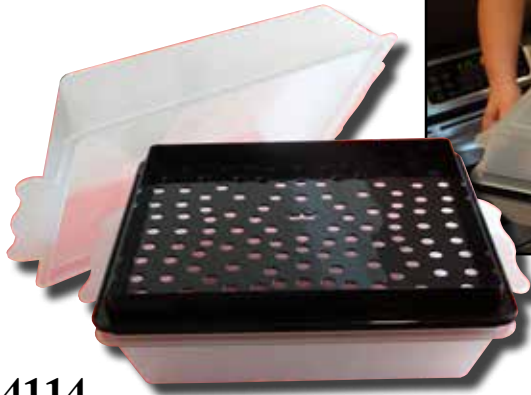

***Certified to ANSI Standard Z21.89  
Metal Fusion, Inc. has participated in the  
development of the ANSI Standard for Outdoor Cookers  
for more than 15 years and has invested significant time and  
resources to always supply our customers with  
safe and dependable outdoor cookers.***

***Watchdog Cooker Series of Turkey Fryers available with  
Battery Operated Timer or  
Automatic Gas Shut-Off System***

***Metal Fusion, Inc.'s Watchdog Cooker Series of Turkey Fryers come in  
a variety of styles and sizes. Standard features include CSA design  
certified high BTU outdoor cookers, thermometers, CSA design  
certified hoses and regulators with battery operated timers or  
automatic gas shut-off systems for extra safety. The battery operated  
timer located on the hose/regulator is designed to shut-off the flow of  
gas after a 15 minute pre-set time period unless manually reset by  
the user. The automatic gas shut-off system stops the flow of gas when  
the temperature reaches 475 degrees F. These devices and the  
supplied thermometers should be used together, along with proper  
monitoring by the consumer, to assure a safe and successful  
turkey frying experience.***

## NEW from The King®!

**1113BK**

0-81795-11130-0

Easy to use with no mess! This plastic breeder box is perfect for breading fish filets and foods for frying. Place breading and seasonings in the bottom box and all thawed foods to be breaded on the sifter. Cover with the lid and shake. Foods bread easily and complete, while excess breading goes back to the bottom of the box for the next shake. Great for breading fish, shrimp, oysters, chicken, soft shell crabs, veal cutlets, pork chops, eggplant, cauliflower, jalapenos and pickles. Easy to clean!
