

Make It Yours

We're making
it personal.

Making It Great.

Krylon® is a true category leader. We consistently deliver the highest brand recognition and preference, plus the sales and profit numbers our partners and retailers expect.

We didn't get there overnight. For 65 years, we have been offering the most innovative products, an unmatched color palette and exciting packaging advances. All the things that hardworking DIYers, crafters and hobbyists look for when they want to make a project unique...make it colorful...make it durable...and make it great. (See what people are saying about us throughout this catalog!)

Meanwhile, we've made a name for ourselves with smart, creative thinking.

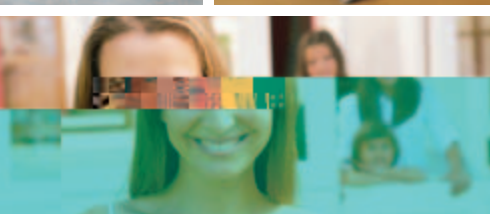

- Our ideas keep us at the forefront of the industry
- Consumer testing helps us define new product opportunities
- Our Color & Design team helps us stay ahead of the trend curve
- We continue to find ways to make painting easy, fast and simple, with many patented and patent-pending innovations

It's this commitment to excellence and reputation for innovation that continue to make us a great brand.

Making It Innovative.

Here's a list of just a few of the Krylon innovations that set us apart.

- NEW Rust Protector™ Paint
- Dual™ Paint + Primer
- Glitter Blast™ Glitter Spray
- Aerosol Wood Stain
- EZ Touch 360® Dial spray tip
- Pinch N' Pull™ cap
- Fusion Paint for Plastic®

Making It to Market.

Again in 2012, Krylon® will deliver advertising, public relations, merchandising and online programs that work together to build awareness, drive sales and grow your business.

- TV commercials that air during the key home improvement and project season
- An impressive digital presence with Facebook®, a committed team of bloggers and exclusive Krylon sites like projectsinacan.com
- Extensive national public relations efforts
- Merchandising designed to provide incremental sales
- An enhanced krylon.com website filled with product information, project ideas and color tools

Making a Difference.

Krylon has a history of making the world a better, more beautiful place. That commitment is part of our brand personality and can be seen in our products and our people.

- For more than 30 years, Krylon products have been formulated without chlorofluorocarbon (CFC) propellants
- Krylon actively participates in developing aerosol regulations that impact the environment
- Every Krylon product follows strict compliance guidelines
- Our aerosol cans are made from more than 25% recycled steel and are designed for recycling when empty
- Packaging components like the Pinch N' Pull™ cap are designed to use fewer resources to produce and to be recyclable
- We are aligned with groups like Keep America Beautiful® and the National Council to Prevent Delinquency
- Our employees participate in and support community service projects and programs

No One Makes It Faster.

For decades, Krylon® has been formulating aerosol paints that deliver great color, beautiful, durable finishes and amazing dry times.

From the rust-fighting ability of new Krylon® Rust Protector™ Paint and the bonding power of Krylon® Fusion for Plastic® to the unparalleled look and style of Krylon® Glitter Blast™, all of our paints are made to provide true performance benefits.

And one of our most famous benefits is Krylon dry time. We work hard to ensure that our products are formulated to dry in a fraction of the time that competitors take, without sacrificing other performance attributes. The result is that projects are done faster, the results are more beautiful and the flawless finishes really last, because surfaces are never compromised during a long dry interval.

Your customers count on Krylon for fast performance. So you can count on us for long-lasting brand power.

“I made it durable, in one step.”

PAINT + PRIMER

Krylon® Dual™ Paint + Primer does two important jobs with every spray. So with one can and one step, customers get a beautiful, colorful finish that lasts like they primed it.

KRYLON® DUAL™ PAINT + PRIMER

- Paint and primer in one can
- Superior protection on metal
- A beautiful, durable finish
- Available in Gloss, Satin and Flat finishes
- Great for metal, wood and more
- It's performance made easy!™

TIPS & TECHNIQUES

WHEN AND WHY TO USE A PRIMER/SEALER

A primer, sometimes referred to as a sealer, is a specially formulated paint designed for use on bare metal, wood or other surfaces. Using a primer can mean the difference between a successful and a not-so-successful finished project. The reasons a primer is often recommended are:

- To ensure that your true paint color is achieved
- To increase paint adhesion
- For better paint coverage and penetration, particularly on wood surfaces
- For increased corrosion resistance on metal surfaces
- To smooth uneven surfaces for a better topcoat finish
- Use Gesso Spray to prime canvas and other art surfaces

KRYLON® GALLERY SERIES™

CONSERVATION VARNISH

- Same color saturation and appearance as dammar — without yellowing
- Protects against fading, dirt, moisture and discoloration
- Contains UV light absorbers and stabilizers
- Removable for conservation purposes
- Protects oil, alkyd and acrylic paintings

UPC CODE #	ITEM #	DESCRIPTION	NET WT.	UNITS PER CASE
7-24504-01370-9	1370	Conservation Varnish Matte	11 oz.	6
7-24504-01371-6	1371	Conservation Varnish Gloss	11 oz.	6

CONSERVATION RETOUCH VARNISH

- Temporarily restores gloss of fresh, wet oil paints
- Unifies painting for accurate color comparison
- Provides temporary protection to recently completed paintings until final varnish can be applied
- Non-yellowing and transparent
- Contains UV light absorbers and stabilizers

UPC CODE #	ITEM #	DESCRIPTION	NET WT.	UNITS PER CASE
7-24504-01372-3	1372	Conservation Retouch Varnish	11 oz.	6

QUICK DRY FOR OIL PAINTINGS

- Paints will dry 2 to 3 times faster
- Apply between paint layers to prevent blending and add highlights
- Mix into paint like a medium to improve flow and dry time
- Spray lightly onto completed painting for transporting before fully dry
- Contains UV light absorbers and stabilizers

Packed 6 units per case, net weight 11 oz. each.

TIPS & TECHNIQUES

UNDERSTANDING AND CHOOSING CLEAR COAT FINISHES

Use clear coats for protection or enhancement of your finished project. Your product choice will be determined by the type of project you have, as well as the gloss level that you prefer. Your decision could also be affected by the need for UV protection or the ability to spray indoors. The good news is that whatever you choose, all Krylon® clear coatings are non-yellowing and dry in minutes.

Desired Finish/Attributes		Recommended Product
Gloss Level	Extra-Strong Gloss Enhancement	Krylon Crystal Clear Glaze
	Medium to High Gloss Enhancement	Krylon Acrylic Crystal Clear or Krylon Low Odor Clear Gloss
	Reduced Sheen	Krylon Matte Finish or Krylon UV-Resistant Clears

“I made it shine like real metal.”

METALLICS

They may not be precious metals, but our metallic aerosols are a valuable tool for your customers who want the high-gloss look of real plating. We also offer several metallic finishes in our multi-purpose line.

KRYLON® PREMIUM METALLIC

- Highest-quality metallic finish
- Deep lustrous finish resembles actual plating
- Very smooth, high-gloss finish
- Fast drying
- Acid-free

Color Offering

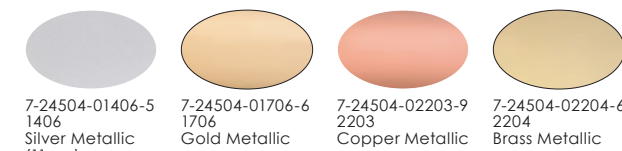

Packed 6 units per case, net weight 8 oz. each.

KRYLON® GENERAL PURPOSE METALLIC

- Bright, durable finish
- Fast drying

Color Offering

Packed 6 units per case, net weight 12 oz. each (except Silver Metallic, net weight 11 oz.).

KRYLON® LEAFING PENS

- Premium metallic finish resembles actual plating
- Use for decorative gold, silver and copper highlights on a variety of surfaces
- Unique chiseled tip makes both thin and thick lines
- Acid-free

Color Offering

Packed 6 units per case, net weight 1/3 oz. each.

TIPS & TECHNIQUES

HINTS FOR USING METALLIC FINISHES

Most metallic spray finishes are not actual metal finishes, but contain dyed metal particles that give the illusion of a metal finish. When using a metallic aerosol, remember these helpful hints:

- Most metallic paints are not formulated for exterior durability. So for an outdoor project you will need to use a clear interior/exterior topcoat. NOTE, however, that some clear coats may somewhat diminish the metallic shine.
- Consider a metallic product from Krylon's Outdoor Spaces® line, formulated for a great metallic look and a durable exterior finish.
- Most metallics won't work on Styrofoam® or florals without damaging the material.
- Consider a metallic paint from Krylon's Short Cuts® line, formulated for safe use on Styrofoam®, florals and crafts, as well as wood, metal and other surfaces.

“I made every little detail look perfect, and Mom helped.”

SMALL PROJECTS

Small projects are a big deal to many of your customers. Krylon® offers the perfect products for their projects, with paints in smaller sizes and pens that are filled with quality Krylon® paint.

- KRYLON® BRIGHTS**
- Brilliant fluorescent paint
 - Unique chiseled tip makes both thin and thick lines

7-24504-07002-3	7002	Varnish Satin
7-24504-07005-4	7005	Polyurethane Gloss
7-24504-07006-1	7006	Polyurethane Satin

Packed 6 units per case, net weight 11 oz. each.

KRYLON® GLASS FROSTING

- Decorative & functional
- Provides privacy
- Reduces glare
- Can be cleaned with glass cleaner

UPC CODE #	ITEM #	DESCRIPTION
7-75577-00810-0	0810	Glass Frosting

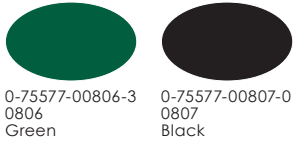

Packed 6 units per case, net weight 12 oz. each.

KRYLON® CHALKBOARD PAINT

- Creates a tough, slate-like chalkboard surface
- Easy application
- Durable, long-lasting finish

Color Offering

Packed 6 units per case, net weight 12 oz. each.

KRYLON® SNAP & SPRAY

- Transforms any spray can into a spray gun
- Eliminates finger fatigue
- Improves accuracy and control

UPC CODE #	ITEM #	DESCRIPTION
7-24504-07099-3	7099	Snap & Spray

Packed 12 units per case.

KRYLON® MARKING CHALK

- Create temporary chalk lines
- Fast-drying, water-based formula
- Safe for grass, pavement and soil
- Easily removed from hard surfaces

Color Offering

Packed 6 units per case, net weight 15 oz. each.

KRYLON® METALLICS PAINT

- Dries quickly
- Easy to use
- Brilliant metallic-like finish

Color Offering

Packed 6 units per case, net weight 12 oz. each (except 1401 and 1403, net weight 11 oz.).

KRYLON® CAMOUFLAGE
MADE WITH FUSION FOR
PLASTIC® TECHNOLOGY

- Bonds to most plastics
- No sanding, no priming
- Also for metal, wood, hard vinyl and more
- Ideal for sporting and hunting equipment, decoys and more
- Dries in 15 minutes or less
- Ultra-flat, non-reflective colors

Color Offering

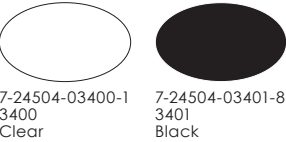

Packed 6 units per case, net weight 11 oz. each.

KRYLON® NON-SKID COATING

- Creates a durable, non-skid surface
- Perfect for step treads, ladders, boat decks

Color Offering

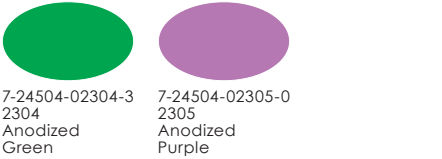

Packed 6 units per case, net weight 11 oz. each.

KRYLON® X-METALS

- Extreme metallic finish
- Use on chrome, metal, wood, pre-painted surfaces & more
- Anodized colors
- Great for skateboards, scooters, bikes, etc.
- Use basecoat converter first over non-shiny surfaces to create reflective surface

Color Offering

Packed 6 units per case, net weight 11 oz. each.

KRYLON® GLOWZ® GLOW-IN-
THE-DARK PAINT

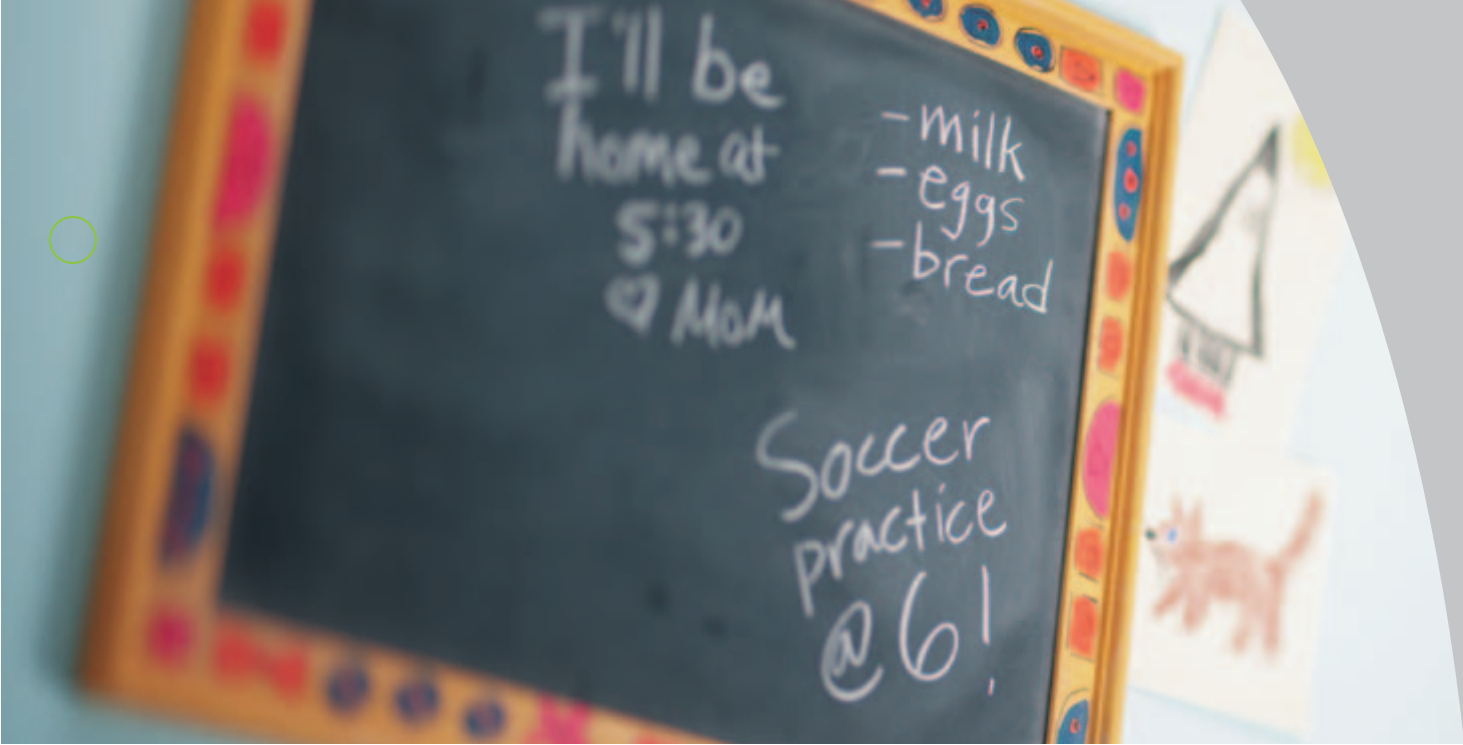

- Glow-in-the-dark paint
- High night visibility
- Recharges with exposure to light
- Fast dry

Color Offering

7-24504-03150-5
3150
Glowz®

Packed 6 units per case, net weight 6 oz. each.

KRYLON® CHALKBOARD PAINT

- Creates a tough, slate-like chalkboard surface
- Easy application
- Durable, long-lasting finish

Color Offering

QUART: 7-24504-05223-4
KDQ5223
Black

Packed 2 units per case, net weight 29 oz. each.

KRYLON® APPLIANCE TOUCH-UP TUBES

- Scratch & chip repair
- 2 applicators in 1—rollerball tip for precision, brush for versatility

UPC CODE #	ITEM #	DESCRIPTION
7-24504-07700-8	7700	White
7-24504-07702-2	7702	Almond
7-24504-07703-9	7703	Bisque

Packed 6 units per case, net weight 0.5 oz. each.

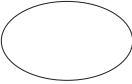

KRYLON® PROFESSIONAL STRIPING PAINT

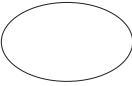

- Long-lasting durability on many surfaces
- Fast drying
- Non-clogging spray tip

Color Offering
