DRYER VENTING

Lambro manufactures a complete line of clothes dryer venting products designed to meet the clothes dryer manufacturers requirements. Our products are used by professional installers and do-it-yourselfers. Lambro's dryer venting categories consist of complete installation kits, flexible UL Listed laminated and aluminum semi-rigid transition ducts, accessories, vents, rigid pipes and elbows needed to complete the installation of your clothes dryer. Products listed are recommended to safely vent your clothes dryer. Please read and follow all manufacturers warnings and instructions supplied with your clothes dryer. Verify and comply with local building codes.

(#354R Packaging)

BATHROOM VENTING

Lambro manufactures a complete line of bathroom venting products to properly vent your bathroom fan. Products in this category can also be used in general air distribution in other areas of the home. Lambro's bathroom venting categories consist of complete installation kits, flexible laminated and aluminum semi-rigid ducts, accessories, vents, rigid pipes and elbows needed to complete the installation of your bathroom fan. Flexible UL Listed laminated and aluminum semi-rigid transition ducts and kits can also be used to vent bathroom fans. Please read and follow all manufacturers warnings and instructions supplied with your bathroom fan. Verify and comply with local building codes.

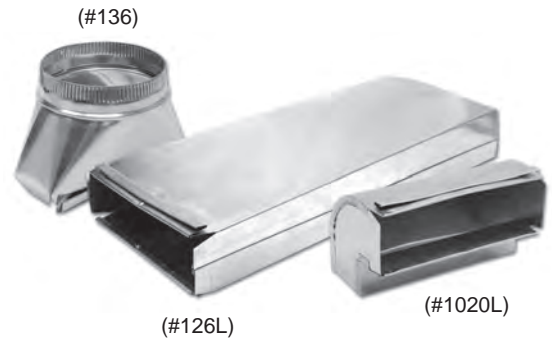

(#378 Packaging)

KITCHEN VENTING

Lambro manufactures a complete line of kitchen venting products to properly vent your range hood or downdraft. Lambro's kitchen venting categories consist of complete installation kits, accessories, vents, rigid ductwork, rigid pipes and elbows needed to complete the installation of your kitchen vent. The minimum size duct allowed on most range hoods is 3 1/4" by 10" which is equivalent to a 6" round. Please read and follow all manufacturers warnings and instructions supplied with your range hood or downdraft. Verify and comply with local building codes.

HVAC COMPONENTS

Lambro manufactures a complete line of HVAC venting products to properly vent your forced air heating and cooling systems. Lambro's HVAC venting categories consist of complete installation kits, accessories, vents, flexible UL and non UL Listed laminated and aluminum semi-rigid ducts, flexible UL Listed insulated ducts, rigid ductwork, rigid pipes and elbows needed to complete the installation of your HVAC venting requirements. Please read and follow all manufacturers warnings and instructions supplied with your product you are venting. Verify and comply with local building codes.

APPLIANCE ACCESSORIES

Lambro manufactures two sizes of washing machine trays fitting under standard or oversized washing machines. Our trays fit under front or top load and double stacked washing machines. The trays are non breakable and include a drain fitting. Verify and comply with all local building codes.

COLOR CODED PACKAGING

Lambro has color coded its entire line of retail packaging thereby enhancing the ease with which you can locate a specific product on a retail shelf.

STANDARD

ducts have greater installation flexibility

COMPLETE KITS

Safely vent your clothes dryer using our UL Listed laminated transition duct kit. UL Listed laminated transition ducts are flame resistant, and can be used in applications where semi-rigid and rigid duct will not work. If you are not sure what venting components to purchase to complete the installation of your clothes dryer, then you should purchase a complete kit. Our kits include all components needed to properly vent from the clothes dryer exhaust to the outside.

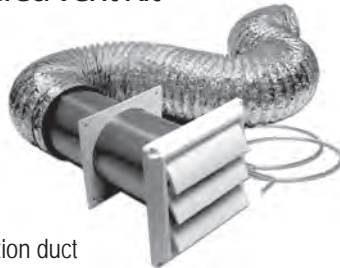

kits below can be used to vent 4" bathroom fans

Kits Include  LISTED Laminated Transition Duct

FLEXIBLE LAMINATED TRANSITION DUCT VENT KITS

1359W 4"x8' Louvered Vent Kit

(WHITE)
pack qty: 12
package: polybag

- INCLUDES:**
1 - louvered vent w/ tail pipe
1 - UL listed laminated transition duct
1 - trim plate
2 - tension clamps

- Louvers prevent outside elements from entering the vent

OTHER SIZES & COLORS AVAILABLE:

ITEM	KIT SIZE	COLOR	QTY	PACKAGE

PREFERRED

ducts withstand higher temperatures

COMPLETE KITS

We recommend using one of our UL Listed semi-rigid transition duct vent kits to safely and properly vent your clothes dryer. Our UL Listed semi-rigid transition ducts are made using a triple lock design which creates an air tight seam while providing strength and flexibility. UL Listed semi-rigid transition ducts can withstand a higher heat tolerance for today's larger size clothes dryers. Our kits include all the components needed to safely vent from the clothes dryer exhaust to the outside.

kits below can be used to vent 4" bathroom fans

Kits Include  LISTED Semi-Rigid Transition Duct

FLEXIBLE ALUMINUM SEMI-RIGID TRANSITION DUCT VENT KITS

FLEXIBLE ALUMINUM SEMI-RIGID DUCT VENT KITS

3000 4"x 8' Quick Connect Vent Kit

pack qty: 3
package: polybag

- INCLUDES:**
 2 - UL listed semi-rigid transition duct
 2 - aluminum adjustable elbows
 1 - clean-out connector
 1 - dryer exhaust extender
 4 - worm gear clamps

- Space saving quick connect kit
- Duct joins together with two-piece Easy-Clean connector
- Reduces clearance between dryer and wall

Kits Include  LISTED Semi-Rigid Transition Duct

4005 4"x 8' Quick Connect Vent Kit

pack qty: 4
package: polybag

- INCLUDES:**
 1 - UL listed semi-rigid transition duct
 1 - elbow A
 1 - dryer exhaust extender
 2 - worm gear clamps

- Space saving quick connect kit
- Rubber gasket secures elbow to dryer exhaust outlet

Kits Include  LISTED Semi-Rigid Transition Duct

4004 4"x 8' Quick Fit Vent Kit

pack qty: 4
package: retail box & display tray

- INCLUDES:**
 1 - elbow A
 1 - elbow B
 1 - wall outlet plate
 1 - flexible semi-rigid duct

- Rubber gasket secure elbow A to dryer exhaust outlet & elbow B to wall plate outlet

349L 4"x 8' All Metal Vent Kit

pack qty: 3
package: polybag

- INCLUDES:**
 1 - aluminum hood w/ tail pipe
 1 - flexible semi-rigid duct
 1 - trim plate
 2 - worm gear clamps

- Semi-rigid flexible duct will not collapse, sag or kink
- Preferred hood opening allows for maximum airflow from the dryer to the outside

kit can be used to vent 4" bathroom fans

FLEXIBLE LAMINATED DUCT VENT KITS

211LC 4"x5' Lint Trap Vent Kit

pack qty: 12

kit can be used to vent 4" bathroom fans

- Louvers prevent outside elements from entering the vent

DRYER VENTING SAFETY

The U.S. Fire Administration reports that approximately 15,600 clothes dryers catch fire every year, injuring 300 people and killing 15. Seventy percent of those fires are linked to blocked vents. A blocked exhaust vent can also allow deadly carbon monoxide to enter your home.

- Clean the lint trap before and after drying each load of clothes.
- Don't forget to clean the back of the dryer where lint can be trapped.
- The interior of the dryer and venting system should be cleaned periodically by qualified service personnel. If you notice the drying time is longer, clean the vent system thoroughly to ensure proper airflow.
- Do not dry clothing/fabric on which there is anything flammable (alcohol, cooking oils, gasoline, spot removers, dry-cleaning solvents, etc.). Flammable substances give off vapors that could ignite or explode.
- Please read and follow all manufacturers warnings and instructions supplied with your clothes dryer.
- Verify and comply with local building codes.

(#3006 Packaging)

ACCESSORIES

Lambro manufactures many different clothes dryer venting accessories. If you have minimal space between the back of the clothes dryer and wall then we have your solution. Try our Tite-Fit or Dryer Wall Box products which allow for tight space clothes dryer installations such as laundry closets. Our high quality galvanized worm gear clamps get the job done without binding when tightening. Other accessories include smooth interior surface dryer elbows, heat saving inline dampers and a inline damper to prevent hot or cold air from entering the duct.

TITE-FIT DRYER VENTING SOLUTIONS

3006 4" 90 Degree Aluminum Dryer Duct

(EXTENDS 24" TO 41")

pack qty: 1
package: retail box

INCLUDES:
1 - 90 degree dryer duct

- Solves tight space venting problems
- Rectangular duct is 2" x 6"
- As close as 3" between wall and dryer

OTHER SIZES AVAILABLE:

ITEM	LENGTH	QTY	PACKAGE
3005	18" to 30"	1	retail box

TITE-FIT EXTENSION:

ITEM	LENGTH	QTY	PACKAGE
3007	18"	5	bulk pack

3008 4" Straight Aluminum Dryer Duct

(EXTENDS 24" TO 41")

pack qty: 1
package: retail box

INCLUDES:
1 - straight dryer duct

- 90 degree to straight
- Rectangular duct is 2" x 6"
- Solves tight space venting problems
- As close as 3" between wall and dryer

TITE-FIT EXTENSION:

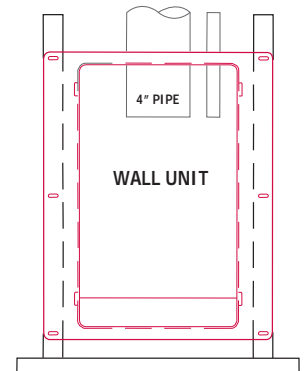

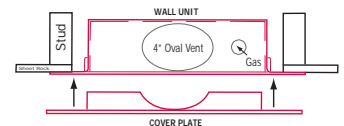

ITEM	LENGTH	QTY	PACKAGE
3007	18"	5	bulk pack

1790 12"x 20" Dryer Wall Box

pack qty: 4
package: retail label & display tray

INCLUDES:
1 - wall unit
1 - wall trim plate

- Prevents duct from being crushed
- Flame resistant material
- Fits between studs
- Space saver

Note: Use our #229 4" Aluminum Snap-Lock Pipe to Pass-Through Box

CLAMPS FOR FLEXIBLE, SEMI-RIGID & RIGID DUCTS

2841 4" Galvanized Worm Gear Clamps

pack qty: 24
package: polybag & display tray

INCLUDES:
2 - worm gear clamps
per polybag

- For use with rigid, semi-rigid and flexible duct

OTHER SIZES AVAILABLE:

ITEM	SIZE	QTY	PACKAGE
283	3"	50	bulk pack

382	7"	12	bulk pack

2541L 4" Galvanized Tension Clamps

pack qty: 50
package: polybag & display tray

INCLUDES:
2 - tension clamps
per polybag

- For use with flexible duct

OTHER PACKAGING AVAILABLE:

ITEM	QTY	PACKAGE
254	50	bulk pack
2540	500	bulk pack

FLEXIBLE DUCT ACCESSORIES

1775L 4" Draft Blocker Kit

pack qty: 10
package: retail box
& display tray

INCLUDES:
1 - draft blocker
2 - adjustable nylon clamps

- Stops outside cold air from entering the dryer vent

1700 4" Heat Economizer Heating Kit

pack qty: 12
package: retail box

INCLUDES:
1 - heat economizer w/ mounting bracket
1 - handle w/ screw
1 - nylon filter
2 - adjustable nylon clamps

- Turns your electric dryer into an extra heat source

Note: For use with electric dryers only

3003L 4" Quick Fit Elbow Kit

pack qty: 6
package: retail box
& display tray

INCLUDES:
1 - elbow A
1 - worm gear clamp

- No clamp needed, rubber gasket secures elbow to dryer exhaust outlet
- Smooth interior surface

ducts used to properly vent clothes dryers

LISTED TRANSITION DUCTS

Clothes dryer transition ducts are used to connect the clothes dryer to the exhaust vent. The duct is limited to single lengths not to exceed 8 feet and are labeled for this application. Transition ducts should not be concealed within construction. Transition ducts are currently listed to comply with UL 2158A.

ducts below can be used to vent 4" bathroom fans

ducts withstand higher temperatures

COMPLETE KITS

Vent your bathroom fan using our aluminum semi-rigid duct installation kits. Aluminum semi-rigid ducts are flame resistant, and can withstand higher heat tolerance than laminated ducts. Semi-rigid ducts are more durable while still offering flexibility. Our kits include all components needed to properly vent from the bathroom fan exhaust to the outside. Kits can also be used for general air distribution.

kits below can be used to vent 4" clothes dryers

FLEXIBLE ALUMINUM SEMI-RIGID DUCT VENT KITS

313W 4" x 8' Louvered Vent Kit

(WHITE)

pack qty: 1
package: single pack

INCLUDES:

- 1 - louvered vent w/ tail pipe
- 1 - aluminum semi-rigid duct
- 1 - trim plate
- 2 - worm gear clamps

- Louvers prevent outside elements from entering the vent

OTHER SIZES & COLORS AVAILABLE:

ITEM	KIT SIZE	COLOR	QTY	PACKAGE
312B	4" x 5'	brown	1	single pack
312W	4" x 5'	white	1	single pack
313B	4" x 8'	brown	1	single pack

316W 4" x 8' Preferred Hood Kit

(WHITE)

pack qty: 1
package: single pack

INCLUDES:

- 1 - preferred hood w/ tail pipe
- 1 - aluminum semi-rigid duct
- 1 - trim plate
- 2 - worm gear clamps

- Preferred hood opening allows for maximum airflow from the dryer while a removable screen keeps outside elements from entering the vent

FLEXIBLE DUCTS

Lambro manufactures a variety of flexible laminated and aluminum semi-rigid ducts in many different diameters and lengths. Laminated ducts are available in UL Listed and non UL Listed depending on the application and building code requirements. Aluminum semi-rigid ducts can withstand a higher heat tolerance than laminated.

VENTING KITS

Lambro manufactures a complete wall and roof venting kit to properly vent a range hood or downdraft. Our kits include all components needed to vent from the appliance exhaust to the outside. Kits contain rigid ductwork which can safely be used in a high heat tolerance installation.

RANGE HOOD VENT KITS

377 Wall Vent Kit

pack qty: 1
package: retail box

- Can be used to vent over-the-range microwaves
- Kit connects to 7" round or 3 1/4" x 10" exhaust outlets

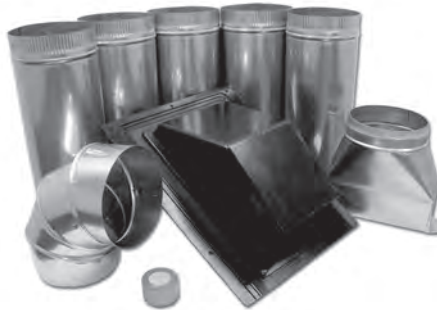

INCLUDES:

- 1 - 7" plastic louvered wall vent
- 1 - 7" galvanized pipe - 12" length
- 1 - 7" galvanized adjustable elbow
- 1 - 3 1/4" x 10" galvanized transition
- 1 - roll of duct tape

378 Roof Vent Kit

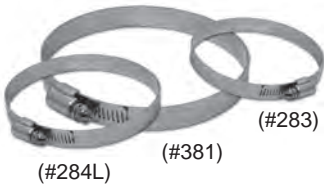

pack qty: 1
package: retail box

- Can be used to vent over-the-range microwaves
- Kit connects to 7" round or 3 1/4" x 10" exhaust outlets

INCLUDES:

- 1 - 7" plastic roof vent
- 5 - 7" galvanized pipe - 17 1/2" length
- 1 - 7" galvanized adjustable elbow
- 1 - 3 1/4" x 10" galvanized transition
- 1 - roll of duct tape

FLEXIBLE DUCTS

Lambro manufactures a variety of flexible laminated, aluminum semi-rigid and vinyl ducts in many different diameters and lengths. Laminated ducts are available in UL Listed and non UL Listed depending on the application and building code requirements. Aluminum semi-rigid ducts can withstand a higher heat tolerance than laminated. Vinyl should never be used in an application associated with heat.

VENTS

Lambro manufactures a line of wall and roof vents available in aluminum or plastic material. Wall vent styles range from louvered or fixed air intake for a low profile look to a preferred hood which allows for maximum airflow. Our roof vents allow for an alternative venting solution when a wall vent will not work. We carry vents for all types of venting installation needs.

WALL VENTS

PREPAID SHIPPING

Prepaid shipping for orders exceeding \$750.00 within the Continental United States, excluding Florida and Texas which are \$1,000.00 prepaid.

SHIPPING LEAD TIME

Orders received before 4:00 PM EST will be shipped within 5 - 7 business days.

TERMS & CONDITIONS

TERMS

Standard open account is Net 30 days from the date of invoice. All past due amounts are subject to a finance charge of 1.5% per month or 18.0% per annum on any past due balance. Any disputed balances should be brought to the attention of Lambro Industries, Inc. within 30 days from invoice date. If an invoice is held in question, the balance not in question shall be paid in accordance with the aforementioned terms. New accounts are subject to approval by our credit department.

SHIPPING & FREIGHT POLICY

Prepaid shipping for orders exceeding \$750.00 within the Continental United States, excluding Florida and Texas which are \$1,000.00 prepaid.

ORDERED QUANTITIES

Ordered quantities must coincide with product packaging configurations as detailed in Lambro's catalog and price insert sheet information. NO PARTIAL CARTON ORDERS - only full carton quantities per product.

RETURN POLICY

No product returns will be accepted without an assigned Return Authorization Number. Return authorizations can be requested through Lambro's Customer Service Department at (800) 645-2860.

ADDITIONAL RETURN CRITERIA

Returns are to be shipped freight prepaid, full cartons only, and packaged securely to prevent product damage in transit. Returned product must be less than 6 months old from invoice date. A 20% restocking fee associated with returned items.

DISCREPANCIES

For damaged goods claims or reporting quantity discrepancies - incoming shipments must be inspected at the time of delivery, and properly noted on the delivery bill of lading. Please notify Lambro's Customer Service Department at (800) 645-2860 within 5 business days of receipt if there is a discrepancy.
