Engineering controls:

Use local ventilation if general ventilation is insufficient to maintain vapor concentration below established exposure limits.

Respiratory protection:

Respirator must be worn if exposed to dust. Use NIOSH approved respirator if there is potential to exceed exposure limit(s). When sanding or abrading the dried film, wear a dust/mist respirator approved by NIOSH for dust which may be generated from this product, underlying paint, or the abrasive.

Eye/face protection:

Safety goggles or safety glasses with side shields.

Skin protection:

Suitable protective clothing
