

KOHLER® Toilet Seats | The Finishing Touch.™

THE BOLD LOOK
OF **KOHLER**®

Solid Wood Toilet Seats

A distinctive addition to any bathroom, solid wood seats display visible wood grain and feature a substantial, weighted feel. Select KOHLER® solid wood seats coordinate especially well with warm, traditional environments, while the new contemporary solid wood Quiet-Close™ toilet seat with Quick-Release™ functionality complements sleek, modern surroundings.

Quiet-Close™ Toilet Seats with Quick-Release™ Functionality

Chances are you've heard a toilet seat slam closed.

It's not a pleasant sound. That's why we engineer

our seats with Quiet-Close technology, allowing

them to discretely close with only the slightest touch

to provide additional hygiene and safety. These

seats also feature Quick-Release hinges, so you

can easily and quickly remove the seat and clean

hard-to-reach areas of the toilet.

Lift open covers.

Pull seat toward you for quick and easy removal.

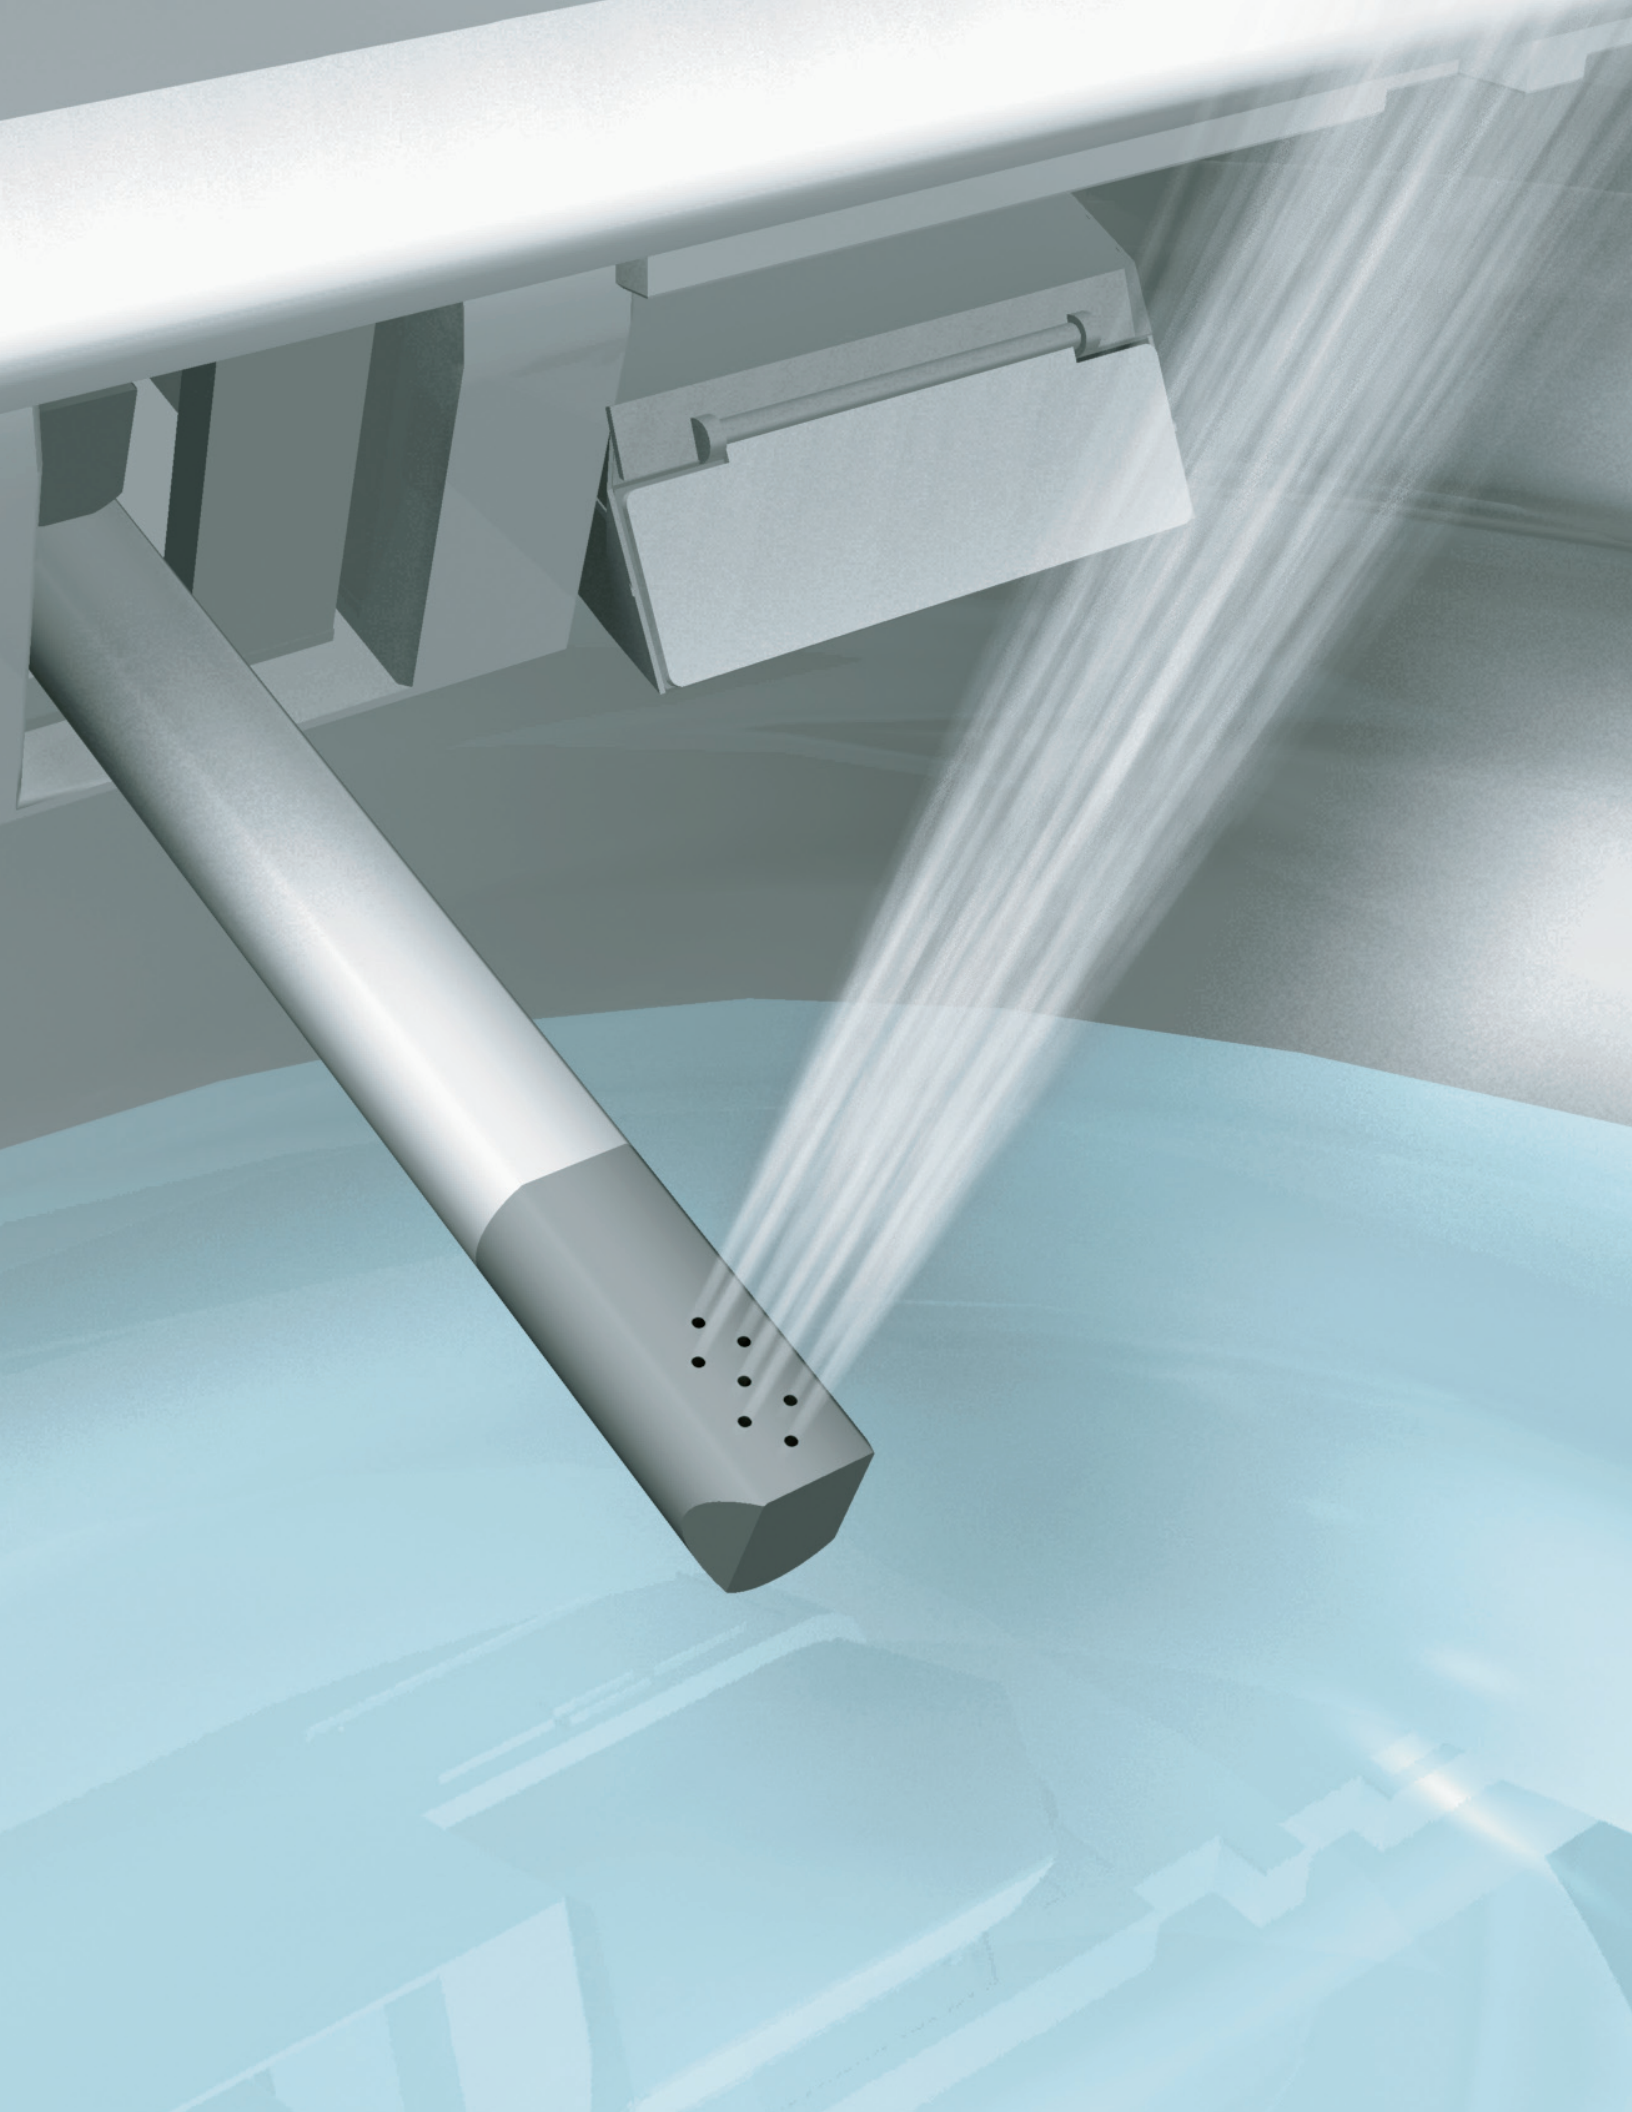

Clean seat and toilet with convenience and ease.

KOHLER® C³_{TM} Toilet Seats with Bidet Functionality

C³ toilet seats with bidet functionality offer water-based, hygienic cleansing for men and women. In-line or tank heat produces comfortably warm water that provides relief from certain medical conditions as well as overall comfort and wellness. A refreshing alternative to toilet tissue, these seats include a discrete and intuitive control panel, so users can accommodate their personal preferences. Engineered for ergonomic design with Quiet-Close_{TM} technology, C³ seats fit all one- and two-piece KOHLER toilets.

Surprise™ Toilet Seat

Artful Toilet Seats

KOHLER® artful toilet seats add a distinct touch of artistry and personality to any bathroom. From the classic floral design of the Oстера to the whimsical stripes of the Surprise, our six artful seats can enhance – or define – a wide range of design aesthetics. Available in both elongated and round-front models, these seats fit most one- and two-piece KOHLER toilets.
